employment for a number of men and women, and would have helped to develop new lines of trade. The owner's personal and business taxes would have meant much within themselves.

Bear in mind that home trading is a most vital element in community welfare and progress. Consider carefully the fact that a portion of every dollar spent in local stores finds its way to some essential function for the support and development of the neighborhood, the general prosperity of which you must necessarily share in.

Increased local business means the possibility for securing additional modern public conveniences and luxuries, additional trading, educational, religious and social advantages, consequently, increased individual wealth and opportunity.

Your local merchants are entitled to your patronage, provided they offer you the right kind of merchandise at the right price, and you owe it to yourself and your community to extend it to them.

**Constipation, if Neglected, Causes Serious Illness**

Constipation, if neglected, leads to almost innumerable complications affecting the general health.

Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, 6 Sabin St., Montpelier, Vt., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean," and it's good advice. Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.
