

## Peril of American Finance

(Continued from page 1)

land "Come over and help us" grows louder and louder; and this reason. For we observe there a coalition of ministry already discordant and discredited; military and naval commanders discharged from service or sulking in their tents after land and sea campaigns from Flanders to the Dardanelles which have made them the laughing stock of the world; a middle class groaning under taxation, yet unwilling to curb either their pleasures or their profits, and a laboring class being driven from shop to shambles, alternately the slaves of their masters and their vices. But there is still America. Her resources of gold industry, and credit are strong. If only in these last days the English camel can get his head under the American tent. Uncle Sam has proved gullible in the past. Witness the pliant repeal of the Panama Tolls Bill at a double and simultaneous hint from Downing Street and Tokio. Cannot President Wilson and his new Secretary be induced to forget the rulings of the Treasury last year against the offering of large foreign loans in the United States? Bank loans can be so manipulated by those interested so as to make it appear that even if the Allies borrow half a billion of American money, every dollar of it, plus the profits, remains in the country. What is the answer? The answer is, "Pay us in gold and not in promises, or our own borrowed money,—the money of the people—which can be turned to better and safer account at home.

If the war lasts another year, and we can keep out of it, any citizen of the United States with one American dollar should be able to buy eight English shillings and have an odd six pence over. But if we begin to exchange our gold, sound securities and rich cargoes for the rotten paper of the Allies even with Great Britain's endorsement, Americans will deservedly be called, for they will become, "the fools of the world."

### FOR FALLS CITY PEOPLE

Simple buchu bark, glycerine, etc., as mixed in Alder-i-ka, the appendicitis preventative, drains so much foul matter from the body that ONESPOONFUL relieves sour stomach, gas and constipation AT ONCE. The QUICK action is astonishing. M. L. Thompson, druggist.

### THE WORD HELL.

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is not a place of eternal torment, but merely another name for the Tomb, the Grave, the State of Death. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was redeemed from the Grave at the cost of his Redeemer's Life and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

### CAPTURE STOWAWAY.

Japanese Lad Missing Four Years Is Found.

Port Townsend.—Genjiro Suzuki, a Japanese stowaway, who arrived at Smith Cove on the Sado Maru four years ago and escaped from that vessel by jumping overboard and swimming ashore, was taken into custody a few days ago by United States Immigration Inspector H. A. Myers and will be deported.

After escaping Suzuki worked in logging camps and shingle mills. Last August he signed as cook in the American barkentine Koko Head at Port Angeles. Upon the arrival of the Koko Head here and while checking the crew he was recognized by Inspector Myers.

## WONDERS OF THE EXPOSITION

### Low Railroad Rates and Privileges of Routing Never Before Possible Are Included In the Many Inducements to Visit America's Great Panama Canal Celebration. \$50,000,000 Invested; 80,000 Exhibitors Represented.

It is estimated by the traffic experts of the great transcontinental railways that the travel movement westward during the present year, with the great world's Exposition at San Francisco as the goal, will be the greatest in all history. There are but few persons anywhere who have not felt the longing to visit California some time, and with the attraction of the world's greatest and possibly its last universal Exposition to draw them westward those who go traveling in 1915 will "see America first," with San Francisco as an objective.

Some indication of the interest taken in the Panama-Pacific International Exposition is found in the pre-Exposition attendance, the greatest in the entire history of expositions, amounting to an average of 10,000 persons a day. These visitors carried away with them to all parts of the country and of the world accounts of the beauties and the marvels they had seen, and as a result the remark has become common throughout the United States and abroad, "It's not a case of 'Can I afford to visit the Exposition?' but 'Can I afford to MISS it?'"

The Panama-Pacific International Exposition has more foreign national pavilions than any exposition ever held—this in spite of the European war.

No exposition ever was situated as this one is where such a large number of the scenic wonders of the world can be visited at no increase of cost while en route, going and coming, and it is the only great international Exposition to be ready on time! The rates agreed upon by the great transportation companies, of approximately one-half fare for the round trip, with a ninety day limit, have never been equaled.

Certainly not in this generation, and probably not for generations to come, will such an opportunity be offered to combine in one trip visits to the scenic wonder spots of the continent, with the education and entertainment to be had in the dazzling wonderland that has risen on the shore of the Pacific.

### Colossal Colonnades of the Greco-Roman Wings to Palace of Fine Arts.

Curving 1,100 feet around the foliaged shores of the Fine Arts lagoon, Panama-Pacific International Exposition, these mighty pillars are reflected, mirror-like, in the limpid waters of the lagoon, affording one of the prettiest views at San Francisco's great Exposition.

### ATTRACTIVE BOOK ON THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION AND PANAMA CANAL MAILED FREE.

A HANDSOME book of sixty pages, profusely illustrated in colors and giving detailed descriptions of the Panama-Pacific International Exposition to be held in San Francisco from Feb. 29 to Dec. 4, 1915, and of the Panama canal and canal region, will be mailed by the Exposition free of charge to all inquirers. The booklet is intended for prospective visitors and will also contain information concerning the great engineering feat which the Exposition is to celebrate. Write to the Manager, Bureau of Publication, Panama-Pacific International Exposition, Exposition Building, San Francisco, for booklet.

### AVIATION CLASS FORMED.

First Organization of Officers Will Go to Pensacola.

Washington.—Announcement was made at the navy department of the selection of nine officers to form the first organized class in aviation. The officers will be assigned at once to the aviation station at Pensacola for the study of the construction, assembly and repair of aeroplanes and later will learn to operate the machines. Practical shop work will be one of the chief features of the first period of instruction.

Another class will be selected a few months later in line with the policy of the department, supported by appropriations by congress, to expedite the development of aviation in the United States navy.

The officers composing the first class are Lieutenants E. F. Johnson, A. C. Reed, E. G. Haas, R. Paunack, W. W. Corry and Ensigns J. P. Murflet and W. H. Schofield, all of the navy, and Lieutenants E. T. Evans and A. E. Cunningham of the marine corps.

### KANSAS GIRLS HAVE BEAUX.

Wheat Crop Makes Wedding Bells Ring in Smith County.

Smith Center, Kan.—The municipal marriage bureau, organized last spring, is to be abolished. What correspondence could not accomplish the maturing wheat crop has been able to do and do well.

There has been an oversupply of women and girls in Smith county, but the coming of the harvest hands has changed all this. Bright young fellows from colleges and universities, east and west, have become interested in the western Kansas girls.

Two weeks' delay in harvest work has given the strangers ample opportunity to go courting, and there isn't a girl in Smith county now who hasn't at least one beau. Many of them have two or three applicants, and the marriage license clerk is anticipating a rushing business.

### NEW YORK BOASTS OF BEST ROGUES' GALLERY

Crooks to Number of 10,000 Carefully Indexed.

New York.—This city now has the most complete rogues' gallery in the world. Such is the proud boast made at police headquarters. It took a year for Deputy Police Commissioner Frank A. Lord and Lieutenant John Allen to lift this town into the rogues' gallery leadership, but they have done it, both say.

Crooks, confidence men, murderers, burglars, pickpockets, gangsters, gun men, to the number of 10,000, are now indexed and cross indexed in the modern gallery. Their photographs are on file, also their finger prints, their Bertillon measurements and a vast quantity of other information concerning them. There are now 150,000 finger prints on record in the gallery, all neatly classified.

At a moment's notice any picture can be found. Suppose a second story suspect is brought in. The detectives turn to the section marked "Burglars," then to the subclassifications. They read "Burglars—A, left; B, safe; C, plain; D, second story."

The police then look under the proper subdivision where the pictures are kept for the photograph of the man under suspicion.

There are 2,500 pictures in the gallery of "general thieves," men whose talents for gaining dollars dishonestly are too varied to be limited to one particular subdivision. Photographs of 1,500 pickpockets, of whom 300 are women, are on file. In the main the subclassifications and the cross indexing are innovations.

Deputy Commissioner Lord said that he had been unable to recover all the photographs which were removed during the Waldo regime. Many of them he feels sure he has replaced. When the pictures were taken out the records went with them, and so it will never be known definitely to what extent the vast correspondence with penal institutions and other police departments has succeeded in repairing the losses.

The police rogues' gallery was started here by Police Commissioner James G. Kelso in 1870. Joseph A. Faurot, the present head of the detective bureau, and Sergeant Crow are largely responsible for building up the present gallery. Faurot was sent to Paris twice, once to study the Bertillon system and then to study finger print methods.

### Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.
