WORLD'S DOINGS OF CURRENT WEEK

Brief Resume of General News From All Around the Earth.

UNIVERSAL HAPPENINGS IN A NUTSHELL

Live News Items of All Nations and Pacific Northwest Condensed for Our Busy Readers.

Seven hundred thousand workers in New York are said to be ready to strike in sympathy with the streetcar men.

More than 700 vessels have been added to the fleets flying the American flag in foreign trade in the two years ended June 30, 1914.

The British steamers Llangors E. Buttow and Swedish Prince have been sunk by submarines. The crews of the vessels were saved.

A purchase of 300,000,000 feet of timber has been made by the Oregon Lumber company, near Baker, Ore., and a new mill will be built.

Armenians in Asia Minor who took refuge in Aleppo when exiled recently by the Turks, now have been ordered to leave the new locality, according to dispatches to the State department.

Two buildings, including the stockhouse of the International Cement company's plant at Irvine, Wash., were destroyed by fire Monday. The loss was \$100,000, covered by insurance.

Surprise raids on two alleged gambling houses in San Francisco, maintained, according to the police, in two hotels in the so-called downtown tenderloin district, resulted in the arrest of 230 men.

The Cooks and Waiters' union has filed a suit for \$300,000 damages against the Law and Order committee of the San Francisco chamber of commerce, alleging it has formed a conspiracy in violation of the penal code.

One of the largest sales of the year was consummated in Pendleton, Or., when Henry Bain, of Havana Station, disposed of his fine 600-acre Umatilla county farm to Elmer McCormack, a prominent young farmer, for \$60,000.

The employees of all the big German banks hold special meeting to discuss the cost of living. They adopted unanimously a resolution asking directors of all Berlin banks for an appreciable increase in salaries, that the employees may be able to make both ends meet.

Frost fell over the Great Lakes region Sunday night, according to reports to the Weather bureau. The frost extended as far south as Northern Tennessee. A heavy snowfall, with temperatures ranging from 24 to 28 degrees, was reported from Hibbing, Minn.

Florida, an important town in Northwestern Macedonia, is carried by assault by French troops, according to an official statement. The Bulgarians are retiring in disorder in the direction of Monastir, the statement adds. Serbian troops also have gained success in the region of Lake Ostrovo.

A general strike of longshoremen on the Atlantic Coast in sympathy with the striking longshoremen on the Pacific Coast will be urged upon the international officers of the union, it was announced by J. A. Madsen, of Portland, secretary-treasurer of the Pacific Coast district, International Longshoremen's association of America.

British railway trainmen hold out for 10 shillings advance in pay.

To the high cost of living is now added the high cost of being barbered. On and after an early date it will cost half a dollar for a haircut in San Francisco. The Barber Shop Proprietors' association, at a meeting held recently decided to raise from 35 cents to the higher figure the price of haircutting.

A number of young society men of Chihuahua City have been sentenced by Acting Governor Trevino to serve as street sweepers for 20 days. They were found guilty of disturbing the night's rest of the household of the father of Governor Ignacio Enriquez while serenading the town after a dance.

"Mary," the big circus elephant which killed her trainer at Kingsport, Tenn., recently, was hanged at Erwin. A railroad derrick car was used in the execution. The animal was forced to the tracks by other elephants, heavy chains were tied around her neck and she was hoisted in the air. She was valued at \$20,000 by her owners.

The mining town, You Bet, Cal., is swept by fire.

Returns from Thursday's elections in British Columbia, indicated that women have been given the right to vote and that prohibition has been adopted.

The Turkish government consents to shipment of relief supplies from the United States to famine sufferers in Syria. The action reverses the previous attitude of Turkish officials who had refused two urgent pleas by the department for the privilege to make shipments.

STREETCAR STRIKERS IN RIOT OVERPOWER NEW YORK POLICE

New York—The most serious rioting since the transit strike in this city began two weeks ago occurred Tuesday night in various sections of Manhattan when attempts were made to run cars on the Forty-second and Fifty-ninth street crosstown surface lines. Mobs of strikers and their sympathizers stormed two carbarns, overpowered the police and put to flight all railway employes in the vicinity.

Several motormen and conductors who had not joined the strike were beaten. Much property damage was done before police reserves arrived. The police assert that the strikers took advantage of the fact that many policemen were detailed to polling booths in the primary election. The strikers apparently planned their attacks, it was said, as disorders occurred in many places at the same time.

At Forty-second street and Broadway, one of the busiest spots in the city, a large crowd bombarded a car with stones they had gathered from a subway excavation.

The police reported late in the day that all surface cars had been ordered to the barns.

Numerous arrests were made and many of the rioters were clubbed. Several passengers were hurt by missiles.

Later, the strikers attacked the elevated trains from housetops with bottles and bricks. Policemen then were stationed on the roofs along elevated routes. After a citizens' committee had failed to effect a basis of settlement between the striking union car men and their employers, it was announced that apparently the only hope of averting a threatened sympathetic walkout of 700,000 workers, set for Friday, lies in a final appeal to be made to the labor leaders. The citizens' committee probably will confer with Mayor Mitchell and Oscar S. Straus, chairman of the public service commission in an effort to find some solution of the problem.

Fewer Irish Go Insane.

Dublin—Insanity in Ireland has lately shown a decrease, chiefly among women. This is something new, as Ireland's statistics for insanity have always been unusually high. The superintendent of the asylum at Belfast declares the reason is due entirely to the improved standard of living and to the restrictions on the liquor traffic. Many who lived in poverty are now in comparative luxury. There are solid grounds for hope that, especially among women, Ireland will witness a great diminution of neurotic disorders.

Rebel Drum is Returned.

Richmond, Va.—North and South shook hands Wednesday in the White House of the Confederacy, now a museum of the Confederate Memorial Literary society, when the Worcester Continentals returned a Confederate drum captured on a battlefield near Winchester, Va. Crowds lined the streets and cheered as the Continentals, escorted by the two battalions of militia remaining in the mobilization camp here, marched up with the drum.

Train Burned by Bandits.

El Paso, Tex.—An American arriving from the interior of Mexico said that on September 9, bandits captured a southbound passenger train on the Mexican National line about 35 miles south of Torreon. After robbing the passengers and taking such clothing as they had, he said they burned the train.

The passengers were picked up by a northbound train and taken to Torreon.

Famous Diplomat is Dead.

Chicago—William J. Calhoun, ex-minister to China, died late Tuesday at his residence here. Mr. Calhoun was 68 years old. He had been in ill health for some months, having been stricken with paralysis, and thereafter a complication of ailments set in. Mr. Calhoun gained fame as a diplomat through his mission to Cuba just pending the war with Spain and as special commissioner to Venezuela for President Roosevelt.

Rifle Plant to Resume.

Rock Island, Ill.—The small arms plant at Rock Island is to be opened September 25 and the government wants workers. Congress at its recent session passed an appropriation which will enable the plant, which has been discontinued since 1912, to resume operations. Rifles are to be manufactured. It is expected that at least 800 men will have work in this department alone.

Polar Party Heard From.

New York—News of the relief party headed by Dr. Edmund Otis Hovey, which was dispatched by the American Museum of Natural history to help the McMillan Crocker Land expedition, was received here Tuesday. Dr. Hovey wrote July 10 from Parker Snow Bay, Greenland, that he was starting for North Star Bay and that the entire expedition was in good health. From North Star Bay he planned to go to Battle Harbor.

Tidal Wave Wrecks Ship.

San Juan, Porto Rico—The four-masted schooner J. Holmes Birdsall, of Philadelphia, laden with coal, was washed on the rocks at the entrance to the harbor here Tuesday by a ground swell and was abandoned by her crew. The loss will reach \$200,000 and is covered by insurance.

LIVING COST GOES HIGHER THAN EVER

Even Higher Prices Are Predicted Before Winter is Over.

CANNED EATS UP 30 PER CENT

Cotton Goods Soaring With Woolens; Women's Shoes Double—All Cigars in Line of Rise.

Chicago—The cost of living this winter will reach an unprecedented scale and will affect every person, no matter what object may be purchased, according to a table of comparative prices compiled here Thursday. Merchants and producers are virtually unanimous in a forecast of further increases in prices which already advanced alarmingly within the last year.

Food prices, it is said, vary according to quality and quantity, but it is the small purchaser at retail who must pay most. Wholesalers say canneries throughout the country have informed them that fall and winter deliveries will be only one-third normal, while the last vegetable crop is said to be only half the quantity expected.

Canned fruit will be 30 per cent higher and canned vegetables are expected by wholesalers to increase 20 per cent in price.

Cotton goods have advanced between 25 and 35 per cent. Woolens have kept pace with cottons.

The best lines of women's shoes for fall and winter will cost twice as much as the same article last year, dealers say.

Even collars, that two-for-a-quarter staple which men have known for generations, will be a thing of the past. Collars now have been advanced to 15 cents each, and the laundries which have for years laundered collars for 2 1/2 cents have announced that 3 cents each will be the future cost.

Cigar jobbers raised their prices this week between \$4 and \$5 a thousand to the dealer.

Gov. Whitman, of New York, Leads in Both Party Primaries

New York—With only 864 election districts remaining to be heard from at 11 o'clock Wednesday night, the vote in the Republican primary for governor gave Charles S. Whitman 213,789 as against 39,983 for William M. Bennett. In the Progressive primary, with returns from 1400 districts missing, Mr. Whitman's vote was 10,233, as against 6889 for Samuel Seabury.

In the Republican contest for the nomination for the United States senate, William M. Calder received 141,387 votes against 134,817 for Robert Bacon, with only 333 districts missing. William F. McComb received a total of 81,771 votes as against 42,156 for Thomas F. Conway, with returns from 1102 districts missing in the Democratic primary for the nomination for the United States senate.

Four Attacks Made at Once.

Chihuahua City—Revolutionary attacks were made upon Guadaluajara, Tampico and Vera Cruz on September 16, simultaneously with Villa's Hidalgo day attack upon this city, according to reports received here Thursday by General Jacinto B. Trevino. Other than to say that, although well timed, the attacks in all three cities were promptly suppressed, no details were received.

General Trevino announced a revised list of the casualties in Saturday's engagement. The government losses in killed and wounded he placed at 53, while the Villa casualties, he estimated at between 200 and 250, including 94 prisoners taken and executed. He asserted that he had learned from captives that the bandits, who are reported to be reorganizing in the Sierra de la Silla, have with them about 150 wounded, who have neither medical attention nor medical supplies.

Seattle Bank Deposits Jump.

Seattle—With 29 out of 31 reporting banks showing gains in deposits ranging from \$2000 to \$1,300,000, total deposits in Seattle banks at the close of business September 12, according to reports of condition made to the call of the comptroller of the treasury, reached the aggregate of \$98,969,455. Since the last official call of June 30 there has been an unprecedented increase in total deposits of \$4,587,885, making an average monthly increase of more than \$1,800,000 and an average daily increase of about \$62,000.

Cattlemen Purchase Island.

San Francisco—The island of Lanai, one of the Hawaiian group, has been purchased by United States Senator Key Pittman, of Nevada, and a group of wealthy Nevada cattlemen, according to H. I. Lorentzen, who arrived here Thursday from Honolulu. The deal, said Lorentzen, involved more than \$1,000,000, but he refused to discuss it beyond stating that he was on his way to Nevada to gather cattle with which to stock this land.

NEWS ITEMS Of General Interest About Oregon

Many Paroled Men Make Good Showing

Salem—Men paroled from the Oregon penitentiary under the plan pursued by the present administration have more than justified the confidence placed in them by making good, according to Joseph Keller, state parole officer.

With the new system now followed in the release of convicts on parole, they are first provided with employment, and reports made by them to the parole officer show that during the last year paroled men earned a total of \$56,614.86. At the present time there are 326 men on parole. Thirty-one were recommended by the parole board to Governor Withycombe for executive clemency this month. Of this number 26 were recommended for parole. Officer Keller said that he had found work for nearly all of these prisoners.

Since the passage of the parole law in 1911, the records show that 711 prisoners have been paroled. The percentage of parole violations during this time has been 29, and 25 per cent during the present administration.

Of the 711 paroled men in the last six years, 173 have been discharged after having demonstrated that they had made good outside the prison. In the same period 76 parole violators have been returned to the penitentiary, and 136 violators were not returned.

Start Building Logging Road to Timber Tract

Sutherland—Two carloads of railroad grading machinery arrived in Sutherland from Portland Tuesday, and grading on the Sutherland line to the Roach company's timber, 15 miles east of here, will commence at once. The grade stakes were set during the past week by a crew of Roseburg engineers. Workmen are busy establishing a camp six miles east of town.

The work on the grade to the upper sawmill site, a distance of eight miles, will be completed within the next six weeks. From 25 to 30 teams will be employed at the outset, and the work will be under the direct supervision of the timber company. The engineer will be sent to the boundary of the Roach company's 50,000-acre tract immediately. From that point the first logging branch of the road will be staked into the heart of the best timber an additional six miles, making the distance from Sutherland to the first logging camp to be established a total of 21 miles.

Canneries Need Workers.

The Dalles—The fruit and vegetable-preserving industries of this city are badly hampered by the lack of labor. The companies are not in position to handle all the output of this vicinity as a result. The Libby-McNeill-Libby plant is working with only half a crew, which is all they can muster. They are busy on Bartlett pears, carrots and peaches. The Dri-Fresh company also is working short, suffering from a labor famine. They are evaporating peaches, pears and prunes, but will be unable to handle all that they wish to.

The commission-houses are over-packed and they are busy shipping to the outside.

University of Oregon Enters Class of Large Universities

University of Oregon, Eugene—The university this year is rounding the turn between the medium-sized and the large state university. The residence enrollment in liberal arts and sciences will show a one-eighth increase and will reach one thousand for the year, and this figure, combined with the enrollment in other departments, will give a total registration of about nineteen hundred. The university will thus be in the upper half of the forty-eight state universities in point of attendance.

The increase of attendance during hard times is due to the improved standards which are keeping Oregon students at home and to new work offered in commerce, journalism, and other departments.

Power Plant Proposed.

Klamath Falls—The waters of Link river within the city of Klamath Falls are to be used and a mammoth dam constructed across the head of the river, according to plans of the United States reclamation service. This is to be accomplished by leasing the right on the river.

The reclamation service has been planning for the development of the vast water power now going to waste, but, on account of lack of appropriation, the government is unable to do the work itself.

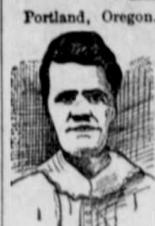

Tygh Valley Fair Success.

The Dalles—The Tygh Valley Fair came to a close Friday, ending in a grand ball. Fully 1000 patrons were on the grounds each day. The racing program was excellent and included several good size purses. Thursday was the Dalles day and about 30 autos from The Dalles were there.

The stock show drew an immense crowd and the fact that the section can raise fine blooded stock was proved by the number of thoroughbreds exhibited. The School Fair was a special feature.

A Well Known Woman Speaks

In Every Town in Oregon Neighbors Say the Same.

Portland, Oregon.—"I have used Dr. Pierce's Favorite Prescription for my nerves and a general break-down and after using only three bottles I was completely cured. I also used Doctor Pierce's Golden Medical Discovery for the blood and it proved very beneficial. I can heartily recommend Doctor Pierce's medicines."—Mrs. J. B. HAUGH, 643 Deacum Ave.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription, prepared only from nature's roots and herbs, with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

Why should any woman continue to worry, to lead a miserable existence, when certain help is at hand? What Doctor Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day from any medicine dealer in either liquid or tablet form.

Comparisons.

"So your boy Josh is a soldier now?" "Yep," replied Farmer Cortosell. "And I want to tell you the discipline is doing him good. It's the first time in many a year that Josh couldn't put on airs 'cause he was better dressed than I was."—Washington Star.

Spoke in Ringing Tones.

"Bridget, why don't you answer the doorbell?" "O' didn't hear it sayin' anything, mum." "You must have heard its tongue goin'."—Boston Transcript.

GIRL COULD NOT WORK

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?'"

My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

Write to Lydia E. Pinkham Medicine Co., Lynn, Mass. (confidential) for free advice which will prove helpful.

Versatile.

A lady stopping at a hotel on the Pacific coast rang the bell the first morning of her arrival and was very much surprised when a Japanese boy opened the door and came in. "I pushed the button three times for a maid," she said sternly, as she divided under the bed covers. "Yes," the little fellow replied, "me she."
