Parent-Teachers Association

The Parent-Teachers Association held an interesting meeting at the school house Tuesday night. The house was well filled at an early hour showing the interest the people are taking in their school.

The first on the program was a piano solo by Miss Helen Treat of the 12th grade and was rendered in a very pleasing manner being warmly applauded by the audience.

A reading by Mrs. R. Paul, "The Indian's Revenge."

Prof. J. B. Horner, of the Oregon Agricultural College of Corvallis gave a lecture. He started out on the things necessary for good public schools and the advantages that can be attained through the co-operation of parents and teachers. He spoke highly of the management of our school, diligence of the teachers and the progress the students are making.

After the address to the school he gave stereoptican views and a lecture of his travels in Egypt. The first was of the missionary work done there; some of the missionaries he met were from this State. He gave an interesting account of the people, their mode of living and the reformation wrought through the work of missions.

The succeeding views were those of the Pyramids and Sphinx of Egypt. The description he gave of these world-famed works of the Ancients was intensely interesting and will add much to the storehouse of knowledge of the grown-ups as well as the student.

A special meeting of Falls City circle was held at the home of Neighbor Singleton on Wednesday afternoon of this week, and plans were formulated whereby it is expected that good results will be accomplished.
