

GETTING WHAT PEOPLE WANT

We carry most of the things that you want, but if you want anything that we do not carry, we'll get it for you as quick as anybody else can. We haven't a very large stock, but we try to know the needs of the people that we sell to. We succeed pretty well in supplying them. Now and then, however, there is a demand for something that we do not carry.

We want you to bring your special needs to us, and we will get the goods. "If we haven't got it, we will get it for you." That's our motto, and we succeed pretty well in carrying it out.

COUNCIL MEETING.

The council met Monday night in regular session. Mayor Teal being absent Councilman-at-large F. K. Hubbard presided. The following councilmen were present: N. Selig, G. W. Brentner, R. A. Titus, Chas. Hubbard, G. D. Treat, Clay Oxford.

The usual routine of business was transacted allowing bills amounting to \$253.97.

A motion prevailed to grade Parry street from South Main west to the city limits. This street is in very bad condition and is badly in need of work.

A stand pipe was ordered put in on Lombard street between the railroad and Clark street.

A motion carried to collect \$5 from A. B. Allen for corporation tap. It appears that he has been getting water from a line running to F. K. Hubbard's and when Hubbard used the hydrant Allen could not get any water until Hubbard got through. An independent line was then run through and in tapping the main it was neglected to collect the usual fee for the tap, hence the charge of \$5 at this time.

A motion was carried that the hose cart on Clark street be moved from its present place to some other location. It was thought that a place across the street from its present position could be obtained.

A motion carried that the city engineer get the grade and make the necessary survey for the improvement on Parry street.

G. W. Brentner tendered his resignation as councilman and W. B. McKown was elected to serve until the next election.

It was agreed that the band boys be allowed to use the city hall for practice on Saturday nights.

IS HE HUNTING TROUBLE?

Dallas and all Polk county, with the possible exception of Falls City, are exceedingly proud of the record made in sending young men to the defense of the country.—Dallas Itemizer.

It is highly probable that the citizens of Falls City appreciate the sacrifice made by the boys called to arms as keenly as their more boisterous neighbors. War is a serious matter and more calculated to call forth serious consideration rather than great glee. It is very commonplace, perhaps, to the man who is too old, or crippled and knows he will not be called, but the man who expects to face the gun-fire of an enemy realizes that he is not going out on dress parade.

The slur cast by the Itemizer is despicable and will be resented by the citizen whom it seeks to slander.

G. W. Brentner has closed out his store here and will move to Newberg where he will reside in the future. Mr. Brentner has been in business here for the past eight years. He has not decided what business he will engage in.

A. A. Wade and family expect to leave Monday for Tashman, Washington. Mr. Wade traded his property here for a fruit farm near Salem, but as it was rented for this year he will make a trip up to his old home in Washington and remain during the summer, returning to his property near Salem in the fall.

The school board met Wednesday night and transacted part of its business. The following teachers were employed for next term: H. H. Lowe, Misses Graham, Ruth Ritenour, Bessie Lewis, Miller and Kennard, the rest of the appointments were laid over until Monday. Application was made to give permission to Prof. Lowe to teach the students military training. Objection was made to this on the grounds that as it was not compulsory that it would take too much of their time, when it should be given to their studies.

Polk County Pig Club

The Polk County Pig Club members are doing things. They are making the State Pig Club slogan "Better Hogs and More Profit" a reality.

The following letter was just received by State Pig Club Agent L. J. Allen of the O. A. C. Extension Service from Wendell Van Loan of Monmouth. "I am writing to tell you of my success. I have my father interested in my work and he said I could do better work if I had better pigs. So I sent for a pair of registered Chester White pigs. I will pay \$28.00 for the pair." Wendell purchased his pigs from Ed Schoel. The sow is from a Grand Champion sow and the male from a show sow. Mr. Schoel offers him a prize of a fine pig if he is successful.

Johnny Stump of Monmouth who won three blue ribbons over the breeders of the state at the State Fair last fall, a scholarship to the Oregon Agricultural College in the boys' contest and a pure bred sow in the boys' swine judging contest will be in the work with his Berkshires again.

Hugh Bell of Rickreall has purchased a registered Duroc Jersey sow and is expecting a litter of pigs the fore part of April.

Frank Schrunck of Independence will be on hand with his fine Poland China sow, a prize given by R. W. Hogg of Salem in the boys' judging contest.

Kenneth Bursell of Monmouth purchased a registered Berkshire sow from Johnnie Stump for the work.

The purpose for the Pig Clubs is to teach the best methods of feeding, managing, buying, marketing and judging of hogs. To teach the boys that they can grow a few hogs on waste and cheap feeds largely and to enable them to become the owners of a pig or a brood sow and to handle them so as to make a nice profit.

Mr. L. P. Gilmore is getting excellent results in the Monmouth Club through his influence as local leader. County School Superintendent Fred Crowley is cooperating in the work and is promoting it throughout the country. State Club Leader H. C. Seymour of the O. A. C. Extension Service is pleased with all lines of Club work in Polk County.

Harold Reynolds, Willie Mackie, Alfred Loy, Neal Moreland, Bruce Rogers, Gilbert Loy, Don Coppock, Ralph Farnham, Gerhard Rempel, Cyril Roberts, Louie Trent, James Bower, J. T. Edwards, Dorsey Edwards, Claire Winnigan, Albert Lamb, Russell Buckles, Andrew Huffman, Ralph Kesler, and Alan Craven are other members so far from Polk County.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY, & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Saves Eggs

Royal Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, cornbread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by adding an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following tested recipe is a practical illustration:

SPONGE CAKE
 DIRECTIONS.—Boil sugar and water until syrup spins a thread and add to the stiffly beaten whites of eggs, beating until the mixture is cold. Sift together three times the flour, salt and baking powder; beat yolks of eggs until thick; add a little at a time flour mixture and egg yolks alternately to white of egg mixture, stirring after each addition. Add 1/4 cup cold water and flavoring. Mix lightly and bake in moderate oven one hour.

The old method called for 6 eggs and no baking powder

ROYAL BAKING POWDER

Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food.

No Alum

No Phosphate
