

22 Million Families in the United States

4 CUPS OF WHEAT FLOUR TO THE POUND

If each family used 4 cups of flour less per week, the saving would be 22 million pounds or 112,244 barrels **every week.**

The greatest help housekeepers can give to win the war is to make this saving and **it can be done** by using this recipe in place of white flour bread.

Corn Meal Biscuits

- 1/2 cup scalded milk
- 1 cup corn meal
- 2 tablespoons shortening
- 1/2 teaspoon salt
- 1 cup white flour
- 4 teaspoons Royal Baking Powder

Save 1/2 cup of the measured flour for board. Pour milk over corn meal, add shortening and salt. When cold, add sifted flour and baking powder. Roll out lightly on floured board. Cut with biscuit cutter and bake on greased pan fifteen to twenty minutes.

Our new Red, White and Blue booklet, "Best War Time Recipes," containing many other recipes for making delicious and wholesome wheat saving foods, mailed free—address

ROYAL BAKING POWDER CO., Dept. H., 135 William Street, New York

DR. THOMPSON, Portland
Eye Specialist, will visit Falls City, Monday, March 18th. People of this city should take advantage of this opportunity of having first-class optical work done at home. Consultation free. Satisfaction guaranteed. Falls City Hotel all day.

Bert Cross of Independence is visiting friends here this week. Mr. Cross is quite a Bible student and marvels greatly that ministers claiming to be filled with the spirit and called of God to preach the glad tidings, and yet find so much time to mingle with things of the flesh, such as "acting as a judge at a baby show or leg race." We are inclined to believe that Brother Cross is just a little cross with the preachers. The notion that preachers are in any degree superior in grace and goodness than the average man has almost ceased to exist and in fact are generally regarded as being very, very human.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.
