About Oregon

Great Educational Revival
Strikes Oregon Institutions

University of Oregon, Eugene.—An intellectual stimulus that state university observers so far have not accounted for appears to have come to Oregon this fall. Here are a few of the manifestations of it:
 Nearly 1,000 persons have appeared for university extension classes in Portland. Residence enrollment in liberal arts at Eugene will be nearly 1,100 for the year. Registration in the correspondence-study department is 528. Attendance at the summer school was 214. Other departments show similar growth. For example, 4,479 teachers of Oregon have this year done their reading circle work with the university.

The Portland increase is about 75 per cent; liberal arts residence increase is about 13 per cent; the correspondence-study increase is 19 per cent; the summer school increase was 70 per cent. This growth has come in a period when increases were not to be expected.
 When a member of the extension faculty made a trip on institute work to Harney county this month, a majority of the teachers were found to be interested in correspondence-study. The attendance totals for all Oregon institutions of higher education give this state a high place in percentage of population that goes beyond the high school.

State Engineers Tackle Water
Survey of Hood River Valley

Hood River.—Rhea Luper, engineer for the state water board, assisted by Fred Conhow and Malcolm Button, has begun the four months' task of making a survey of the entire area of the Hood River valley under the ditches of irrigation systems or that may be irrigated. During the next week H. K. Donnelly, another engineer of the water board, accompanied by R. C. Ingarram, will arrive here to assist in the task. George T. Cochran, of La Grande, eastern Oregon water superintendent, was here Saturday to inspect the initial work of the engineer. The work of the water board has been undertaken here for the purpose of adjudicating the water rights of the entire Hood River watershed. The task was initiated recently, when the supreme court, remanding a decision of Circuit Judge Bradshaw in the case of the Oregon Lumber company vs. the East Fork Irrigation District, referred the case to the water board.

Shooting Stars Promised.

University of Oregon, Eugene.—Two separate annual displays of shooting stars will be visible throughout Oregon November 15 and 24, according to E. H. McAllister, professor of astronomy and mechanics in the state university. The display due on November 15 may be seen in the early morning hours; that of November 24 is due in the early evening. The earth at these times will be cutting through the orbit of the swarm of meteors from which the stars come.
 Display of the aurora borealis will be visible in Oregon next winter, for the first time in 11 years, Mr. McAllister says. Northern lights are dim in this latitude of the west, except when the sun spots have reached their maximum number, which occurs only once in 11 years. A connection between the sun spots and the aurora borealis is believed by many scientists to exist.

Bridge Does Big Business.

Salem.—Traffic figures compiled under the direction of the state highway department show that in 30 days ending at 6:30 A. M. October 19, 21,008 automobiles, 13,858 motorcycles, bicycles and pedestrians, 10,397 horse-drawn vehicles, and 923 head of stock crossed the bridge over the Willamette river at Salem. The daily average of traffic over the bridge was: 700 automobiles, 462 motorcycles, bicycles and pedestrians, 343 horse-drawn vehicles, and 31 head of stock. The maximum of traffic occurred on Portland day during the recent state fair, when 1579 automobiles crossed the bridge.

Prunes \$6.40 a Hundred.

Roseburg.—The highest price paid for prunes in Douglas county this season was recorded here Wednesday, when Rush Clark, a Millwood rancher, sold his entire crop at \$6.40 per hundred pounds, orchard run. Mr. Clark had about 30,000 pounds of prunes.
 Practically all of the prunes grown in Douglas county have been sold and the local packing plants are working to their full capacity. This year's crop is said to be the heaviest in the history of the county.

Radio Station Under Way.

Marshfield.—The United States radio station being constructed at Englewood, a suburb of Marshfield, is about one-third finished. The piling for the residences has been driven and the grading at the site is one-half completed. A hill is being cut away to make the fill required for the grounds surrounding the station. A large percentage of the lumber has been delivered and the buildings now are under way.

1900 Cars are Lacking.

Salem.—All records for car shortage on the Portland division of the Southern Pacific company's lines were broken when reports to the Oregon Public Service commission showed the company 1900 cars short of its orders. The company reported that it had received orders for 2225 cars, and that 325 cars were available. A total of 73 empty freight cars were reported to have arrived at Ashland in 24 hours.

THERE'S AN Individuality

A Woman's Trouble.

Troutdale, Ore.—"I was troubled with weakness from which women suffer and after taking two bottles of Doctor Pierce's Favorite Prescription I was entirely relieved."—Mrs. M. E. JOHNSON, Troutdale, Oregon.

The mighty restorative power of Doctor Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. For nearly 50 years it has banished from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. Get it this very day from any medicine dealer, in either liquid or tablet form; or send 50 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for trial box of tablets.

Questions of Sex?—Are fully and properly answered in The People's Common Sense Medical Adviser, by R. V. Pierce, M. D. It contains the knowledge a young man or woman, wife or daughter, should have. 1008 pages with color plates, bound in cloth. By mail, prepaid—on receipt of 3 dimes or stamps.

An Exception.
 The sergeant halted the new sentry opposite the man he was to relieve.
 "Give over your orders," he said.
 The old sentry reeled off the routine instructions with confidence, but one of the special orders baffled him.
 "Come on, man!" said the sergeant impatiently.
 "On no account," stammered the sentry, "are you to let any questionable character pass the lines, except the colonel's wife."—London Answers.

YOUNG WOMEN MAY AVOID PAIN

Need Only Trust to Lydia E. Pinkham's Vegetable Compound, says Mrs. Kurtzweg.

Buffalo, N. Y.—"My daughter, whose picture is herewith, was much troubled with pains in her back and sides every month and they would sometimes be so bad that it would seem like acute inflammation of some organ. She read your advertisement in the newspapers and tried Lydia E. Pinkham's Vegetable Compound. She praises it highly as she has been relieved of all these pains by its use. All mothers should know of this remedy, and all young girls who suffer should try it."—Mrs. MATILDA KURTZWEG, 629 High St., Buffalo, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

If you know of any young woman who is sick and needs helpful advice, ask her to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass. Only women will receive her letter, and it will be held in strictest confidence.

Wheat Sets New High Record.

The 7-cent bulge in the Chicago wheat market this week met with a quick response in the northwest. Higher bids were at once sent into the country and the scramble to buy began. Details were lacking as to the amount of business done, but it was believed that well over 1,000,000 bushels changed hands.

The advance put bluestem 3 to 4 cents above the high point reached just before the submarine raid and raised the cheaper grades of wheat to the level that prevailed then. Bluestem sold locally at \$1.42 and there was considerable buying in the interior on the basis of \$1.43 Coast, with reports as high as \$1.45 also paid. At the Merchants' Exchange five thousand bushels of November bluestem were sold at \$1.42. Fortyfold and club bids were raised 2 to 3 cents, fife 3 cents and red Russian 2 to 4 cents. The Chicago advance was ascribed to short covering, following recent heavy sales to foreigners. More disastrous reports from Argentina and increased demand from the British and French governments for North American wheat accompanied the rise. It was said that of the Canadian crop, 25 to 30 per cent has been found to be unfit for milling.

The local oats market also gained in strength. Bids for all deliveries were advanced 75 cents at the exchange. Brewing barley was unchanged in the country, but feed barley was quoted \$1 higher here.

Local millers announced a 20-cent advance in patent and valley flours. Domestic and export straights were not changed. The new flour quotation of \$7.20 equals the highest point ever recorded here, which was in February, 1915.

Bradstreet's estimates the world's visible wheat increase at 11,500,000 bushels. The Canadian visible wheat supply is 16,317,000 bushels, the oats supply 1,450,000 bushels.

Highest Egg Price of Season.
 Portland.—Eggs sold at the Produce Exchange this week at 39 cents for current receipts, the highest price of the season. On the street sales were reported at 38 cents. Receipts were small and the demand by no means active. Aprils were offered at 33 cents with 31 cents bid. The butter market was firm. Extras in the open market brought 36 cents. At the exchange 35½ cents was bid and 36½ cents was asked. Dressed meats were in large supply and veal was weak with 11 cents the top and 10½ cents a clean-up price. Pork steady at 12@12½.

Portland.—Fresh receipts at the stockyards were limited, but a considerable quantity was carried over from last week, and this furnished material for an active market. The bulk of the hog sales were at \$9.25, as was the case the first of the week. Most of the hogs available this week have been of only average quality and buyers have acted accordingly. Cattle sales indicated a steady market.

W. L. DOUGLAS
"THE SHOE THAT HOLDS ITS SHAPE"
\$3.00 \$3.50 \$4.00 \$4.50 & \$5.00 FOR MEN AND WOMEN

Save Money by Wearing W. L. Douglas shoes. For sale by over 9000 shoe dealers. The Best Known Shoes in the World.
 W. L. Douglas name and the retail price is stamped on the bottom of all shoes at the factory. The value is guaranteed and the wear protected against high prices for inferior shoes. It will be money saved to protect the lumber against winter weather. Get Color Cards from your local dealer.

Not Flattered.
 An old Scotch woman, who had resisted all the entreaties of her friends to have her photograph taken and who was at last induced to consent, in order that she might send her likeness to her son in America, is the heroine of the following anecdote:
 On receiving the first proof she failed to recognize the figure thereon represented as herself, so, card in hand, she set out for the artist's studio.
 "Is that me?" she queried.
 "Yes, madam," replied the artist.
 "And is it like me?" she again asked.
 "Yes, madam, it's a speaking likeness."
 "Aweel," she said resignedly, "it's a humblin' sicht."—Tit-Bits.
