There is absolutely no excuse for anyone disturbing religious worship. There is no law to compel you to attend, but there is to compel you to respect the rights of others who do attend. To worship God according to the dictates of conscience is an inherent right that has not, yet, been censored.

WANTS OUR BOYS HONORED NOW

Editor Falls City News, Is it because of lack of patriotism, undeveloped civic pride or other like reasons that we are permitting our boys to go out of town to fight for us without attempting to show them that we appreciate their sacrifice.

Other towns and cities are showing their gratitude in some substantial manner. Why don't we?

A little gift or reception would doubtless be appreciated more by these boys now than all the flowers and orations in the world will be later. The latter we would rush forth to honor our returned heroes with. Why not let them know now that we do realize that they are going out to fight for us and that we honor their spirit.
