**Council Meeting**

The council met Tuesday night in regular session with Mayor Griffin, Auditor McPherrin, Councilmen Wonderly, Brown, Gottfried, Hopkins, Titus, Singleton and Bradley present.

After going through the preliminaries the auditor informed the council that he had a letter from Irving Mathews that he desired to read. The members made themselves as comfortable as possible and some appeared to be inclined to doze. The auditor had read but a few lines when they began to prick up their ears and listen. The more he read the more interest manifested. It certainly was a prize essay. Evidently Mr. Mathews was groomed either for a fight or a footrace.

The committee on electric light franchise had a misunderstanding in regard to presenting their report to the council and it was not made.

The street committee reported that Dayton street bridge had been repaired and was ready for travel.

The marshal and the water committee were instructed to conserve the water supply and see that no misuse was made of it.

Being no further business the council adjourned.

Editor Falls City News:

Gentlemen:  
I see items from different parts of the country but nothing from the Coast so I will send you a few lines in regard to this part of the country. We had no snow this winter and no frost since January. Have been using young potatoes since April 15th and ripe strawberries since May 1st. Gooseberries for the last ten days, cherries halfgrown, apples and pears looking fine. Grass is fine and the Factory is working about 6000 pounds of milk daily. We think we have the best country in Oregon.  
Sincerely yours,  
Z. Hinshaw.
