"DEAD" MAN APPEARS.

Puzzle Is, Who Was Drowned Person Identified and Buried as O'Brien?

Poughkeepsie, N. Y.—Like a ghost aged Andrew O'Brien appeared in St. Peter's church at mass. At the earlier mass prayers had been said for him, and no one doubted it was he who had been buried in St. Peter's cemetery following the finding of his supposed body in the Hudson river.

The dead man was positively identified by Chief of Police McCabe as Andrew O'Brien, who had not been seen for several days. Others, including Dr. J. M. Poucher, who knew O'Brien well, were as positive as the chief.

The drowned man was buried, though not by the side of O'Brien's wife. When she died, many years ago, she was placed in the plot of her own family.

After the excitement due to his appearance had subsided O'Brien said he had gone into the country to work on a farm.

The body of the man buried as O'Brien will be exhumed by Coroner Selfridge and photographed for identification.

SNAKE EATS GLASS EGGS.

Enters by Knothole, but After Meal Is Too Fat to Get Out.

Baltimore.—Snakes which in the past have feasted generously on real eggs in the chicken coop of McGill Belt, who has a farm near Sugar Loaf mountain, Frederick county, have lately taken to stealing his glass eggs. A dozen of these artificial nest eggs were taken before he was able to get on the trail of the snakes.

The last snake to steal a glass egg entered by way of a knothole, but could not depart by the same route because the egg protruded so far that its body would not go through the hole. The snake was captured, then opened, and the egg taken out and placed back in the nest.

FAMINE DECIMATING AFRICAN OSTRICHES

Drought and Food Needs of Horses Have Been Causes.

Cape Town, South Africa.—Ostriches in South Africa are dying by scores because their food has been taken to feed British cavalry horses. Besides the withdrawal of many thousands of tons of alfalfa, which is the main food of the ostriches during the winter, drought has added to the scarcity of food.

It is estimated that the farms in South Africa, which are the principal sources of supply of ostrich feathers, have lost 30 per cent of their adult birds. Among young birds the mortality has been still heavier.

Formerly markets for the buying of feathers were open daily in Cape province, but with the advent of the war there was a complete cessation of trade exchange. It was only at the end of June of this year that merchants reopened the markets. In the week ending July 5 14,000 pounds were sold.

This was considered a record week, and it was immediately followed by a trade slump, which resulted in the closing of the markets. They have since been opened only a few days in each week, and the sales have been sluggish.

USES TOYS AS CHURCH LURE.

Jersey Pastor Thus Hopes to Win Couples With Children.

Plainfield, N. J.—As a special inducement to parents with young children to attend the First Presbyterian church of this city, the Rev. Dr. Charles E. Herring announced that he will have toys in certain pews to amuse the youngsters while their elders take part in the services.

Church officials kept watch of the young married couples with children who strolled by the church on Sabbath afternoons, and as they all passed the church without entering a reason was sought. Restless children was the cause, and the toy idea was then conceived.

At Seventy-two Gets First Train Ride.

Grass Valley, Cal.—Sixty-five years ago as a girl of seven, Matilda Woods came to this city with her parents, made her home in a log cabin, in the midst of pine trees, and when she reached maturity was married to the township constable. Her friends brought her stories of the outside world, but their tales never moved her to wander away from her fireside. Now at the age of seventy-two she has just taken her first ride on a railroad train and will get her first glimpse of the ocean. She has gone to visit a daughter in San Francisco.

Guard Your Children

Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, makes Dr. Miles' Laxative Tablets the ideal remedy for children.
