

FALLS CITY NEWS

VOL. XIV

FALLS CITY, OREGON, SATURDAY, MARCH 2, 1918

No. 27.

POWELL'S CAMP

Yes, we've been snowed in and sometimes nearly snowed out but now that the train comes twice a week, we'll try and be more punctual.

We had three feet of snow but at present, Feb. 25th, have very little and the very welcome rain is steadily pit-a-pating on the roof.

The items in this batch are rather late, but perhaps news to some.

Two weeks ago the big shay crashed into two cars on the mill siding at Falls City doing several hundred dollars worth of damage.

Logging commenced two weeks ago Monday but more snow prevented the continuance of it more than a few days.

Mrs. Cleveland and Mrs. Vassal are now the only ones holding forth in the cook house, there being about 25 men.

Mr. and Mrs. N. F. Newhouse returned about two weeks ago from Portland, having been gone two weeks.

H. C. Cox has been on the sick list for several weeks.

Mr. and Mrs. Gus Anderson are in Falls City, during the snowy weather.

Mrs. S. Wingo is able to be about at present.

Mrs. Miller and Miss Wilson went out a week ago and will be gone until a full crew arrive.

About 15 men went over to the Valley & Siletz camp last week but it is reported they have returned.

The Wingo children started to school again Monday, the snow having sufficiently diminished to permit the walk.

Crochet, croquet, is the ladies' principal pastime, these days in camp.

Old Glory and the L. L. L. flag are flung high and wide to the mountain breeze each day and we are proud of that, too.

Miss Hazel Wingo assisted at the cook house during Mrs. Vassal's absence last week.

One of the donkey engines is being moved.

Mrs. N. F. Newhouse and boys were Falls City business visitors this week.

The folks in camp are very well pleased to have Old Jupe Pluvius at work again for the enforced rest is not so pleasant in the snow we'd imagine, as on a torrid August day.

Mr. S. Wingo is suffering with a badly sprained ankle, which he hurt Monday.

Mr. Bowerman was in camp Tuesday.

BRIDGEPORT CLEANINGS

Feb. 25, 1918.

Miss Viola Wolford, Reneta Reimer, and Benny Reimer were visitors at the home of Dan W. Campbell last Sunday.

The floor of the new school house was oiled, Friday.

Mr. Linn Frink and wife visited with Mr. Harvey Gage.

Miss Margret Sammons is staying at Mr. Shepard's this week.

While playing near the fire, Mr. Campbell's little child's clothing caught on fire. Fortunately the fire was extinguished before the little one was burned.

There was a revival meeting held at the church last week. The attendance was good.

The Farmers' Union held their regular meeting Tuesday night.

Mr. J. Gage has disposed of his Holstein bull.

Glenn and Viva Gage and Bud Sumpter were Sunday visitors at the home of Mr. Hardt.

Mr. J. Gage has recently topped the three big fir trees in his yard.

The farmers around here are glad to see the snow go.

SCHOOL NOTES

Already the senior class has begun to make plans for graduation week. A meeting was held Thursday afternoon and the necessary committees appointed.

Last Friday morning the whole school met in the assembly room and gave a short program.

The service flag ordered some time ago by the Honor Guard has been received. This flag was dedicated the 12th of February and will now be placed in the postoffice. There are twenty-seven blue stars and one gold one.

As last Friday was Washington's birthday, a half holiday was granted the school. The pupils of the high school took advantage of this and went visiting. Some went to Black Rock, while others visited Professor Graham's school at Guthrie.

Since the commercial class has increased so rapidly it was necessary to add two new standard typewriters.

The manual training boys have fixed a better room on the third floor for their accommodation. This class is the largest in the high school.

Clara Weiser left school this week as her parents are moving to Portland.

No Bank for Him

"I don't put my money in any bank," says Slothful Sam. "My inside pocket is good enough for me and I am going to keep it there instead of letting the other fellow carry it."

But does he keep it there? He does not. The butcher, baker, grocer, clothier and druggist get Sam's money and they put it in the bank. Sam don't know where his money goes. But somebody puts it in the bank. Who is putting your money in the bank? If it is good for the other fellow to have money in the bank it's good for you—and the other fellow gets rich at it.
