**Finds Cure for Epilepsy After Years of Suffering**

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK ANDERSON, Confrey, Minn.  
 Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

**Dr. Miles' Nervine**  
 is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.  
 Sold by all Druggists. If the first bottle fails to benefit your money is returned.  
 MILES MEDICAL CO., Elkhart, Ind.

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
 We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, sent for clinicians free.

**MARRIED**  
 William S. Martin and Miss Olive Kneebone were married February 11, 1916, at the residence of Elder E. A. LaDow, who also performed the ceremony.

**WORK THE ROAD**  
 Automobile owners in the city sent men to work on the road in Fern Lane. Last fall the county commissioners had a lot of river gravel dumped at that point and the citizens spread it out, but it failed to pack, rolling around like marbles. It is intended to mix clay with the gravel to form a binder thus making a solid road.

**LISTENING FOR THE WHISTLE**  
 There are still rumors floating around that the mill at this place will soon resume operations. Rumors are better than nothing, we presume, but it would sound much better to hear the hoarse voice of the mill whistle waking the echo's in the valley.

**RESUME WORK ON LOGGING ROAD**  
 Work on the Falls City Lumber Co's, logging road to the Siletz was resumed at Gilo's camp Tuesday. The work has been shut down since the 29th of December on account of the deep snow. It is expected to push the work as rapidly as possible. The work of getting out the cross ties for the road is under way and will be completed by April 15.

**PLEASED WITH EASTERN OREGON**  
 W. J. Reece came down from eastern Oregon Monday to visit homefolks. He has been up there all winter on a wood cutting contract. He says that the snow has been about four feet deep and the thermometer 28 below. For all the snow and cold weather he is well pleased with the country and will return in a few days.

**NON LIABILITY NOTICE**  
 Notice is hereby given to all whom it may concern:  
 That the undersigned nor his one-half interest in the saw mill and logging outfit now owned by Munson and Davis and located about 2 1/2 miles from Falls City will not be responsible for any labor done in the mill or woods or connected therewith or for any supplies furnished to operate said plant if operated by any other person than himself.  
 Signed this 4th day of Feb. 1916.  
 M. C. MUNSON.

**BOOST THE LIBRARY**

A free entertainment will be given at the school house March 1, under the auspices of the school for the purpose of aiding the town library and reading room. Those having books, magazines or any other contribution they would care to donate may be able to do so at this time. The Science class will make and sell candy, to all who wish to purchase, and the proceeds will go towards purchasing daily papers for the reading room. If we are to have a reading room and library, now is the time to begin and some sacrifices must be made on the part of the citizens. Almost every home in town has good books that are just dustcatchers and dead so far as usefulness to the family is concerned. Having once read them they become shelf ornaments. Why not give some of these books to the library and have them do some good in the community. Come now cheer up and let us get busy.

**NEW DESKS FOR TEACHERS**  
 Two new desks are being completed in the manual shop for the use of the teachers. When these are finished the class will have completed seven of these desks. Such desks in veneered oak are quoted in Portland at \$30 each, but the class is making them of Oregon Fir at a cost of about \$2 each to the district.

**LAMAR TOOZE WILL LECTURE**  
 At the last meeting of the Parent Teachers association an invitation was extended to Lamar Tooze of the U. of O. a former student of the Falls City High, to lecture on the Ford Peace Tour and general conditions found in Europe. Mr. Tooze has accepted the invitation and will lecture March 14.

The meeting was to be held at the school house but will probably be changed to the Hall if satisfactory arrangements can be made with the owner. The lecture will be free. Every one invited.

(Later—the date of the lecture is undecided, but will be given out as soon as it can be determined.)

**Biology Collection**  
 A large collection of bugs and woods of the community has been added to the science department by the biology class. Research work has been going on for the past five months and as a result one of the large cabinets, recently completed by the manual class is well filled with all kinds of vermin that crawl, creep and fly within our city limits. Thirty-eight varieties of wood found in this vicinity, nicely mounted, adorn the cabinet and in addition to this many varieties of southern wood. Those visiting school should not fail to see this collection.

- N. N. Christy has been laid up with the grippe.  
 Mrs. Dale Bell is quite sick with lagrippe this week.

 Misses Fatland and Shields were in Portland the latter part of this week.  
 The Falls City Dramatic Club will put on a play at Independence Saturday night.

**MAURICE SELIG SHOT TO PIECES**

Maurice Selig was all shot to pieces last Friday morning when the doctor was called and he was informed that he had a bad case of the grip and could not take his part in the High School play. Too bad Maurice but there will be other plays, maybe, and perhaps you will not be "tuck" in the same way.

**High School Play a Success**

The High School play given in Wagner's hall Friday evening Feb. 11th was a success from every standpoint. The characters acted and carried their parts to perfection and judging from the repeated applause from the audience every character was well appreciated. Jonah and Junior brought forth peals of laughter, not mentioning Colonel Strutt with his stories of Timbuctoo.

**LOGGING CAMPS GET BUSY**

The Spaulding Lumber Company's logging camp will be in full operation Monday. The Balderee camp is to start Tuesday and the Great Western Lumber Company will begin March 1. This will give employment to all the idle men in this vicinity and loosen up the stringency that has grown monotonous.

**MEN IN DEMAND**

The Oregonian says that there is an increased demand for laborers over the country; in fact that there is a scarcity and mill men are regarding the situation as serious. It states that wages advanced from \$2 to \$2.25 within the last two weeks. That yard men in the mills are getting \$2.25 per day. Last year the price was \$1.75. This looks good for the laborer, if it is true and not a scheme to induce men to rush to this section and cause an over-production and reduce the wages.

**STAMPED PAPER DANGEROUS**

Up in Washington last week several persons in one family were poisoned and made seriously ill by eating butter that had been wrapped with paper which had been marked with a rubber stamp. The ink used with rubber stamps is very poisonous and as it frequently washes off the paper and gets onto the butter, the person using such butter is running a great risk of being poisoned. Butter wrappers properly printed with the proper kind of ink at a printing office do not cost much; the ink is not affected by water, will not rub off and is not poisonous if it did. Butter enclosed in properly printed wrappers also brings a higher price on the market.—Dallas Itemizer.

Get your butter wrappers printed at the News office.

It is reported that our old friend "Sandy" Taylor will make another assault with intent for the office of county surveyor. Go to it Sandy! But before you start be sure and get a good ready.

Fred J. Holman, county treasurer, was over from Dallas Saturday and Sunday greeting friends and relatives. Fred is in the race for county clerk this year. He made a record run for treasurer at last election and it is very probable that he will give a good account of himself in the May primary.

**NOTICE OF FINAL SETTLEMENT.**

Notice is hereby given that John Edward Beezley, administrator of the estate of Edward E. Beezley, deceased, has filed his final account as such administrator in the County Court of the State of Oregon for Polk County, and that Monday, the 20th day of March, 1916, at the hour of ten o'clock in the forenoon of said day, at the Courtroom of said County Court in Dallas, Oregon, has been appointed by the Judge of said Court as the time and place for the hearing of objections to said final account and the settlement thereof.

Dated and first published February 19, 1916.  
 JOHN E. BEEZLEY,  
 Administrator aforesaid.  
 OSCAR HAYTER, Attorney.
