

LIBERTY BELL

Historic Bell Will Pass Through Oregon Next Month

The Southern Pacific Company has handled many shipments of extraordinary value since the last spike was driven in its transcontinental line in 1869, but not quite so valuable as the Liberty Bell, which it will bring into California and to the Panama-Pacific International Exposition at San Francisco next month. Consequently the most elaborate precautions are being taken to insure the safe transportation of the priceless relic.

The bell will be handled on a special train. It will be under guard every moment from the time it leaves Philadelphia until it is returned there. It will be carried on a special gondola freight car, equipped with all the safety appliances necessary to enable it to be moved in a passenger train. The gondola will occupy the same position as an observation car, at the rear of the train, that the residents of the cities and towns through which it passes may view the bell. There are six other cars—sleepers, diner, etc.—these to be occupied by the exposition dignitaries, Philadelphia officials and others making up the escort committee of sixty or seventy persons.

The bell will leave Philadelphia on July 7. Safety of transportation and the population of the county traversed by the railroads determined the routing. It will pass through Chicago and Kansas City, and thence be transported to Omaha, where it will be taken in charge by the Union Pacific. The latter road will carry it through Denver and Salt Lake City to Ogden, where the Oregon Short Line will assume charge and take it to Boise. From Boise, it will go to Portland; and after being on exhibition there six hours, the Southern Pacific becomes its guardian. This will be on July 15. On that day, the Southern Pacific will begin its transportation to San Francisco via the Shasta Route, the residents along which will be given an opportunity to view the historical reminder of the War of Independence. The bell will leave Portland at noon, July 15. It will reach Salem, Ore., at 2 P. M. of the same day, be on exhibition until 2:30, and will then be moved to Eugene, Ore., arriving at 5 p. m. The People of Eugene will have 15 minutes in which to view it. Arriving at Roseburg, it will be on display the same length of time, arriving there at 8:15 p. m.

On Friday, July 16, the bell will be in California. It will reach Marysville at 12:15 and be on exhibition fifteen minutes. At 2 p. m. it will be in Sacramento, where it will remain one hour and then be moved to Oakland and San Francisco. July 17 will be Liberty Bell Day at the Exposition and people from every corner of the State are expected to visit the fair on that day.

The itinerary for the return trip has not been decided upon.

Parties sending in news items should sign their names to the letter, not to be published, but that we may know the source of such items. Sometimes embarrassing errors creep in subjecting the editor to criticism and it is necessary that he know the source of all news items, however insignificant they may appear to be. The average person fails to realize that the greater part of a newspaper is made up of "heresays" as it would be impossible for the editor to know, personally, the items he publishes. Be accurate in giving in your items and do not neglect to send them in. To insure publication in the current week's issue items must be in by 12 o'clock, noon, Friday's of each week.

ITALY AND AUSTRIA RENEW OLD STRUGGLE

Adriatic Sea Has Always Been Cause of Great Wars.

Washington.—"Once more the people upon the opposite shores of the Adriatic sea are in a duel with one another for the mastery of the Mediterranean, just as neighbors across this arm of the land locked sea have always clashed, for upon the Adriatic south European supremacy has been contested since the days when Rome fell heir to the sea power of Athens and Carthage. Over this waterway Rome met the pirates of Istria and Dalmatia, aggressive Teutonic tribes and pressing hordes of Slavs, over it the empire of the east sent its expeditions to attack the empire of the west, and Austria a generation ago waged war with a disintegrated Italy over Adriatic paths and for the suzerainty of the sea."

After giving the above brief review of this historic theater for the transport of invading armies and the actions of battle fleets, youngest of the war theaters in the present European struggle, around whose shores the interest of south European battles will center through the months to come, a bulletin issued by the National Geographic society continues in a presentation of the geographic details of the Adriatic sea:

"The Adriatic sea is 500 miles long and about 130 miles wide in its greatest width. Its average width is 110 miles.

"The Austrian, or eastern, coast is broken, strewn with fine harbors and lined with numerous rocky islands, which belong to Istria and Dalmatia. This eastern coast is of great naval and commercial value, well formed for the upbuilding of great, thriving trade ports and by reason of its almost continuously mountainous shores, its deep gulfs and bays and its screening fringe of rocky islands advantageously defended. The western, or Italian, coast, on the other hand, is low, sandy and almost unbroken. It lacks good harbors and offers few natural advantages for defense.

"The commercial importance of the Adriatic sea throughout the dark ages and the middle ages was great. This importance was somewhat impaired by the opening of the all sea route to India and by the determined growths of the Dutch and English merchant marines. With the opening of the Suez canal and the commercial and industrial awakening of Italy and Austria-Hungary, the Adriatic regained much of its old time significance. The most important commercial points are Trieste, Venice, Fiume, Ancona and Brindisi. Venice and Trieste, at the head of the Adriatic, are the two foremost cities."

11 IN EVERY 100 WORKLESS.

Another 16.8 Per Cent of Wage Earners on Part Time.

Washington.—More than eleven wage earners in every hundred were out of employment, and about sixteen of the remainder were working only part time in March and the early part of April in fifteen of the important cities of the country.

Returns of a canvass of 399,881 families, including 644,358 wage earners, showed 73,800, or 11.5 per cent, wholly unemployed and 106,652, or 16.8 per cent, without full time employment.

GERMANS HAVING BULLY TIME

Nothing to Do but Enjoy Life, and Norfolkers Are Helping Them.

Norfolk, Va.—The crews of the German auxiliary cruisers Eitel Friedrich and Kronprinz Wilhelm, interned at this port, are enjoying life to its fullest. Besides numerous entertainments accorded to officers and crews, the men are living a life of luxurious idleness. Their chief vocation at this time is pleasure—pleasure day and night.

They spend most of their time in Norfolk in the early hours of the day. In the afternoon they go to Virginia Beach, Ocean View and other nearby resorts. They smoke good cigars, eat the best and appear to have plenty of money. Barring a few cases of beriberi on the Kronprinz, they are a healthy lot.

The men have been taken into the homes of a number of citizens and entertained, and special services have been held for them in Protestant churches. They are made to feel at home.

They appear on the streets in white uniforms with blue stripes and white hats. They are as neat as new pins, and their conduct is perfect. They roam the streets arm in arm with American bluejackets and visit the best theaters and other public resorts.

They are beginning to love the great American game. Several hundred of them attended a baseball game in Portsmouth and rose up and cheered

a player who drove the ball over the fence for a home run. Whether they understood the game or just followed the Americans who stood up and cheered, no one but themselves knew. But there is a movement on foot to organize two baseball teams out of the crews—one on the Eitel and another on the Kronprinz—and some of the men are practicing daily. They have spent over \$200 for equipment. A little short chap whom the American sailors call "Buelow" drove a ball over the sea wall in a practice game.

THE WORD HELL.

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is not a place of eternal torment, but merely another name for the Tomb, the Grave, the State of Death. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was redeemed from the Grave at the cost of his Redeemer's Life and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

and 27 per cent of the children were rescued. Mr. Smith declared after submitting these figures, that they did not give a fair idea, as the women and children were unable to stand exposure, while the sailors and passengers who were able to swim were of more hardy physique.

The outstanding questions, Mr. Smith said, were the responsibility of the ship's master and the company's action in restricting the number of boilers in use.—Oregonian.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK ANDERSON,
Comfrey, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

Dr. Miles' Nervine

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.

RELIGIO-SCIENTIFIC SKETCHES ON HUMAN PROGRESS

"YE SHALL NOT
SURELY DIE."

SATAN'S MONUMENTAL LIE

EXPULSION FROM EDEN

The Word of God must stand, whether it be the word promising Eternal Life or the sentence of Death. There is no variability with Him, neither shadow of turning. The curse, the Death Sentence, foretold by the Lord, was executed, but not instantly Adam was not stricken lifeless with a thunderbolt. From the very beginning God foreknew all, and had planned the redemption of Adam, Eve and their children. To this end Jesus came and "died, the Just for the unjust." As a result ultimately the curse of death will be removed. "There shall be no more curse"—no more dying, sighing, or crying, nor any more pain.—Revelation 22:3; 21:4, 5

All of us were told, and many of us believed fully, that the penalty of Father Adam's disobedience was eternal torture, in which all of his posterity must share, except a few—the saintly, the Elect. Told that this was the teaching of the Bible, we accepted without proof.—1 Thessalonians 5:21.

Now Christian people examine their Bibles more carefully. They find that the curse, or penalty for sin, is a totally different one. "The wages of sin is death." (Romans 6:23.) "The soul that sinneth it shall die." This penalty of death has rested against Adam and his family for six thousand years. It has brought sorrow, sighing, pain and trouble; it has blighted our lives mentally, morally and physically.—Romans 5:12.

It is this curse of death that was pronounced against Father Adam, according to the Genesis account, and also according to the New Testament. "Accursed is the earth for thy sake; thorns and thistles shall it bring forth unto thee. In the sweat of thy face shalt thou eat bread until thou return unto the ground from whence thou wast taken, for dust thou art and unto dust shalt thou return." It is from this curse that Jesus redeemed us by dying, the Just for the unjust. It is from this death-curse that Messiah rescues all by a resurrection from the dead. "By man came death, by man also the resurrection of the dead."—1 Corinthians 15:21.
