

# IT'S A DORT

## The Dort is Often Called "THE BIG LITTLE CAR"

Because it possesses the same attractiveness of appearance, restful riding comfort, and power that is purchased at a much higher price in larger cars. In addition, the DORT is much lighter in weight. This means more miles to the gallon and lower upkeep.

## STATE NEWS IN BRIEF.

The Public Service commission has issued orders relieving the towns of Baker, Union, Pendleton, Cove and Elgin, all in Eastern Oregon, from the operation of the warning sign statute.

The new "chlorinator" to be installed by the Roseburg Water & Light company has arrived and is being put in place at the plant at Winchester. All water used by the city hereafter will be sterilized.

An offer to put in a milk condensing plant at Bandon providing Bandon furnishes a suitable site has been accepted from Gebisch & Joplin, of Portland, and arrangements are being made to start construction work.

Estimates are made that the twin cities, Marshfield and North Bend, have had an increase of population between 25 and 33 per cent within the past 18 months. All residences are occupied for the first time since 1908.

Bend hunters who took advantage of the opening of the duck season Monday to hunt on the Upper Deschutes and neighboring ponds and marshes report shooting to be the best in years. Mallards are unusually abundant. Few geese have yet come in.

Joseph Kosydor, of Canoe Landing, near Toledo, on the Siletz, has sold 2,600,000 feet of spruce to the Willamette Stock & Land company of Corvallis, at \$1 a thousand. The land is not included in the deal, as much of it is highly productive bottom land.

Twelve members of the government physical valuation crew arrived in Roseburg Tuesday and will spend the next few days in that vicinity. Their purpose is to estimate the cost of building and material used in the construction of the Southern Pacific railroad in this section of the state.

An estimate made by Secretary A. H. Lea, of the State Fair board, placed the total admissions for the week of the fair at 121,000, or 11,000 more than last year, with total receipts approximating \$60,400. This year's total receipts exceed last year's by about \$3000, and it is estimated that the fair will show a surplus of between \$12,000 and \$15,000.

The new \$300,000 plant of the Wittenberg-King company, of Portland, which has been under construction in Salem for several months, probably will be open for operation the first of next week. Tons of fruits and vegetables already are accumulating, ready for the opening of the plant. Jack Walker, the new general manager, will arrive soon to take charge.

Linn county has property of an assessed valuation of \$26,353,595, according to the 1917 assessment roll, just completed by County Assessor Fisher. This is exclusive of the property of public service corporations, which is assessed by the State Tax commission and on which the assessment has not been made yet. The total is a gain of \$260,465 over last year's roll.

District Attorney George Neuner has returned to Roseburg from Salem, where he had a conference with Mr. Williams, special representative of the department of justice, the United States attorney general, Attorney General George M. Brown and L. A. Liljequist, of Coos county, in reference to the continuance of the land grant tax case of Douglas county vs. the Southern Oregon Co., which involves the Oregon & California railroad company.

William E. Wood, alias several other names, and M. P. Jackson, charged with cashing forged checks, were Saturday bound over to the Baker grand jury, each under \$1000 bond.

The Estacada Co-operative Cheese association's factory this week paid its patrons for the month of August, being the third month of its operation, a total of over \$2400, being paid to 70 patrons. This payment was based on butterfat at 47 cents per pound, the plant having handled during August over 94,000 pounds.

The Commonwealth Lumber company of Portland has purchased between 12,000,000 and 15,000,000 feet of timber in the vicinity of Nekoma, a station on the Coos Bay line of the Southern Pacific railroad system, and his started work on the erection of a sawmill which will have a capacity of from 40,000 to 50,000 feet of lumber daily. Options on other timber in that section have been obtained by the company.

Fruit is being thrown away because there is no market for it, according to reports reaching Baker from the John Day valley.

The arrival in Hood River of a Portland detective Friday to get the baggage of C. W. Hilliard, a young man who registered there last week from Chicago, caused no end of surprise. The detective said that Hilliard is in jail and is suspected of being one of the cleverest bad check and draft operators around.

J. F. Griffith, representing the Pacific Potato Starch company, met with a number of the business men and farmers of Gresham at the city hall on Monday evening, and plans were laid and discussed for the establishing of a potato starch factory at that place.

The Public Service commission Saturday received word from the Interstate Commerce commission that that Commission refused to suspend the supplemental tariffs providing for a new minimum on shipments of lumber and lumber products and the new tariffs are effective September 24.

## FOOD WASTE IS LESS

Thirty Per Cent Decrease During August, Records of Spokane City Crematory Indicate.

Spokane people are responding to the request of Food Administrator Hoover to guard against throwing away surplus food after meals. City Crematory Superintendent Arthur E. Peterson, acting on orders from Commissioner Fred K. McBroom, is keeping a record of the amount of table refuse gathered daily from backdoor garbage cans, as suggested in letters from the national food administration.

"Our first figures, covering the month of August, show a 30 per cent decrease in the refuse collected from kitchen garbage cans," said Peterson. "The total is 144.95 tons gathered last month as compared with 222.12 tons in the same month a year ago. While this plan of economy may mean loss of business for the crematory, we are encouraging it as much as possible."

Reports are being sent monthly to the national food administration by the city crematory on the comparative amounts of kitchen garbage handled.

### Fail to Agree on Potato Grades.

North Yakima—A second futile effort to agree on potato grades for Washington's crops was made here Friday. The committee adjourned until October 8 without reaching a conclusion. A majority appeared to favor adoption of the government standards, which make diameter the basis for admission to grades Nos. 1 and 2, but the minority, of which the growers' representative on the committee was one, strongly opposed this, preferring that grades be established by weight. Those present were: M. L. Dean, of the State Department of Agriculture, chairman; Ashur Hobson, director of the state office of markets; Prof. O. M. Morris, of the State college; John Gorley, representing potato dealers and shippers of Seattle, and W. B. Myers, secretary of the Yakima Valley Potato Growers' association.

### Pupils Earn \$40,045.

North Yakima—Reports of earnings made by pupils during vacation, taken in the High school Thursday, showed that 551 pupils worked a total of 24,358 days and earned \$40,045, the average earnings for each pupil, notwithstanding the fact many worked at home and received no pay, was \$72.65. Seventy seniors labored 3594 days, making an average return of \$99.85, and a total of \$6759. Ninety-five juniors put in 5758 days, earning \$9199. Sophomores worked 6268 days, earning \$11,187; 175 freshmen earned \$11,980.

# WRIGLEY'S

The goody that is beneficial to teeth and stomach is best for children.

Wrigley's is  
**Helpful**

to all ages. It massages and strengthens the gums, keeps teeth clean and breath sweet, aids appetite and digestion.

The  
Flavor  
Lasts

HAVE YOU A SWEETHEART?

Son or Brother in camp or training for defense? If so, mail him a package of Allen's Foot Ease, the antiseptic Powder for Tired, Aching, Swollen Feet, and prevents blisters and sore spots. Makes walking easy. Sold everywhere, 25c.

Indian and Firewater.

The Indian is by no means a stupid fellow and many of them, although not signing the pledge, are in their own way protecting themselves when under the influence of liquor. In Miami, Fla., (among other things a trading post for the Seminoles), the story is current that these Indians always paddle down the Miami river in pairs; that they do their trading, deposit their surplus cash with a certain merchant of tried honesty, and then go off for a debauch, one on the first day and the other the next, the sober fellow refraining from even a drop of "firewater" until his brother has finished his fun. When both have had their day, under the guidance and protection of a sober mate, they reclaim their funds from their merchant depositary and paddle away to their homes in the Everglades.—Case and Comment.

A Merciless Suspicion.

"Why does that colleague of yours always choose the wrong side of a proposition?" "I think he does so deliberately," replied Senator Sorghum. "He is determined not to leave public office poorer than when he entered it. The wrong side of a proposition is usually the one in which the graft is likely to turn up."—Exchange.

Obtuse.

"Now, see here!" said the lawyer. "Before I take your case I want to know if you're guilty." "Am I guilty?" replied the prisoner. "Wot d'yer s'pose. D'yer think I'd hire the most expensive lawyer in town if I was innocent?"

Misplaced.

He—At the club a motion was made to buy a handsome velvet carpet, but it was laid on the table.  
She—What a queer place to put a velvet carpet.—Exchange.

**YES! MAGICALLY!  
CORNS LIFT OUT  
WITH FINGERS**

You corn-plagued men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freestone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freestone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freestone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

## CUTICURA COMPLEXIONS

Are Usually Remarkably Soft and Clear—Trial Free.

Make Cuticura Soap your everyday toilet Soap, and assist it now and then as needed by touches of Cuticura Ointment to soften, soothe and heal. Nothing better to make the complexion clear, scalp free from dandruff and hands soft and white. Free sample each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere. —Adv.

Proof of Ability.

"You waste your time painting pictures."  
"You are wrong—I sell my pictures."  
"Which fact convinces me you can sell anything. Why not take up insurance, or motors, or something with big money in it?"—Puck.

Sad Prevention.

"Did Bill try to develop the top speed of his new auto?"  
"No; it turned out to be a case of arrested development."

He—We'll have to give up our intended summer trip. My account at the bank is already overdrawn.  
She—Oh, John, you are such a wretched financier! Why don't you keep your account in a bank that has plenty of money?—Exchange.

## BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them." —Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.
