Beware of Ointments for Catarrh That Contain Mercury

Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

ARE YOU ONE OF THEM?

There are quite a number of subscribers, presumably, honest citizens, who are in arrears for their subscription. The cost of paper and other materials used in the printing business have advanced practically double the price of a few months ago making it necessary for the newspaper publisher to economize in every way possible as well as to insist that overdue accounts be paid. If you have any suspicions that you are in arrears don't be bashful but come in and pay up.

FAVORS WOMAN SUFFRAGE.

Some time ago a consideration of our economic conditions and tendencies, of the position of women in gainful occupations, of the nature and course of the demand, led me to the conclusion that the granting of suffrage to women is inevitable. Opposition may delay, but in my judgment cannot defeat this movement. If women are to have the vote, as I believe they are, it seems to me entirely clear that in the interest of the public life of this country the contest should be ended promptly. I favor the vote for women.
