Friday morning while trucking lumber on the mill dock the truck caught on some obstruction and was thrown off the dock landing on the ground eight or ten feet below. The horse hitched to the truck was pulled backward on top of the load and it was necessary to build a bridge to get him out from between the stacks of lumber. Luckily the horse escaped with only a few skinned places.

The pile-driving crew are making rapid progress driving piles for the side-tracks at the mill. A track will be built east of the burner for a log dump and a spur put in between the new track and the old one for loading wood. The old one will be used to load timbers direct from the mill and will avoid delay. Under the old system they were obliged to push out a lumber car or wood car before they could get in to dump their logs. The grade south of the plant will be lowered about four feet making it much easier to get in with the logs.

VIOLATING THE LAWS.

The city council are prone to pass laws for the "peace and safety" of the community and forget it before they adjourn so far as enforcement is concerned. Slack enforcement of existing laws has rendered the said laws a standing joke. If such laws are violated every day are not for the best interests of the city, why not repeal them. An ordinance to govern the speed of automobiles was passed at the last regular meeting, yet it would take something stronger than the naked eye to discern any abatement in speed. If laws are not to be enforced, or only when some one wants to "get even" better cut them out. The people generally do not know the laws. The council caused the charter and ordinances to be published in book form and now have some 250 copies safely stored. Why not distribute these books out among the people that they may become familiar with the laws.

MINISTER GIVES GIRLS TWELVE GOLDEN RULES

Divine Tells Them to Think Carefully and Prayerfully About Their Wedding Day.

Cleveland.—"Twelve Golden Rules For Young Ladies" was the subject of the sermon delivered by Rev. Thomas Hughes, pastor of the Rocky River Methodist church. The twelve rules are:

- "Always remember to be a lady.
- "Don't be loud and boisterous.
- "Be modest and virtuous.
- "Choose carefully your company of both sexes.
- "Open your eyes and ears, but keep your heart closed to the gush and nonsense from the so called lovers.
- "Be careful about your dress. Have it becoming and tasteful.
- "Be more careful about what is in your head than what is in your heart.
- "Don't be self conceited.
- "Don't keep company with a sinful young man.
- "Think carefully and prayerfully about your wedding day.
- "Be considerate about the time and money of your gentlemen friends.
- "Be true to the best ideals of womanhood."

DRIVEN INSANE BY 100 CIGARETTES A DAY

Sent to an Asylum Upon Saloon-keeper's Complaint and Doctor's Testimony.

Detroit, Mich.—Frank Winters, the man who smoked a hundred cigarettes a day, was committed to the Pontiac asylum by Judge Hulbert recently in the probate court.

The incessant use of the cigarettes was declared by Dr. S. L. Layton, who examined Winters, to have affected his mind. Frequenting a saloon at the corner of Chamberlain and Lawndale avenues, Winters smoked until his supply gave out and his money too. After that he begged smokes from the customers of the saloon, according to Joseph Berman, the proprietor of the place.

Berman petitioned the court to have Winters taken to an asylum. A German by birth, Winters was getting along well in this country until the cigarette habit got the upper hand. Given jobs by Berman, Winters even lost his power of application to simple work.

"No more work for me," he would say as he would sit down on the job, Berman told investigators. The nicotine undoubtedly had a deteriorating effect on his mentality, Dr. Layton declared.

FEWER KANSAS FARMERS.

There Are Not So Many Now as Ten Years Ago.

Abilene, Kan.—Fewer people are engaged in agricultural pursuits in Kansas now than ten years ago, according to J. C. Mohler, secretary of the state board of agriculture.

"In 1895 of those engaged in all occupations 55 per cent were in agriculture," he declared, "and in 1905 59 per cent and in 1915 46 per cent. It is a very discouraging sign in a state like Kansas, where agriculture is the overshadowing industry, that fewer instead of more people are engaging in it."

Some of the serious problems that must be solved in Kansas are those of the home seeker, the ownership of lands, employment of capital, better farming and the improvement of conditions of rural life, Mr. Mohler asserted.

WOULDN'T SPOIL HIS FINGERS

Artistic Hands, Out of a Job, Refuses to Shovel Coal.

Montclair, N. J.—If a man has "plano fingers" and is offered a job on a coal wagon should he accept the job to support his wife and six children, or should a philanthropic society place him in some position where his digital refinement would not be affected by manual labor?

This is one of the questions propounded in the annual report of Mrs. Nettie E. Patterson, superintendent of the Altruist society. Mrs. Patterson mentions the case in referring to the difficulties that confront the society. She said that a man when offered a place on the coal wagon refused, saying he had been told he had "plano fingers" and did not wish to spoil them.

UNABLE TO FIND A WIFE.

Farmer Has Been Searching Sixteen Years, but So Far Has Failed.

Bridgeport, Conn.—Joseph Cronan, a farmer of Derby, announced that he had searched forty-two states and two countries of Europe and that, while in a receptive mood, he had not found a girl suitable to be his spouse. "I am strictly temperate, a healthy and strong farmer, and I have been searching sixteen years for the right kind of a wife," he declared. "I have yet to find the woman, and I wish the newspapers would help me."

Pig Ate Sixty Others' Tails.

Findlay, O.—Anson James, a Delaware county farmer, went into his hog yard and found sixty of his sixty-one pigs minus tails. He watched the drove for awhile and saw the sixty-first pig trying to eat his own tail.

"Nervous exhaustion—blinding headache"

Striving to satisfy the demands of everyone is apt to affect the nerves, and continual standing may weaken the Heart.

Dr. Miles' Nervine is invaluable for Nervous troubles, and for the Heart

Dr. Miles' Heart Treatment is highly recommended.

IF FIRST BOTTLE FAILS TO BENEFIT YOU, YOUR MONEY WILL BE REFUNDED.

LIVED IN MISERY.
"I suffered greatly from nervousness and headaches. The least excitement gave me dreadful pain. I began using Dr. Miles' Nervine and a few days later started to take Dr. Miles' Heart Treatment. I soon got so much better that I was encouraged and continued taking the two remedies until I was so well that work was no bother to me at all."
