Beware of Ointments for Catarrh That Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Private C. A. Elwood of Co. C, 3rd Oregon visited at the home of Wm. Ford Sunday. He left Camp Withycomb Tuesday to join his Company now encamped at San Diego.

DEMOCRATS FOR HUGHES.

Polk County Citizens to Support Republican Nominee.

The Dallas correspondent for The Oregonian sends his paper the following bit of interesting political news:

"Charles Gregory, of this city, who was president of the Woodrow Wilson club in 1912 and has been a democrat all his life, has registered as a republican and will vote for Charles E. Hughes for president this year. He has said that while democratic ideas may be correct in theory, he believes they are not practical. J. G. Van Orsdel, sheriff of Polk county several years ago and still registered as a democrat, will support Mr. Hughes this year.—Observer.

INDIAN FAIR.

Robert R. DePoe, Albert Lane and John Williams, Publicity Committee for the Indian Fair to be held at Siletz, Oregon August 23, 24, and 25 were in this city Wednesday. They are endeavoring to make this fair better this year than ever. The fairs held there in years gone by are said to have been very interesting and well worth anyone's time to go and see. They will have many unique attractions, Indian ball games and other Indian sports.

Mr. DePoe is a very interesting conversationalist and is well informed. He was educated in Kansas and is personally acquainted with many of the prominent men of Kansas and Oklahoma.

ENFORCING THE LAW.

The idea that every citizen should report and prosecute every violation of the law that comes to his knowledge may be beautiful in theory but it will never be popular in practice. It never has been nor never will be. It might also be urged that every one should obey the law, pay his debts and lead an exemplary life. The average citizen will, when he sees some violation of the laws, turn aside and if possible avoid being mixed up in it in any way. For this reason it has been found necessary to employ police and other executive officers to prevent crime and bring to punishment the guilty. This is acknowledged to be the only way to keep the peace and anyone advocating different is probably insincere and would be the last person to bring in a complaint. If the officers selected to look after the welfare of the community fail to do their duty it is up to a higher power to see that it is done and not expect the ordinary citizen to have to see that the laws are enforced.

DOCTOR'S CAR BURNS UP.

While hastening to Airlie Sunday afternoon in response to a hurry up call Dr. V. C. Staats met with an accident that resulted in the loss of his Ford runabout. The car took fire from the exhaust and was soon a mass of flames. The Doctor rushed the machine into a nearby barn yard and soon had the flames extinguished with water from a well, but not until the top had been entirely destroyed and the rest of the car so badly damaged that it was practically beyond repair.—Dallas Itemizer.

NEW M. D.

Dr. G. E. Prime has opened permanent offices in Falls City. The doctor comes here very highly recommended as a physician and surgeon. He was engaged in the practice of his profession in Portland for one year. He then accepted the position of House Surgeon at the Columbia Hospital at The Dalles for one year. His education, training and experience is of the best, and we feel sure he will be a valuable and useful citizen in our city and community.

DISAPPOINTED

The Salem Capital Journal says that Hughes' initial speech at Detry Tuesday was a disappointment. Too bad! We are of the opinion, however, that the Capital Journal will suffer greater disappointment next November.

INDEPENDENT—THAT'S ALL!

We had always supposed that our friend Woods, of the Falls City News, was a Republican, but judging from the cartoon service he has started, he has come over into the "party of the people." Welcome!—Itemizer.

Glad that friend Bloom enjoyed the cartoon we used last week. Drowning men grasp at straws, it is said. Some people are so prejudiced that they will not read a paper of different politics from their own, nor listen to a preacher

of a different faith. The editor of the News is a Republican, yet reserves the right to criticize his friends from Mayor down to President of the United States. We have Democratic readers and believing that they would enjoy something in the line of their belief we shall from time to time dish up a little Democratic fiction.

Last week the Monmouth Herald printed a picture showing the interior of the septic tank of the Normal school. It is wonderful, the strange things that will accumulate in such places.
