The Total Sum.

The three children came and stood in a row in front of their mother. "Mamma," they said, "what would you like for your birthday?" The mother looked down benignly upon the group and answered: "My dears, mamma wants nothing for her birthday, nothing but three good children. She'd like that." "But then, mamma," cried the eldest, "then we'd be six."—Philadelphia Public Ledger.

A Famous Physician's Wonderful Discovery

After a series of careful experiments and tests at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., covering many years—Dr. Pierce, the medical director of that hospital made an announcement that he could prove that a medicine which he called "ANURIC" was the best uric acid solvent now to be had. As a remedy for those easily recognized symptoms of inflammation—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; causing the pains and stiffness rapidly to disappear.

The Sky Pilot.

Owing to a fog, a steamer stopped at the mouth of a river. An old lady became very nervous and inquired of the captain the cause of the delay. "Can't see up the river," replied the officer. "But captain, I can see the stars overhead," she argued. "Yes," said he gruffly, "but until the boilers burn we ain't going that way."—American Boy.

More Apples Are in Storage.

The United States department of Agriculture, through its Office of Markets and Rural Organization, has issued a detailed report of cold storage apple holdings on May 1, 1916, as follows: The information received indicates that there were 92 per cent more apples in cold storage on May 1 this year than were held on May 1, 1915. The barreled apple holdings show an excess of 127.7 per cent and the boxed holdings an excess of 31.1 per cent over those of a year ago. During April 16.7 per cent of the December 1 holdings moved from storage, as compared with 20 per cent during March.

Strawberry Prices Jump.

Tacoma—Strawberry prices jumped to high points this week on account of the scarcity of the fruit and the high-priced Kennebec berries were snapped up by dealers who had placed only light orders. California berries jumped from \$1.75 a crate to \$2.15 and \$2.25. This is due to the fact that the California berries are nearly all gone, say dealers. The California shippers are turning down orders because the demand is greater than the supply. Clark seedling strawberries from Kennebec were snapped up at \$3.75 a crate, and the jobbers and their buyers are asking for more.

Cherry Men Defer Action.

Wenatchee, Wash.—Cherry growers who met at the Commercial club to unite in a cash selling plan will hold their plans in abeyance until the season develops and a more definite estimate can be obtained on the local and foreign crops and on the possible market value. At present there is a decidedly bullish feeling, not only on the part of growers, but also of shippers and sellers, who believe that the entire crop can be disposed of at good cash prices. Under these circumstances it appeared that it would be advisable to wait.

Gold Imports From Canada.

New York—Additional imports of gold from Canada were received by J. P. Morgan & Co. Saturday, making a total thus far this week of more than \$3,000,000. The gold, which is more or less equally divided into sovereigns and bars, came from Ottawa in connection, it is believed, with recent purchases of supplies by the Dominion of Canada.

Clarke County Prune Buyers Out.

Vancouver—Prune buyers are active in this county and it is reported that as high as 6 1/2 cents a pound has been offered for prunes of this year's. Some buyers, however, it is known, are attempting to close contracts for 5 1/2 cents for prunes that run 30-35 a pound.

Big Sugar Crop in Porto Rico.

San Juan, Porto Rico—The revised estimate of the sugar production of the island for the season now ending shows that the production will exceed all previous estimates and is expected to be in excess of 463,000 tons, as compared with 345,000 tons last year.

Did the Trick.

Patriotism is a strong instinct in the breast of a certain elderly lady, who was recently much troubled at the failure of her three nephews to enlist. They were such stalwart, sturdy fellows that she was ashamed of them. When strong hints had been received in silence, her patience became exhausted. One day she sent a telegram to each of the three. These all bore the same message: "Your country is calling. Wire reply if you wish to borrow my ear trumpet." She is now very proud of her three lads in khaki.—London Answers.

Preparedness.

Mr. Tompkins was obliged to stop overnight at a small country hotel. He was shown to his room by the one boy the place afforded, a colored lad. "I am glad there's a rope here in case of fire," commented Mr. Tompkins as he surveyed the room. "but what's the idea of putting a Bible in the room in such a prominent place." "Dat am intended for use, sah," replied the boy, "in case de fire am too far advanced for yo' to make yo' escape, sah."—Philadelphia Public Ledger.

Jones and his wife were seated at the dining room table perusing the evening papers when the door bell rang. "Someone might recognize them."—Philadelphia Ledger.

Rivals.

Two privates in a Highland regiment began arguing in the canteen as to the rival merits of Edinburgh and Glasgow—a burning topic north of the Tweed. "Ay, an' whit is yer Edinburgh?" sneered the Glaswegian. "Naethin' bit a hull wi' a castle, an' ruins on yin side an' a row o' ludgin' hooses on the ither!" "Bit jis' luik at the fine buildin's we hae in Edinburgh!" protested the man from that city. "Oo, ay! Ye hae some fine prisons!" "Weel, an' fine we need them wi' sae mony cheap trips frae Glasgow!" "Here, some o' the world's greatest heroes live in Glasgow!" snapped the Glasgow man angrily. "Heroes! Humph! Sooner ca' them martyrs fur livin' there!" "Ye will find Glasgow men a' ower the globe!"—proudly. "Mebbe"—calmly—"n' gey glad tae be oot o' it!" "At ony rate," said the Glasgow man firmly, "Glasgow is a far greater place than Edinburgh!" "Awa', mon! Edinburgh is the capital o' Scotland!" "Weel, that's as may be," was the Glaswegian's final hit. "But heaven help ye if ye gang down Argyle street o' a Saterdag nicht an' say it!"—London Answers.

How to Heal Itching, Burning Skin Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles. At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These are not at all expensive. With the resinol soap add warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.—Adv.

Next Best Thing.

A hospital nurse was testing a volunteer on his practical knowledge of first-aid work. "Now, what would you do in case a man collapsed?" she asked. "Give him some brandy, miss," replied the man. "But suppose you had no brandy?" "Sure, then," he answered cheerfully. "I'd promise him some."—Philadelphia Public Ledger.

Entirely Different.

"What's this, daughter? You let Mr. Flubdub, whom you barely know, kiss you." "Now mother, let's get this thing right. I didn't let him kiss me. I merely let him try."—Louisville Courier-Journal.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MATYE ASBACH, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
