"HEALTH"

DR. KORINEK'S KOW KONDITONER stimulates the generative organs and is a powerful breeding tonic, insures easy calving and cleaning and prevents milk fever, inflamed legs and in fact any disease that may attack a cow when in a weakened condition. Kow Konditioner will increase the flow of milk 5 to 10 per cent without an increase in feeding.

ELECTRIC MOTORS

Bought, Sold, Rented and Repaired. **WALKER ELECTRIC WORKS,** Burnside, cor. 10th. Portland, Ore.

The Last Act.

Into the jeweler's shop came a simple-looking old chap, with a quaint, old-fashioned kitchen clock under one arm.

"I want you to look at it," he said, as he laid the timepiece on the counter. "and tell me what's wrong."

The jeweler removed the dial of the clock, screwed his magnifying glass into his eye and poked about in the clock's interior.

"Nothing wrong with it now," he announced presently. "It's sufferings are over."

Worse Luck!

Men who are too lazy to work and too proud to beg are usually too indifferent to die.—Judge.

THE VALVELESS PUMP

More Water—Less Horsepower, Less Cost, Most Efficient for Irrigation, Mining, Fire Protection and Domestic Uses. Small, Light, Powerful, No Valves, No Plungers, No Cylinders, Destructive High Speeds Eliminated. Pump Runs on Low Speed. Will Pump Water and Air Simultaneously. Will Pump boiling water. Has record for vertical suction lift of 33.6 feet. Can be installed by Anyone. Impossible to Make a Mistake. Delivers More Water, with far Less Horsepower, than Any Pump Known. No Priming Required at Any Reasonable Suction.

Write for Catalog, Prices and Testimonials before you buy.

THE VALVELESS PUMP CO., 8th Floor Title & Trust Bldg., Portland, Ore.

Better Ways.

Progress is no monopoly of the cannon makers. In one issue of the "Electrical World" we note that the Columbus (Ohio) Railway Power and Light company has set out to make its buildings safer. Fire escapes, standard doors, and other improvements have been added along with a rigid system of inspection to prevent the accumulation of waste and grease, so that in three years fire risks and insurance rates have been cut nearly in half. In Johnston, S. C., F. M. Boyd, manager for the Carolina Public Service company, has devised a new type of twenty-five-foot pole with a twelve-foot mast-arm sticking out on the street side so as to keep the poles lined up on the curb but get the wires away from the beautiful old elms and water oaks that are the glory of Johnston's highways. Anyone who has seen the ruin and mutilation left by fanatical tree trimmers will appreciate Mr. Boyd's device. The Ohio Electric Light association reports that its members have saved from three to five cents per ton on all coal handled at certain of their power houses by putting in an eight-hour day for firemen. This ought to interest the old-timers who think twelve hours' toil an inalienable right for engine-room workers. Those three items cover vital subjects and are only part of the gist in one issue of a live technical journal. That's how our United States goes along.—Colliers.

IS YOUR STOMACH IN A BAD CONDITION?

TRY HOSTETTER'S STOMACH BITTERS

IT IS FOR INDIGESTION, BILIOUSNESS, MALARIA, FEVER AND AGUE

An Effective Mask. "Such a lot of things happened this afternoon, dear," said Mrs. Young-bridge to her husband. "I complained to Norah about the stove not being blackened and she put on her things and left. Then I decided to black the stove myself, and right in the midst of it who should call but Mrs. De Style."

"What in the world did you do?" "Just put some more blacking on my face, went to the door and told her I wasn't in. And off she went, saying she would call again."—Boston Transcript.

PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

Sheep—Yearlings, \$6.50 @ 7.25; wethers, \$5.50@6.75; ewes, \$4.75@5.50; lambs, \$7@8.85.

Feed Grain Prices Remain Firm.

Portland—The oats and barley markets became stronger at all points on the Coast as it is believed the government will require a considerable supply of these feed cereals on the border and in Mexico. No army orders have been issued for supplies other than those already contracted for, so far as known, but traders look for buying for this account before long. For the present it is likely the quartermaster's department will be amply supplied with feed stuffs previously ordered sent to the regular army posts, which will be delivered to border points.

Although the oats market has gained in strength, there has been no speculative trading in the country. Oats holders are still willing to sell at \$26. At the Merchants' exchange \$25.50 to 25.75 was bid, prices 25 to 75 cents over the offers of Wednesday. No barley is being offered for sale here, but at San Francisco futures were higher. California barley can be laid down in Portland at practically \$28.

There was no trading in wheat. Prices at the exchange averaged a cent higher, in response to the Chicago advance. The rain has improved the Northwestern crop fully 5 per cent. In some parts of Oregon the gain is estimated at 15 per cent.

Atlantic Freight Rates Decline.

Several commodity markets have been more or less influenced by the increased supply of freight room and a consequent reduction in freight rates, says a news bulletin issued by Rensselaer, Lyon & Co., of New York.

Coffee has declined and cotton has had an advance in this country as a result of the improvement in the freight situation, but so far sugar has not responded by any decline. The fact that the stand taken by this country has checked the activity of the German submarines has improved the freight situation and reduced insurance rates. There has been a large fleet that was tied up by ice in North Russian waters released and the allies have turned back into commercial life many boats that have been used as transports. It looks as if during the summer freight congestion at the ports will be, in a great measure, relieved and this is bound to benefit generally American business.

Wheat Sellers Withdraw.

Portland—Although wheat prices advanced 2 cents at Chicago because of the prospect of war with Mexico, local grain men were unable to see why the market should have been affected at all. Nevertheless, the traders at the Merchants' Exchange considered it wise to be on the safe side and, therefore, withdrew from the market as sellers. There were the usual number of bids, but except for August delivery, they were the same as Saturday's and as wheat cannot be bought anywhere near the prices named, no risk was run.

Ordinary powders and dynamites waste much of their energy by shattering and pulverizing. To get the best results in land-clearing operations the explosives should disrupt, crack, split and heave the stumps and at the same time lift and remove the roots for easy handling. The explosives that do this are

GIANT FARM POWDERS
STUMPING—AGRICULTURAL

—made by a Western Company especially to meet Pacific Coast conditions. More than 2,000,000 pounds used every year for stump blasting in Washington and Oregon alone.

There are two Giant Farm Powders—Giant Stumping Powders for wet soil and Eureka Stumping Powder for blasting in dry soil. They do their work at the lowest possible cost.

Test one case. Compare it with any explosive that you have ever used. After you have blasted a dozen stumps you will understand why those who have once used them always continue to use Giant Farm Powders.

Our free book on Stump Blasting tells how to save money in land-clearing. It shows how to make land-clearing easier by using Giant Farm Powders. We have other books on Boulder Blasting, Tree Planting, Subsoil Blasting, and Ditch Blasting. Write today for the book in which you are interested. Your name on a post-card will bring it.

Live on \$8 a Month.

University of Washington, Seattle.—Those who fret and stew over the high cost of living received an awful jolt this semester, when two students and two alumni of the university admitted that their total individual living expenses for the semester, including telephone and electric lights, averaged \$8 per month. The men live in a coily furnished houseboat on Lake Washington, close to the campus. They do their own housekeeping and cooking and have cut their expenses to the minimum, although enjoying most of the comforts of home.

WONDERFUL HOW RESINOL STOPS SKIN TORMENTS

The soothing, healing medication in resinol ointment and resinol soap soothes and cools the irritated skin, and usually stops itching at once. The resinol treatment speedily heals eczema, ringworm, and similar eruptions, and clears away disfiguring pimples even when other treatments have been almost useless.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for twenty years. Every druggist sells resinol ointment and resinol soap.—Adv.

All Deliveries in Rear.

Barry Sullivan, the tragedian, was playing Richard III on one occasion. "A horse, a horse! My kingdom for a horse!" someone from the gallery called out. "Wouldn't a donkey do as well, Mr. Sullivan?"

His Status.

"What are you, my man, a plain tramp?" "You may say so, mum. Or, if you wish to follow the plan so prevalent these days of giving everything a special name—" "Yes?" "You might call me an efficiency expert."—Louisville Courier-Journal.

"ANURIC"

The Latest Discovery in Medicine.

Why Suffer From Backache, Lumbago, Rheumatism?

It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A remedy, called "ANURIC," has been discovered by Dr. Pierce in his hospital practice, which he believes is thirty-seven times more potent than lithia, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, or sore, stiff, aching joints.

When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability. "ANURIC" prolongs life

because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.

Dr. Pierce, chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of overworked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he has determined to place "ANURIC" with the principal druggists in town where people could get this ready-to-use medicine.

"ANURIC" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery.

If you want quick relief by taking it now—or send Dr. Pierce 10c. for trial pkg., or \$1.00 for full treatment. This will prove to you that "Anuric" eliminates uric acid from the system as hot water melts sugar.

KOVERALLS

Reg. U.S. Pat. Off. Keep Kids Kleen

The most practical, healthful, playtime garments ever invented for children 1 to 8 years of age. Made in one piece with drop back. Easily slipped on or off. Easily washed. No tight elastic bands to impede circulation. Made in blue denim, and blue and white hickory stripes for all the year round. Also lighter weight, fast-color material in dark blue, cadet blue, tan or dark red for summer wear, all appropriately marked with fast-color plaques. Made in Dutch neck with elbow sleeves and high neck and long sleeves.

Had Made Start.

Pete, the hired man, was known for his prodigious appetite. One morning he had eaten a normal breakfast of oatmeal, buckwheat cakes, toast, fried potatoes, ham, eggs, doughnuts, coffee and the usual trimmings, and gone to the neighbor's to help with extra work. Pete arrived before the family had risen from the morning meal.

"Well, Pete," hospitably inquired the farmer, "had breakfast yet?" "Aw," drawled Pete in a wheedling tone, "kinda."—Everybody's Magazine.

Always Have It on Hand.

Don't wait until you get scalded or burned because that will mean much suffering while you are sending to the dealer's for Hanford's Balsam of Myrrh. Always have it on hand and be prepared for accidents. The Balsam should give you quick relief. Adv.

Wise Cur.

Traveler—Here, landlord, what's the matter with your dog? I've driven him away a dozen times, but he comes back and sits close to my chair, watching every mouthful I take. Do turn him out and let me have my dinner in peace.

Landlord—Ah, sir, my Carlo is such a knowing brute! I expect you've the plate he usually eats off of.
