LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

"Why is that house next the corner one always empty? Has it the reputation of being haunted?"

Getting Even.

The druggist danced and chortled till the bottles danced on the shelves.

"What's up?" asked the soda clerk.

"Have you been taking something?"

"No, but do you remember when our water pipes were frozen last winter?"

"Yes, but what?"

"Well, the plumber who fixed them has just come in to have a prescription filled."—Pittsburg Chronicle-Telegraph.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

Quelling the Panic.

One night at a theater some scenery took fire and a very perceptible odor of burning alarmed the spectators. A actor appeared on the stage.

"Ladies and gentlemen," he said, "compose yourselves. There is no danger."

The audience did not seem reassured.

"Ladies and gentlemen," continued the comedian, rising to the necessity of the occasion, "confound it all, do you think if there was any danger I'd be here?"

The panic collapsed.—Exchange.

Simple.

"The Kaiser is undoubtedly a bad fix," remarked the chatty man; "one not so easy to get out of as that the city youngster found himself in on the farm. He was up on top of a tall hay-stack and shouted to the farmer: 'Say, Mr. Barnes, how am I goin' to get down?'"

"The farmer considered the problem and finally solved it.

"Oh, jest shut yer eyes an' walk around a bit," he said.—Exchange.

War Recipes

Cut out the following recipes and paste them in your cook book to help you Hooverize. They have been thoroughly tested by instructors and special lecturers in the department of home economics at the University of Washington.

Baking is one of the most satisfactory methods of cooking fish. Large and small fish may be baked, but small ones are usually broiled or sautéed, baked with the head and tail on, or removed, and the body split open. Steaks and filets may also be baked.

Fish may be stuffed for baking, or baked in a sauce, such as tomato or brown sauce, or may be brushed with fat, and sprinkled with fine bread crumbs or corn meal. Fish without decided flavor is improved by being marinated with a mixture of vinegar and spices for an hour or two before baking. Granyfish, red snapper and flounder are good prepared in this way. Salmon trout and rock cod are good stuffed and served with tomato sauce. Halibut, red snapper and catfish are good baked in tomato sauce. Bake fresh mackerel in brown sauce, covered with crumbs.

Baked Catfish with Mock Hollandaise Sauce—Dressed catfish, salt, pepper, melted fat, fine bread crumbs. Wipe and dry the catfish. Sprinkle with salt and pepper and rub with melted fat. Sprinkle with crumbs and bake until tender, basting frequently. Serve with mock Hollandaise sauce.

Mock Hollandaise Sauce—3 tbsp vegetable oil or butter substitute, 3 tbsp cornstarch, 2 eggs, 2 cups milk, 1 tsp salt, juice of one lemon, speck of cayenne. Melt the fat, stir in flour, and blend well. Add milk slowly, stirring constantly until thick. Add lemon juice just before serving.

Stuffed Rock Cod—Rock Cod weighing 3 lbs., salt, melted fat, pepper. Dress fish, leaving on the head and tail. Remove scales, beginning at the tail and working toward the head. Rinse the fish and dry well with a cloth. Fill the cavity with fish stuffing. Sew the sides together, using a piece of twine. Place in a dripping pan; bake until tender; baste frequently with melted fat. Serve with tomato sauce.

Franklin Farm Wages Fixed.

Pasco, Wash.—At a meeting of the Franklin county agricultural preparedness league at Connell, action was taken looking to the establishment of a uniform wage scale for farm hands throughout the county. D. A. Scott, of Ritzville, discussed the labor situation, organization of labor bureaus, uniform wage scales and better treatment of farm help. A wage scale of \$60 a month up to harvest time was adopted, and it was the unanimous opinion that men on farms should be given better working conditions.

The grocer's smile broadened as he glanced at the Gorgonzola. "Well, then, miss," he said, "I'll stick to 'lovely.'"—Exchange.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness.

This drug is called freezeone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezeone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezeone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezeone have him order it for you.—Adv.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less meat if you feel Back-achy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.
