**When Whipping Cream.**

To prevent splashing and waste when beating eggs or whipping cream with an egg beater, cut a piece of clean white cloth or brown paper across at right angles in the middle so there will be four small flaps. Pull the paper down over the handle of the egg beater and let the outer part of the paper cover the edge of the bowl.

For crushed finger thoroughly apply **Hanford's Balsam.** Adv.

**Temporary Condition.**

"I saw you out in your new car yesterday."

"Did I look like a motorist?"

"Well, no. You had an air of responsibility that gave you away, but that will disappear in time."—Birmingham Age-Herald.

**Dr. Pierce's Pellets** are best for liver, bowels and stomach. One little Pellet for a laxative—three for a cathartic.

**The Substitute.**

"Does heep big Indian ever smoke the pipe of peace any more?"

"Not these days," said the Carlisle graduate. "Have a cigar?"—Louisville Courier-Journal.

**KOVERALLS**

Keep Kids Kleen

The most practical, healthful, playtime garments ever invented for children, 1 to 8 years of age. Made in one piece with drop back. Easily slipped on or off. Easily washed. No light elastic bands to stop circulation. Made in blue denim, and blue and white hickory stripes for all the year round. Also lighter weight, fast-color material in dark blue, cadet blue, tan or dark red for summer wear, all appropriately trimmed with fast-color galons. Made in Dutch neck with yellow sleeves and high neck and galon sleeves.

Awarded GRAND PRIZE at the P. F. L. E.

**Fall On Pick Is Fatal.**

Grants Pass—E. P. Grant, mining man who has been working in the Waido country for several years, was so severely injured when he fell on a pick here that he died in a short time after. He was working on the roof of a small shed being constructed on the Logan property at Waido when he fell, striking a sharp pick, the point of which penetrated his chest five inches. Dr. Loughridge raced 41 miles but the patient was dead before he arrived. Mr. Grant was 64 years of age and had no relatives as far as known.

**Examination Dates Set.**

Salem—Examinations for state teaching certificates will be held in every county in Oregon June 28, 29, 30 and July 1, J. A. Churchill, State superintendent of public instruction, announces. Notices to this effect were sent out to all county school superintendents.

**About Oregon**

**University of Oregon Celebrates Fortieth Anniversary This Week**

University of Oregon, Eugene—The fortieth anniversary of the opening of the University of Oregon was celebrated Monday June 5. Other events of the day were the commencement address by Dr. Ray Lyman Wilbur, president of Leland-Stanford university, to the University of Oregon graduating class; and the laying of the cornerstone of the new Education building.

The story of the founding of the State University has a romantic cast. The pioneers of Lane county—hard-working men with few resources; most of them—raised \$50,000 to induce the state to locate the university at Eugene; and their \$50,000 was devoted to the building of Deady hall. These early settlers made all kind of sacrifices to raise the money: One man would sell a cow and give a portion of the proceeds; another would give the returns from two or three sacks of wheat from a load he had hauled to town.

The graduating class this year numbers about 100. Some of them will pursue post-graduate work, some will go into business, a few will continue work for professional occupations, and many will enter high school teaching.

**Royal Arch Masons Elect Officers at 56th Convention**

Albany—S. S. Spencer, of Eugene, was elected grand high priest of the grand chapter, Royal Arch Masons of Oregon, at the 56th annual convention of the grand chapter here this week. James F. Robinson, of Portland, was re-elected grand secretary for the 26th consecutive term and David P. Mason, of Albany, was chosen grand treasurer for the 25th annual term. Both Mr. Robinson and Mr. Mason are past high priests.

The work of the convention was completed Wednesday and the session adjourned. No meeting place was selected for the next annual convention, as the grand chapter meets at the same place as the grand lodge, which will select the convention seat at its meeting which immediately follows the Royal Arch chapter convention here.

Other officers for the ensuing year were elected as follows: Deputy grand high priest, Silas M. Yorlan, of Eugene; grand king, Max Block, of Oregon City; grand scribe, James H. Richmond, of Portland; grand captain of host, Thomas M. Baldwin, of Prineville; grand orator, F. S. Dun, of Eugene; grand chaplain, L. A. Wright, of Union; grand principal, sojourner, Frank W. Settlemier, of Woodburn; grand royal arch captain, Walter R. Bilyeu, of Albany; grand master, third veil, F. M. Patterson, of Portland; grand master, second veil, George G. Brown, of Salem; grand master, first veil, C. H. Marsh, of Marshfield; grand sentinel, D. G. Tomasini, of Portland.

**Aid Promised to Baker.**

Salem—That the claim of Baker county for state aid in road construction and improvement would be considered by the State Highway commission when the apportionment of next year's fund is made, was the assurance given by the members of the board to the Baker county court this week.

Members of the Baker county court, composed of County Judge Messick and Commissioners Ritter and Welch appeared before the board with the request. Improvement of the highway running for a distance of approximately 70 miles from North Powder in Union county to Huntington in Baker county is proposed. The road is said to be graded and the county has expended considerable money on it.

**Water Supply Is Ample.**

Gaston—The new water system is now in working order and Gaston has an abundant supply of the purest mountain water. It is piped from Sain creek by the North Coast Power company and is the same water supplied to Hillsboro, Beaverton and Cornelius. The Dennis Construction company has had charge of the work. With the new system, ample fire protection is now assured and with nine fire hydrants, 800 feet of standard hose and a fine hosecart, the Gaston volunteer fire department is now ready for action. City officials made a test of the new supply and found plenty of water and good pressure.

**Fall On Pick Is Fatal.**

Grants Pass—E. P. Grant, mining man who has been working in the Waido country for several years, was so severely injured when he fell on a pick here that he died in a short time after. He was working on the roof of a small shed being constructed on the Logan property at Waido when he fell, striking a sharp pick, the point of which penetrated his chest five inches. Dr. Loughridge raced 41 miles but the patient was dead before he arrived. Mr. Grant was 64 years of age and had no relatives as far as known.

**Examination Dates Set.**

Salem—Examinations for state teaching certificates will be held in every county in Oregon June 28, 29, 30 and July 1, J. A. Churchill, State superintendent of public instruction, announces. Notices to this effect were sent out to all county school superintendents.

8th Floor Title & Trust Bldg., Portland, Ore.

**A Kansas Editorial**

It warmed our hearts the other day to see a top buggy, new and glistening, claim a place among the motor cars and farm wagons in the rank around Centerville's court house square. When we found out who owned that buggy we couldn't help but chuckle. Dodge's boy has the right idea; gasoline can burn up the roads, but a trusty old nag with a buggy will find the shortest way to Sarah's heart. Bide your time, Jim! The good old country buggy is still the king of siege guns in Centerville's affairs of affection. Two or three nights a week young Shaw takes Sarah for a spin in his filver. Well, let him—and as often as he wants! Mere speed can't win a girl like Sarah. Give Shaw his choice moonlight nights and be you content with the dark ones. His eyes are always on the road. His hands are busy with the steering wheel. His voice is drowned in chugs and whirs and sputters. Here lies your incomparable advantage, Jim; you can lay down the reins! A long road and a shadowy one. Something to say and an eternity to say it—Coilera.

**Onion Seed Poor.**

The average germination percentage of onions in Oregon is low this year, only 51.90% germinating, as compared with 75.13% for last year. The germination of over 34% of the onion samples was below 25%.

Onions make up over ten per cent of all germination tests made in the Oregon Branch Seed Testing Laboratory this year.

**Practical Prohibition.**

"I understand you are now one of the officials of Crimmon Gulch."

"Yep," replied Bronco Bob. "I come in on the prohibition ticket."

"And how is prohibition working out?"

"Fine. We've got it fixed now so that nobody but the particular friends of us authorities can buy or sell a drop."—Wichita Eagle.

**HELP FOR WORKING WOMEN**

**Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.**

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the **Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.**

Sheep—Yearlings, \$7.50 @8.50; wethers, \$7 @7.50; ewes, \$5.50 @6.50; lambs, \$8 @9.

**Local Fruit and Produce**

**Plentiful On Tacoma Market**

Tacoma—Plenty of home-grown strawberries forced the price down again this week, the berries now being quoted at \$2.25, the lowest price this season. The Kennebec berries are at the end of their season and are inferior in quality. Oregon berries are coming in their place, but only small lots are being received.

Cantaloupes are popular, with the trade, and the price is rapidly declining to the regular summer level. Apples are near the end of their season and will soon be off the market. Cherries, apricots and plums are features on the fruit market, coming from California in good condition.

Green peas are scarce and have advanced to 10 cents a pound. The scarcity is said to be on account of unfavorable growing weather. Beans, both green and wax, new beets, carrots, turnips, head lettuce and new potatoes are arriving daily by express. Hothouse tomatoes and cucumbers are meeting with a better demand with warm weather.

No change in the price of meat is expected until about the middle of next month when grass-fed cattle and sheep will begin coming into the market. The price of meat goes down with the abundance of grass, dealers say. Fish is scarce, especially halibut. Eggs, butter and cheese are holding firm.

**English Hop Embargo Pending.**

Mail advices from England under date of May 18 report the weather very favorable for the growing crop, and the hopyards as looking promising, also that the labor difficulty seems to have been overcome as regards work in the hopyards. According to newspaper reports, the house of commons on May 29 passed the second reading of the bill which would reduce the output of beer 30 per cent on the 1913-14 output, or by 15 per cent of the 1914-15 output. This measure empowers the government to prohibit the importation of hops unless the home-grown supply is insufficient to meet the requirements, when licenses for importations are to be granted.

**Rogue Salmon Catch Big.**

Marshfield, Or.—Although the fishing season on Rogue River is two months from its height, more fish have been caught, canned and shipped from there this season than for any other time covering the same period in recent years. The Macleay estate has shipped from its Wedderburn cannery 4000 cases of the fine Rogue River chinook and has 2000 more cases packed. The unusually large output is accounted for by the intense rivalry among the fishermen who are taking dangerous chances in handling their drift nets.

**Save Money on Your Stump Blasting—**

The explosives that get stumps out cleanest and cheapest are those that have a heaving and lifting effect, shattering the stumps just enough to break them up. Then you can handle them easily.

"The farmer," says an Experiment Station, "should use an explosive that stands all ordinary shocks of handling and does not easily freeze. He does not need the expensive nitroglycerine explosives." Thousands use

**GIANT FARM POWDERS**  
STUMPING—AGRICULTURAL

and save money because they go further than others. They are made especially to suit Western farm conditions.

Giant Farm Powders—the product of the oldest manufacturer of high explosives in the United States—are the only genuine "giant powders" for agricultural use. They are made in two brands—Giant Stumping Powder, ideal for blasting in wet ground; and Eureka Stumping Powder, the money-saving, low-freezing explosive for blasting stumps in dry soil.

Ask your dealer for Giant Powders and blasting supplies. If he does not have them we shall see that you are supplied.

**THE GIANT POWDER COMPANY, Con.**

"Possibly to give the audience an unhampered chance to talk."—Louisville Courier-Journal.

**Somewhat Euphonious.**

"You must have cut a dash in Italy."

"Why do you say that?"

"I hear you rented a palace."

"Well, the real estate agent called it a palace. Real estate agents, the world over, are much alike."—Louisville Courier-Journal.

**URIC ACID--GOING--GOING--GONE**

**"Anuric" Will Not Fail to Stop Your Backache.**

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminatory organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, drowsy and many other serious disturbances. Doctor Pierce of Buffalo, New York, advocates that every one should drink plenty of pure water between meals. Every day should exercise in the outdoor air sufficiently to sweat profusely, and from time to time stimulate the kidney action by means of "Anuric." This preparation has been thoroughly tried out at his Sanitarium, in the same way as his "Favorite Prescription" for weak women and "Golden Medical Discov-

ery," the standard herbal system tonic (both of which now come in tablet form for convenience of carrying and taking). "Anuric" is now being introduced here, and many local people are daily testifying to its perfectness.

When you have backache, dizzy spells or rheumatism, heed nature's warning. It means that you are a victim to uric acid poisoning. Then ask your druggist for "Anuric" and you will very soon become one of hundreds who daily give their thankful indorsement to this powerful enemy to uric acid.

If you have that tired, worn-out feeling, backache, rheumatism, neuralgia, or if your sleep is disturbed by too frequent urination, get Dr. Pierce's Anuric Tablets at drug store, full treatment \$1.00, or send 10c for trial package to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.
