

A Soldier's Strength

Every enlisted man would stand up stronger during the first year's service if he could have the benefits of

SCOTT'S EMULSION

because it fortifies the lungs and throat, creates strength to avoid grippe and pneumonia and makes rich blood to avert rheumatic tendencies.

Send a bottle of SCOTT'S to a relative or friend in the service.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable.

"The Kaiser is a queer customer," said Jacob Schiff, New York banker and philanthropist, during a Cooper Union debate. "The more the German people ask of him the less he gives them."

"The way the Kaiser has treated the German people about this business of universal suffrage reminds me of the Blue Mill."

"The hands of the Blue Mill, you know, waited on the owner and told him they wanted shorter hours."

"Very good," said the owner. "Your wish shall be granted, men. We'll begin with shorter dinner hours."

ARE HOARDING SUGAR

Oregon Individuals Accused and Food Administration Asks Washington Authorities for Instructions.

Portland—Several cases of sugar hoarding by individuals in this state have been reported to the officials of the Oregon food administration here, it was announced Wednesday. They have been referred to the national food administration at Washington, D. C., with a request for instructions as to what action should be taken.

Food Administrator R. F. Bicknell, of Idaho, already has placed a limit of 25 pounds of sugar per person, which he has asked the grocers of that state to observe pending instructions from Washington, local officials said.

Grocers at Ontario, Ore., across the Snake river from Idaho, are reported to be co-operating with the food administration of that state to prevent individuals, refused more sugar by grocers there from getting it in Oregon.

State to Sell School Land.

Olympia—On the first Tuesday in February, 1918, the state will hold its next sale of state school lands, and it promises to be a record-breaker. There is unusual interest in agricultural lands, not only from various parts of the state of Washington, but from outside points as well.

The sale ordinarily would be held on the first Tuesday in January. But the law, says Clark V. Savidge, state land commissioner, is that when the first Tuesday of a month falls on a holiday the sale must be put over for one month. This time the new year comes in on Tuesday, and as that occasion is a holiday it means no sale can be held.

Hatchery Ships 30,000,000 Eggs.

Kelso—As only 16,000,000 of the 50,000,000 salmon eggs taken at the Kalama river hatchery can be handled there the state fisheries department is shipping the surplus of more than 30,000,000 eggs to other hatcheries in the state. Shipments have been made to the upper Columbia plants and to some on the sound. The following are some of the shipments: Chambers creek hatchery, 3,000,000; Sammish hatchery, 3,000,000; Wenatchee, Peteras and Middle Fork hatcheries, 1,500,000 each; Nooksack hatchery, 2,000,000.

Valley lambs, 13.50@14.00

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Qualification.

Master—What! Forgotten your pencil again? What would you think of a soldier who went to war without a gun?

Tommy—I'd think he was an officer, sir.—Passing Show.

Flashed From the Star.

"Ah, Miss Ethel, may I not dream that one day you will be mine?" "You may, but it won't come true."

Better Than Mutton.

It was a "knife and fork do" in a Lancashire town, and the catering had been done in the good old-fashioned way. The board groaned beneath the weight of good things. The champion eaters of the town sat together, and one of them began to eat slice after slice of meat with a great gusto. His friend watched him for a moment, then, glancing around the array of sweets, burst out: "Good heaven, man! Surely you're not going to throw away that beautiful appetite upon a leg of mutton?"—Exchange.

GRANDM USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractive ness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Force of Circumstances.

"Artesian laborers are more healthy than other people, I suppose." "Why should they be?" "Aren't they all well diggers?"—

Dr. Pierce's Pellets are best for liver, bowels and stomach. One little Pellet for a laxative—three for a cathartic.

A Sure Way.

"Old Milliyuns can't please his young wife any way he tries, and yet he lives only for her." "Then let him try dying for her."—

NURSING THE WOUNDED

It takes strength and courage to nurse the wounded. Every woman should make herself fit for war's call at home or abroad. Health and strength are within the reach of every woman. They are brought to you by Dr. Pierce's Favorite Prescription. Take this medicine, and there's a safe and certain remedy for the chronic weakness, derangements, and diseases peculiar to the sex. It will build up, strengthen, and invigorate every "run-down" or delicate woman. It regulates and assists the natural functions, requires a special tonic and nerve.

At some period in her life, a woman if you're a tired or afflicted woman, turn to "Favorite Prescription," you will find it never fails to benefit. Sold in tablet or liquid form. Send Dr. Pierce, Free Invalide' Hotel and Surgical Institute, Buffalo, N. Y., 10c for trial pkg. tablets.

You will escape many ills and clear up the coated tongue, the sallow complexion, the dull headache, the lazy liver, if you will take a laxative made up of the May-apple, leaves of aloes, root of jalap, and called "Pleasant Pellets."

STATE NEWS IN BRIEF.

A severe earthquake shock was felt throughout the Lakeview district Saturday at 5:45 o'clock.

The run of silversides at Gardiner, which has been exceedingly light the past two weeks, is increasing and the fishing fleet is out in full force.

The reappearance on Coos Bay of active I. W. W. members is giving rise to much speculation as mills and shipyards at North Bend are filling government contracts with spruce for airplanes and hulls for several ships.

After reaching the lowest point it has attained for 15 years, the Willamette river at Albany is beginning to rise slowly as a result of the recent rains. The river has been stationary at 0.8 feet above low-water mark.

Farm and garden and general produce raised at the Oregon State hospital for the 10 months from January 1 to October 31 this year amounted to \$87,943.73, according to a statement filed with the State board of Control by Superintendent Steiner.

Ray Mark, a private in Troop A, Oregon cavalry, died early Monday morning at an eastern cantonment, according to a telegram received in Sheridan by his father, P. Mark. He was overcome by gas, the message, which gave no other details, said.

Miss Sarah Crahen, representing ex-Governor West, paid to Sheriff Bert Geer, at Toledo, \$7774.87 in payment of the Oregon California land grant delinquent taxes for the years 1914, 1915, and 1916. This is all the tax money the county will receive until the lands are patented to the settler.

The per capita cost at the State penitentiary increased from \$21.33 in January when there were 436 inmates, to \$28.40 in October when there were 341 inmates, it developed at the State Board of Control meeting Monday. State Treasurer Kay declared that the per capita cost is running too high.

The old saying about the shoemaker's children going barefooted is well illustrated in the case of J. H. Chambers, of Cottage Grove, who has sold thousands of cords of wood during the past year, but now finds himself without a dry stick of wood for his own use, owing to a fire that recently destroyed his mill.

Thought the office of the Wheeler county agricultural agent, a carload of rye has been distributed among the farmers near Fossil. A shortage of rye seed necessitated a shipment from outside points. All available rye in the county was sold at \$2.50 a bushel, but this carload brought \$1.90, a saving of \$720 to the farmers.

Railroad and public service commissions are advised to administer the laws with due regard to the security of investors as well as of the consumers of such utility, in a report received by the Public Service Commission from the committee on capitalization and intercorporate relations of National Association of Railway commissioners.

That the moving pictures which have been furnished to the state institutions during the past few weeks are "vulgar, dirty and low-down," and that in two institutions they were discontinued before half shown, developed at a meeting of the state board of control when Superintendent Hale, of the State Training school, offered the first protest against the pictures.

The Clatsop county exhibit for the Land Products Show has been shipped to Portland. It made a full carload. The exhibit will be under the supervision of B. S. Worsley.

Two men were convicted in the Marshfield Circuit court for selling liquor. Andy Erickson was fined \$200 and given six months in jail, but both penalties were suspended. Fred Nieme was given like penalties, but was not paroled.

Corporations have no moral character, according to an opinion given by Assistant Attorney General Benjamin to State Labor Commissioner Hoff, and consequently licenses cannot be granted them to conduct employment agencies.

Following reports from Camp Lewis, Washington, that a large number of Oregon drafted men are being sent back from the cantonment because of physical defects, or for other reasons, Governor Withycombe said that he would ask the Adjutant General to advise physicians to be more careful in examinations in the future.

"Made in Germany" will no longer be imprinted on all articles of pottery ware sold in America. Clackamas county is to have a manufacturing establishment that will turn out articles of pottery that will compare with the product received from Europe. The plant is to be established at Molalla, and has already been incorporated for \$100,000. The incorporators are P. M. Boyles and Guy Dibble, of Molalla, Clackamas county, and H. H. Dailey, of East Liverpool, O.

W. H. Jewett, of Gardiner, announced Saturday that he has arranged for the immediate construction of a new 60,000 to 70,000-capacity sawmill at Gardiner, to replace the old mill belonging to the Gardiner Mill company, which burned last spring.

Arthur Caskey, of Springfield, died at the Eugene hospital Thursday night as a result of injuries received at Springfield when he stepped from the running board of a moving automobile and was thrown, his head striking the sidewalk. He is survived by his wife and two small children.

Breakfast in 20 Minutes

H.O.

A package of "H.O." Oatmeal should always be on hand in every home because it can be made ready for the table with only 20 minutes' cooking. "H.O." is the only steam-cooked oatmeal—a process which retains all the natural flavor of the oats—a delicate, full aroma, more delicious than any oatmeal you ever tasted. "H.O." costs only one-half cent per dish and is good for old and young, weak or strong. Your grocer has it.

With the Fingers! Says Corns Lift Out Without Any Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

Congratulations.

"I'm afraid my speech was not much of a success."

"Why," exclaimed Senator Sorghum, "I have called to congratulate you."

"People either went to sleep or walked out of the hall."

"Yes, but nobody threw anything at you."—Washington Star.

Subsidized.

Mrs. Townley—What! You pay a girl \$10 a week to cook for you?

Mrs. Subbubs—Not exactly. We pay her \$4 for cooking; the other \$6 are for staying.—Exchange.

An Unfailing Sign.

"My dear, this child is going to have lots of spirit in its voice."

"How can you tell that now?"

"Because it already shows a tendency to high bawls."—Baltimore American.

SKIN TORTURES

That Itch, Burn and Scale Quickly Relieved by Cuticura—Trial Free.

It takes about ten minutes to prove that a hot bath with Cuticura Soap followed by gentle applications of Cuticura Ointment will afford relief and point to speedy healing of eczemas, itchings and irritations. They are ideal for all toilet purposes.

Free sample each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere.

Too Many Operations

The Right Medicine in Many Cases Does Better than the Surgeon's Knife. Tribute to Lydia E. Pinkham's Vegetable Compound.

Doctor Said Operation or Death—But Medicine Cured.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and had me try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own household work. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHÉ JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Another Operation Avoided.

Richmond, Ind.—"For two years I was so sick and weak from female troubles that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, do all kinds of garden work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this, but the above letters, and many others like them, amply prove that many operations are recommended when medicine in many cases is all that is needed.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
