

RELIGIO-SCIENTIFIC SKETCHES ON HUMAN PROGRESS

MOTHER EVE CREATED

As the Creation of Adam was at the close of the Sixth Day, the Creation of Mother Eve is indicated as having been accomplished in the beginning of the Seventh Day. However we view the matter, the first pair were created approximately in the beginning of the Seventh Day or Epoch, which is now nearly completed. Mother Eve was merely a portion of Adam separated from him for a special purpose—for the propagation of a race. Adam possessed originally in his own person the qualities masculine and feminine which subsequently were divided between him and his wife, when she was taken from his side.—Genesis 2:21-23; 1 Corinthians 11:8.

Adam for a time was alone in Eden, finding no congenial companionship in the beasts and the birds. Mother Eve was his mate, bone of his bone and flesh of his flesh. Their very difference of quality and disposition made them the more companionable to each other, because each found in the other the desired complement. They twain were one; neither one was complete without the other. The feminine qualities of Adam's perfection he still possessed—in Mother Eve.

Adam was the father of the race and failed to give it life. Jesus is to become its second father, the Second Adam, through whom everlasting life may be attained.—1 Corinthians 15:21.

Eve was associated with Adam in the sin and disobedience which brought the penalty. So the Elect Church, the Bride of Christ, when completed, glorified, will be His Joint-Heir in His Kingdom, and His associate in the "regeneration" of the world during His Messianic Reign.—Romans 8:17; Matthew 19:28.

Another suggestion has been offered: Jesus declared that those who attain to that resurrection will neither marry nor be given in marriage. As Adam originally possessed all the qualities of character, masculine and feminine, so humanity, when fully restored to the image and likeness of God, will re-attain perfection of individuality. Sex divisions will then be no more. Earth will be filled with sufficient population.—Luke 20:35, 36.

NO MORE WAR MATERIALS.

Would-Be President Nelson Announces His Intentions.

Exportation of war materials to the warring nations of Europe will be prevented, if N. F. Nelson of Brownsville, announced candidate for president of the United States, wins out in the presidential election next year. Keeping strictly up to date in his campaign to succeed President Wilson, Mr. Nelson has given forth his views on the latest great question of national public policy. He is in accord with President Wilson, however, in his peace policy.

"When in the course of human events," reads a statement which Mr. Nelson has given out, "it becomes necessary to declare that which is best for the welfare of humanity, be it known that, as a candidate for the presidency of the United States in 1916, I believe it to be my duty as such to announce my firm determination to forbid exporting all war material to countries engaged in deadly conflict, this policy to remain in force from and after having passed both houses of congress.

"Furthermore," says Mr. Nelson who feels he can couch public messages in the language in which presidential messages are writ, "I approve of President Wilson's efforts in tendering the good offices of the United States in bringing about an honorable peace. We, as a nation, are not governed by dollars and cents, but by principle—love to God and good will toward

men."—Dallas Observer.

It is just possible that Mr. Nelson is the Moses that will lead the people of the United States out of the Wilderness. Some of the ablest men have come from the "common herd" rather than from those "reared in the lap of luxury." It frequently happens that the man educated for a preacher, a doctor or a lawyer proves to be a dismal failure while the youth struggling on the farm or in the shop, devoting his spare moments to study rises above all difficulties and outstrips his more favored fellows. This is a big nation and needs a great big man to guide it, keeping clear of all entanglements with other nations yet with firmness enough to protect all citizens, where protection is deserved, be they common laborers or "John D's."

Comes to Grief

Dallas Observer
The Observer on Friday paid the penalty for stealing "news" from its esteemed contemporary across the way by having the wrath of the parties misrepresented fall heavily upon its bald pate. In giving the filing of an action for divorce in the circuit court here by one Mrs. Bennett it was stated that the defendant is the publisher of the News at Sandy, Chas. Bennett, a former resident of Dallas. This proved to be erroneous, Mrs. Bennett herself making this fact known to The Observer. Mrs. Zlypha E. Bennett, wife of the publisher of the Sandy News, is in the city visiting, and Mr. Bennett will follow within a few days.

BUILT TOWN FOR WHEAT.

Kansas Wanted a Market and Breton Became It.

Colby, Kan.—Because he raised 150,000 bushels of wheat in 1914 and needed a place to market it without a long haul Ben Foster, a large landowner, built a town of his own. He erected an elevator, lumber yard, coal yard and store; also residences for his employees.

He named the town Breton, and now it is getting away from his first idea. Other people are moving there, and Foster is in a good way to become the proprietor of a thriving country town. He refuses to sell the lots, but rents them on long leases.

committees when congress is in session and of course congress will be called to meet if developments make this necessary.

Both Senator Stone and Congressman Flood have been in Washington a great part of the time since President Wilson addressed his drastic note to Germany and are in close touch with all developments.

"SPITE UMBRELLA" DID IT.

Landlady Kept It and Had to Pay \$102.

Anthony, Kan.—The famous Harper county umbrella, which has been in litigation for several months, became the undisputed property of Mrs. Mary Schoeneman of Harper a few days ago when a jury in the district court assessed her \$2 for the property rights attached thereto, together with the costs in the case, which have mounted to \$100.

Mrs. Schoeneman is the landlady at a rooming house in Harper. Mrs. Lillie Smith, with her daughter and two grandchildren, contracted for a room with the Schoenemans. Mrs. Smith says the contract price for the bed for four was 50 cents. Mrs. Schoeneman says it was 75 cents.

HONEYMOONERS WALK ACROSS THE COUNTRY

Took Pair Two Years to Make the Long Trips.

Harrisburg, Pa.—Journeys across the continent twice on foot within a period of two years marked the unique honeymoon trip taken by Mr. and Mrs. John Broxman, who live near here. In the twenty-four months that they have been away the young married couple have traversed the parched sands of the semitropical countries of the south, the fertile valleys of the middle west and the rugged mountain paths of the far western states. They are happy and have returned to their home without reporting a mishap.

In making their long journey on foot Mr. and Mrs. Broxman have won both fame and fortune, for not only were they cordially welcomed in all the towns and cities through which they passed, but as the result of their long hike they have been presented with a large sum of money by a brother-in-law of Mrs. Broxman in California, and henceforth they will make their home on a farm which has been purchased by the bridegroom near Harrisburg.

Mr. and Mrs. Broxman were married two years ago and had planned to spend their honeymoon quietly in the east. But Mrs. Broxman's brother-in-law in Santa Anna, Cal. told them that he would present them with a substantial sum of money if they would take as their honeymoon trip a "stroll" from Harrisburg to California and back again. They decided to try to win the prize held out to them, so immediately after the wedding ceremony was performed they started on their long hike.

Pet Collie a Hero.

Wallace, Ida.—Were dogs entitled to receive medals a six-month-old Scotch collie owned by Horace Langdon would be entitled to recommendation for such honor. The cabin occupied by Langdon and Charles Bare was destroyed by fire. Langdon was roused by the dog frantically clawing and scratching his neck and shoulders. He hastily broke a window and grasping the dog, jumped outside and awakened Bare, who slept in an adjoining room.

STOWAWAY ALMOST DEAD.

Seattle Man Hadn't Food or Water For Eight Days.

Seward, Alaska.—Leland F. Farmer, a young draftsman who stowed away on the steamer Admiral Evans of the Pacific Alaska Navigation company at Seattle, was found in the lower hold. He had been eight days without food or water, but will recover. When discovered he was wedged head downward between two bales of hay.

Farmer had heard that there are excellent opportunities for draftsmen at Ship Creek, Cook Inlet, where the government is assembling men and material for building the federal railroad in Alaska.

Cork Leg No Help to Him.

Cleveland, O.—Owen Kelley's cork leg instead of acting as a life preserver a few days ago when he fell into the lake from the pier at the foot of East Ninth street came very near being a life destroyer. Struggle as he would he could not raise his head to a level with his leg, which floated buoyantly. Commander Kelly of the Ohio naval militia steamer Dorothea was coming ashore and dragged the drowning man out.

FALLS CITY PEOPLE HELPED

Falls City people have discovered that ONE SPOONFUL of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, relieves sour stomach, gas and constipation AT ONCE. This remedy is well known as the appendicitis preventative. M. L. Thompson, druggist.

Mrs. Smith would pay only 50 cents when she left, and it was accepted. She forgot her umbrella. Mrs. Schoeneman held it for the twenty-five cent balance.

Mrs. Smith sued. The justice court gave her a verdict for \$3.50 and \$7 attorney fees. Mrs. Schoeneman appealed to a jury, and it found again for Mrs. Smith, and Mrs. Schoeneman paid the costs and quit.
