PAID POLITICAL NOTICES

FOR DISTRICT ATTORNEY

I hereby announce my candidacy for the republican nomination for the office of District Attorney. If nominated and elected, I shall enforce all laws as I find them without fear or favor, and in a just, conscientious manner. I will give to the County's affairs the same careful, conscientious attention I would give to the affairs of private clients. I respectfully solicit your support, and if nominated and elected, will devote my entire time to giving you an administration of the affairs of this office such as may reward you for the trust and confidence placed in me.

WALTER L. TOOZE, JR.
(Paid Adv.)

To The Republican Voters of Polk County.

I am a candidate for District Attorney of said County, and if nominated and elected I pledge myself to diligently and faithfully attend to all the duties pertaining to said office and will fearlessly enforce all the laws in an impartial manner. I respectfully ask your support at the primary election on the 19th of May, 1916.

B. F. SWOPE.
(Paid Adv.)

To The Voters of Polk.

I hereby announce my candidacy for the republican nomination for county clerk of Polk county, and solicit the support of all republicans within the county, giving assurance that if nominated and elected I will use my utmost endeavor to render economical and efficient service.

LEWIS V. MACKEN.
(Paid Adv.)

To The Voters Of Polk County.

I hereby announce myself as a Republican candidate for the office of County Treasurer, subject to the will of the voters at the primary election in May and respectfully solicit your support.

MRS. WINNIE BRADEN.
(Paid Adv.)

To The Republican Voters.

Having been urged by my friends to again become a candidate for commissioner and having acceded to their demand, I most respectfully ask the support of all republicans in the primary May 19. My past record is my only platform.

G. A. WELLS.
(Paid Adv.)

To The Voters Polk County.

I am a candidate for School Superintendent of this county subject to the will of the Republican voters at the Primary Election in May.

I will not impair the efficiency of our school system, but will run the office as economically as is possible under our present laws.

W. I. REYNOLDS.
(Paid Adv.)

For County Superintendent.

I hereby announce my candidacy for the office of County Superintendent of Schools of Polk county, subject to the will of the Republican voters at the primary election, May 19, 1916.

MISS ALMEDA J. FULLER.
(Paid Adv.)

For County Clerk

I hereby announce my candidacy for the republican nomination for the office of County Clerk of Polk county and ask the support of the Voters at the Primary election, May 19.

(Pd Adver.) **F. J. HOLMAN.**

For County Treasurer

I hereby announce my candidacy for Treasurer of Polk County subject to the will of Republican voters at the Primary Election, May 19, 1916.

J. H. (SLIM) BROWN.
(Paid Adver.)

To Voters of Polk County

I hereby announce myself as a candidate for commissioner of Polk county, subject to the will of the republicans at the Primary of May 19, and solicit the support of the republicans of the county, giving assurance that if elected I will exert myself to judiciously and economically administer the business affairs of the county.

MOSE MANSTON
(Paid Adv.)

To The Voters Of Polk County.

I hereby announce myself as a Republican candidate for the office of County Treasurer, subject to the will of the voters at the primary election in May and respectfully solicit your support.

THE JOKER

Edited by Falls City High School.

LET POLK COUNTY BE PROUD

On Thursday, April 13th, the Dairy Herd Club of the Falls City schools visited the dairy farm of Fred Stump.

Mr. Stump's farm is located about two miles northeast of Saver on the County road. There were fourteen members of the Club who went. The farm contains 750 acres. One hundred acres of this is in hops the rest is in hay grain pasture. A well situated modern dairy barn thirty six by one hundred and thirty feet inside measurement with a nine foot ceiling will accommodate seventy four cows. The floor and three feet of the walls are concrete. The rest of it inside is of boards and is painted. There are windows enough to allow four square feet of glass per cow. The barn is equipped with Loudon Sanitary stalls, and stanchions of steel. The are doors at each end of the board and two on each side one in the north end and one about the middle of the barn. In the north end of the barn is a Cushman gasoline engine which runs a suction pump for the milking machines. There are three milking machines which milk two cows at a time. In the same end of the barn as the engine are two concrete silos fourteen by thirty-four feet in size, each of these contain one hundred ten tons of silage when full. About the middle of the barn, on the west side, is a small room where the records are kept. There are three sheets, each of which contains the names of twenty-one cows, the weight of milk each cow gives each day, and the percent of butter fat. The milk is tested once a month for butter fat. The milk is weighed as soon as the cow is milked. There is a litter carrier which carries all dirt in the barn fifty feet away. There is a space ten or twelve feet wide between the stanchions. The feed is taken in a cart in this place. The hay loft will contain between one hundred and twenty-five and two hundred tons of hay when full. Mr. Stump expects to build a new barn next year just like the one he has now.

The milk house is about seventy five feet southwest of the barn. It is equipped with a steam engine for running the separator and milk tester. The milk tester has twenty four bottles. There is a concrete vat for cooling the cream. There are two tanks for washing the cans, pails, and bottles. There is a tank for the Bacilli-Kill, which is used to purify the milking machines. The mixture is one ounce of Bacilli-Kill to five gallons of water. The floor is concrete. There is a concrete walk between the barn and the milk house.

Mr. Stump has sixty seven cows and one Jersey bull. The most of his cows are Jersey's. He is only milking sixty three cows at the present time. He also has over a dozen calves.

The water system Mr. Stump uses is not very satisfactory as he cannot get enough pressure. He is going to change as soon as possible. The water is piped to the house, barn, and milk house, and other places where it is necessary.

The Dairy Herd Club went to this barn for the purpose of finishing up their record work for the year. They scored the barn and equipment and the milkhouse and judged two cows.

The above report was written by George A. Paul of the Dairy Herd Record Club of the Falls City school on his returning to school.

Club work has been made a part of the regular class work in the Falls City school, being the first school in the state to make it a part of its regular work. Prof. W. A. Barr in a phone conversation with the prin. of the school praised very highly the work done by the class and expressed his opinion that making it a part of the regular work of the school is the very best method of handling the work.

Mr. Reynolds of Dallas we read in the Observer visited the Falls City School where he was acting as superintendent.

The Teachers Training class of which we read about in the same paper has just finished the study of the School Law. You should hear them quote the law to unsuspecting "Freshies." A little Third grader recently wrote a letter in which he was describing a pet rabbit. He said among other things that it could jump ten feet high. Fairly active for a rabbit don't you think?

Back To The Soil.

The steady growth of the cities has led to much criticism by economists of recent years, because of the flocking of great hordes to these metropolises, while on the other hand the soil on which we are all dependent lies dormant. There has been a movement on foot during the last decade to induce people to leave the contested city and become tillers of the soil, but the efforts of these people has so far met with no success. Theorists have sought an explanation of this phenomenon thru various sources. Places of amusement, urban luxuries, poor roads, easier employment and the disdain with which rural people are regarded by the urbanite have all been advanced as possible reasons.

That the city man enjoys certain advantages over his country brother is beyond refutation; concerning the disadvantages, however, they are just as pronounced. The environment a city family is placed in is distinctly advantageous, particularly along educational lines. They may enjoy world renowned lectures, hear the very best in music, and nothing along the line of good books that is not at their instant command. Can we not in looking over these facts realize then what is the real trouble? That our economic system is at fault we must all agree but weighing the matter in the balance of reason we have a cure for this evil. In our opinion when the country boy is given but a few of the privileges his city cousin experiences our real troubles are at an end. If you happen to be one of those people who are against these fancy "frills" industrial work, music, reading work, athletics, etc., in the school, in the light of these facts, should you condemn a man for leaving your community and removing to another where his children might have a better chance to succeed?

Airlie Crosses Bats With Falls City.
Last Friday afternoon Falls City High School defeated Airlie High School in a running ball game; score 7-8. The game was called at 2:45 and for over an hour the boys of both teams fought valiantly for honors. In the sixth inning they tied which was not broken until the first half of the 12 inning, when the Falls City boys showed them how to do it. The Falls City school wishes to praise the Airlie team for the manly way in which they play ball although much younger and smaller than the Falls City boys they gave us a hard tussle. Falls City team will play the return game at Airlie Saturday, April 29.

The Dust of the Earth.

A drama will be given by the High School tonight. This play depicts the character and difficulties of a niece adopted by a doting uncle and a hating aunt. Nell, the leading character, "The Dust of the Earth," will be played by Miss Sylvia Phillips who for the past two years has been a favorite in High School plays, by Falls City people. Sylvia is playing a new role heretofore she has appeared as the lady comedian now take a serious part showing her aptitude as an amateur actress. Arabella, the town gossip will be in the person of our old time gossip, Clara Samp-

son, Clara quite by nature drops into this role with perfect ease.

The Rev. Templeton (Lester Gardner) a young minister proposes to our old time friend Elizabeth (Esther Cleveland) and is quietly laid on the shelf for John Ryder, a young heir to the Maples Farm. David Moore (Chester Ward) and Susan Moore (Loleta West) again appear behind the footlights as husband and wife emply the differences between a devoted married couple. Jerry Moore (Claude Graham) the wayward son of David and Susan—fishes, snow balls, skates and teaches Nell to smoke cigarettes, defends that erstwhile lady on all occasions. Wandering Tom (Hal Wade) returns to himself after 15 years of lapse of memory finds his daughter, Ole Mose (Ward Haley) the black comedian, dries Nells eyes with his own tears.

Doors open at 7:30; curtain at 8:15.

The H S. orchestra will furnish the musical program.

Admission 25c, 15c, 10c.

Botany Class at Work.

The members of the Botany class are deep in the mysteries of flower analysis this week. Many specimens have been analyzed and mounted some of which are the Trillium, Lambs Tongue, Violet, Bleeding Heart, Wild Flag and Johnny Jump Up. This subject is being made very interesting and the zest in which the pupils enter their work tells of the interest taken by them.

Miss Shields of the Domestic Science and Art department was absent from school Tuesday afternoon because of sickness.

The Domestic Science girls are serving a series of dinners for the practice of serving. Judging from the delicious orders, they sure have some fine eats.

Maurice's Journey.

The route taken by Maurice Selig Wednesday evening was as follows: Dallas, Monmouth, Independence, Corvallis, Wells Station, Eola and Salem returning by the way of Buena Vista, Saver, Airlie and Louisville arriving in Falls City promptly at 5:00 o'clock Thursday morning.

Maurice says that school will be out in just exactly six weeks. Why should he worry?

Professor Haley is conducting a six weeks review class in arithmetic for the benefit of the Teachers Training people.

Dr. J. O. Turner, formerly of Lowe & Turner, eye specialist will be in Falls City again Monday April 24th at Falls City Hotel.

Mr. and Mrs. W. R. Davis, Otto Kneebone and Miss Clara Davis drove to Sheridan Sunday in Mr. Kneebone's aut. Mrs. Davis went to visit her folks, Mr. and Mrs. Mason at that place. They reported a very pleasant time and found the roads in excellent condition in Yamhill County.

MRS. J. B. TEAL DIES

Mrs. J. B. Teal was stricken with paralysis Wednesday afternoon about 1 o'clock and was found unconscious in the path between her home and that of her daughter, Mrs. Clem Cleveland, by Gus Elle and with the assistance of Ira Mehrling carried her to her home and called assistance. Judge Teal was in Dallas and he was immediately phoned for. Every possible attention was given her but she passed away about 11:00 o'clock that night.

Funeral services were held at the home Friday afternoon at 2 o'clock. Rev. E. A. LaDow preached the funeral sermon. Interment in the Odd Fellows cemetery. A large floral wreath was furnished by the officials of Polk county.

The body was followed to its last resting place by friends and neighbors who sincerely sympathize with the sorrowing family in their time of distress.

Ursly Anna Teal was born in Virginia in 1853 and moved to Kansas in 1856 and then came to Oregon 1871 and was married the same year to John B. Teal. Mrs. Teal was the mother of eleven children, nine of whom are living, two having preceded her into the spiritual world. Mrs. Teal was a member of the Christian church and was a sincere and earnest Christian woman. She was a devoted wife and affectionate mother.

Since the 11th inst Mr. and Mrs. G. F. Brown (nee Cecil M. Dodd) of Klamath County are wealthy in the possession of a thrifty 7-pound daughter. Mr. and Mrs. Dodd are somewhat elated over becoming grandparents.

Planer to Start Monday

Harry Starr and Chas. Hopkins have been busy this week repairing and getting the plainer ready to begin operations next Monday. This will afford employment for several men and it will sound good to hear the whistle wake the echoes of the mountains once more.

PENNY SOCIAL

The Rebekah's gave a penny social at the Odd Fellows hall Wednesday night, which was well attended by the members and others. The orchestra of the Falls City High School furnished excellent music for the entertainment during the evening. The time was pleasantly spent by playing games which was participated in by the young people and also by those who had reached the bald head age. The sandwiches and cake and other delicacies that had been prepared for the occasion sold readily and more pennies could have been realized had there been more eatables prepared. The sum netted from the occasion was \$7.
