Should Have Taken His Medicine

Evidently they have a bright set of clerks at Hubbard. According to the Enterprise, a "tourist" picked up a check that had gone through the bank and was stamped ("Paid") and passed it off on a grocery clerk in payment of \$1.25 in groceries. The mistake was discovered later and the fellow arrested and taken before the Judge and made to disgorge. It appears that if anyone could work such a bald game as that on us, we would be game enough to stand the loss and charge it up to "education."

The property consists of eight acres, three bearing prunes; house three rooms down stairs, upstairs not finished; barn, wood shed and henhouse. This is an excellent opportunity for someone with a little money to invest in a paying prune orchard. It will be on the market only a short time and if you get it you will have to hurry. Council Meeting

The city council met Tuesday night and transacted the usual routine of business. A drain was ordered put in on Dayton street and a crosswalk on Second street. The Mayor made a very timely talk on economy; that it was about time to call a halt in the reckless expenditure of money.

A motion was made that the Auditor make a diligent search and see if he could locate the money due the city for the sale of street improvement bonds. It appears that the late Auditor issued some warrants on the general fund for street improvement and all of the money in the general fund was gobbled up for street improvement that should have been held to pay warrants legally drawn on the general fund. Just what induced the Auditor to do this is not written. We are informed that the law is specific in regards to misapplication of funds.

One of the committee appointed to investigate the curb on Third street reported that the work was all right. The council voted to accept his report.
