Expert eye examination is
absolutely necessary to de-
termine the proper kind of glasses
to use. Selecting them by any
other method may result in per-
manent injury to your sight.
When Drs. Lowe and Turner, the
well known eye specialists of Port-
land, prescribe glasses, it is with
positive and absolute certainty
that they are the best and the only
kind suited to your eyes. If you
do not need glasses, they will most
positively not recommend them.
They will be at the Falls City
Hotel Wed. Feb. 17th, one day
only. Consult them* at Hotel.
They do not go from house to
house. Their glasses are guaran-
teed to give entire satisfaction
whether they cost two dollars or
more. One charge covers entire
cost of examination, frames and
lenses. They also successfully
straighten cross eyes in children.

Dies of Pneumonia

Crable was taken ill on the 30th
of January.

The deceased was a native of
Harsens Island, St. Clair County,
Michigan, being born Sept. 23d,
1836. When a young man he was
a pilot and a captain on the Great
Lakes for many years. He lived
in Michigan until 1887 and came
to Oregon in 1889, residing in
several different parts of the
state, coming to Falls City, Oct.
6, 1914.

Mr. Crable was married to
Mary Jane Jaspersen in Adrain,
Mich., in 1870, who survives him.
He also leaves a son, Worthy J.
Crable of San Francisco, Cal., a
daughter, Mrs. Marion H. Ben-
nett and a grand daughter, Miss

ber of the First Baptist church of

MEN'S TOGS
SPRING and SUMMER
1915
FASHIONS

STYLES in men's clothes for Spring and Summer will
be more strictly American than ever before. In
fact, it might as well be stated now as later that
America practically has become the style creator of
the world, so far as fashions for men are concerned. Amer-
ican designers are well in the forefront as originators of
clever, natty and comfortable clothes ideas, and it need no
longer be said that we are dependent upon the fashion de-
signers of other nations.

For those who wish to be dressed to the minute, **Sack Coats**
for Spring will be cut formfitting and from 30½ to 31 inches
long for the man of average height. Coat fronts will be soft
and collars wide, with large soft-rolling lapels. Shoulders
will be body-width, with little or no padding, and sleeves
will be small.

Outing garments will not be lined with either haircloth,
canvas or full body lining unless the customer wishes them
finished in this manner.

Norfolk styles will continue popular as the correct thing for
outing, vacation and negligee wear. Our numbers 122 and
123 are the very last word in styles of this character.

Waistcoats will be cut five to six buttons high, and the no
collar style will be the preferred model. Particular dressers
find it desirable to have a fancy waistcoat with every suit,
especially with a cutaway frock or Prince Albert coat.

Trousers will be straight cut, with all evidence of the old
peg top flare eliminated, and cuffs will not be correct on any
but outing styles. Tunnel belt loops are passe, the narrow
3-8 inch loop being the size now favored by the best dressers.
Two pair of trousers should be considered a part of every
suit order, as such an arrangement prolongs the service
value of the suit by affording a change every few days, thus
insuring economy of purse as well as neatness of personal
appearance.

Fabrics

In the more than 2500 patterns composing our Spring and
Summer Woolens will be found rich browns and tans, black
and white and blue and white effects, and many tones of
grey such as gun mental, steel, oxford and pearl shades in
designs of Tartan checks, Glenurquhart plaids, pin checks,
gun club checks, shepherd checks, and pencil, needle and
Roman stripes and basket weaves.

There will not be found a handsomer or more exclusive as-
sortment of woolens anywhere, yet the prices asked for
them, tailored into perfect fitting clothes, are reasonable in
the extreme.

Clothier and Tailor.
