ENGLISH WOMEN AID IN THE WAR

"Votes Now Forgotten," Says
Mrs. Pankhurst.

FIFTY THOUSAND IN PARADE

Government to Accept All Ready For Service—National Register Will Be Taken—Crime For Men to Be Doing Work of Women, Says Suffrage Leader.

London.—Fifty thousand women of England, accompanied by seventy-five brass bands and dressed in red, white and blue, the colors of the union Jack and France, paraded from the Thames to Trafalgar square to demonstrate their desire to be enlisted in the services of their country in factories supplying war material. There was a remarkable scene when the minister of munitions, accompanied by Mrs. Emmeline Pankhurst, the suffragist leader, appeared on a platform overlooking the embankment along which the procession made its way.

Mrs. Pankhurst placed before Lloyd-George figures to show that 40 per cent of the munition workers in Ger-

many are women and that 75 per cent of all food canned for the German army is tinned by women.

"Our fight for votes for women is a forgotten issue in the national crisis," said Mrs. Pankhurst. "We are willing to 'do our bit' for England by taking our place in the factories and releasing men for the trenches. We are willing

to do any work the government may assign to us, day or night."

The minister of munitions told the deputation of women that something like 50,000 women already were working at various factories in the production of munitions. It was not a question of competition between male and female labor, he said, but of getting men and women to work together to help the country.

The first thing, continued Mr. Lloyd-George, was to get an adequate supply of machinery and tools, and the government was assuming the control of all machine and tool making establishments in the country. Women who came forward to serve must give their whole time. There must be real national organization for all women who were prepared to take up munition work.

Secondly, added the minister, there must be a sufficient number of women trained to direct and instruct others. In regard to wages, women would be paid the same piece rate as men, and all establishments would be under government control, while the government would see that there was no "sweated" labor.

WARNED BY MORGAN CASE.

Du Ponts Will Sell Explosives Only to Known Persons.

Philadelphia.—As a direct result of the shooting of J. Pierpont Morgan, the Du Pont Powder company of Wilmington, Del., issued orders to all its employees to sell explosives only to customers concerning whose identity they are certain.

The order applies to thousands of clerks, salesmen, managers of branch offices and keepers of magazines throughout the country and marks the first step taken by any of the great ammunition concerns to prevent their products falling into the hands of irresponsible persons.

Kills Snake and a Boy.

Yreka, Cal.—A half dead rattlesnake made a spasmodic attempt to coil when Mrs. Johnson Ahlgren, who had shot it, drew near with a party of children, at Somesbar, Siskiyou county, and everybody ran. In the flight Mrs. Ahlgren's revolver was discharged accidentally and Roy Donahue, eight, was shot through the back and killed.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Rosa Bonner, 825 N. 18th St., Birmingham, Ala., says:

"I have been suffering with nervous prostration for nine or ten years. Have tried many of the best doctors in Birmingham, but they all failed to reach my case. I would feel as if I was smothering; finally I went into convulsions. My little girl saw

Dr. Miles' Nerveine

advertised in the papers and I at once began to take it. I continued to take it for some time and now I am well."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nerveine

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you.

Sold by all druggists. If first bottle fails to benefit your money is returned.
