Street Improvement Notice

To William H. Matthews, L. T. Murphy, William J. Southwell, Jennie M. Cobb, Joe Hudson, W. B. McKowan, E. G. White; and all other persons in interest:

Notice is hereby given that the city council of Falls City, Oregon, contemplates the passage of an ordinance requiring the improvement of certain streets or parts of streets as follows, to-wit:

All of that part of the north side of South Main street, beginning at the intersection of Layton street and South Main street and running east to the east line of the William Matthews property.

That the said improvement will consist in general in the building of sidewalks along the property abutting on said streets in said city; such improvements to be made at the time and in the manner hereinafter to be described by ordinance.

The cost of said improvement will be assessed to the real property fronting and abutting, on said streets and parts of streets;

That the city council will sit in the city council chamber of said city, on the 5th day of May 1918,

at the hour of 7:30 o'clock in the evening of said day, and at said time and place hear and determine objections and remonstrances thereto, if any there be, and

That all owners and other persons in interest may attend at said time and place and show cause, if any they have, why said improvement should not be made.

Done by order of the city council of Falls City, Oregon, made on the 1st day of April, 1918.

C. E. McPherrin,
Auditor and Police Judge
of Falls City, Oregon.

BLACK ROCK ITEMS

Misses Opal and Freeta Wallace made a business trip to Falls City Wednesday.

Born—At 11 o'clock Wednesday night, April 3, to Mr. and Mrs. J. C. Lamm; a baby boy.

Fred Holt has moved his camp to the Siletz taking several of the Black Rock boys with him.

The school is having a week's vacation on account of Miss Sayre having the measles.

Mr. and Mrs. E. G. Balderree and Mrs. Nollie Demic were Dallas visitors Monday.

W. T. Wallace while splitting wood near his home Monday evening had the misfortune of cutting his thumb nearly off.

Mr. and Mrs. Tillotson and family made a business trip to Dallas on Thursday.

W. T. Wallace was in Falls City on Tuesday.

Mrs. S. G. Stevens and daughter Mildred were Dallas visitors the first of the week.

Mrs. Chas. Elkins is visiting O. J. Bakers in this city.

R. G. Balderree visited our city on Wednesday.

Several of the school girls of our city have joined the Junior Home Reserve and received their buttons.

GOSPEL MEETINGS

Evangelistic meetings will begin in Falls City, Sunday, April 7, to continue one month or longer. The room just east of the confectionery is being fitted up and will be in readiness for the first meeting Sunday evening at 8:00 o'clock. Meetings will be held every evening with the exception of Monday. The co-operation of all who believe in Salvation thru the blood of Jesus Christ is earnestly desired. The one purpose of the meetings will be to hold up Jesus Christ and him crucified, not simply to get people to reform and join some church, but that they indeed may be joined to Christ.

No definite announcement of subjects can be made, but such topics as: "The World War in the light of God's Word," "The soon coming of Jesus Christ," "The Millennium at Hand," "Hell," "The Judgement," "Divine Healing for the Body," "The New Birth," "Baptism of the Holy Spirit" and other timely and neglected themes will be dealt with to the end that souls may be saved and believers strengthened and built up and filled with the Spirit. A cordial welcome is extended to all.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

OBITUARY

ZIMRI HINSHAW

Zimri Hinshaw, 67 years of age, passed away at his home in South Dallas, about noon Wednesday, following an acute attack of Bright's disease with which he was stricken about ten days ago. Funeral services were held at Chapman's chapel Friday morning at 11 o'clock, conducted by the Masonic lodge of Dallas. The sermon was delivered by Rev. Howard McConnell, of the Christian Church. Interment in the Falls City cemetery.

Mr. Hinshaw was born at Buell in Polk county, March 28, 1851. He is survived by his widow and the following children: William Hinshaw of Falls City; Mrs. A. G. Stewart, of Grand Ronde; Mrs. Fred S. Crowley and Chas. Hinshaw of Dallas. The aged mother, Mrs. Conley, also survives, as does the following sisters and brothers: Mrs. Sarah Walling, Havila Hinshaw, of Portland; Tillman Hinshaw of Sheridan; Zenus Hinshaw, of Willamina. Avery Hinshaw, of McMinnville; Anderson and Lias Hinshaw, of Dallas.

For many years Mr. Hinshaw followed farming and stockraising. He was a member of the Christian church at Falls City and of the Masonic lodge at Sheridan.

Alvin Robinson died last Saturday after a short illness of pneumonia. Funeral services were held at the Free Methodist church Monday.

THE HUMAN SKIN.

Why White Races Invariably Die Out Quickly in the Tropics.

One reason—and a most important one—why white races are unable to colonize the tropics, dying out inevitably in a generation or two, is that they have not enough sweat glands. The sweat glands are the refrigerating apparatus of the body. They draw water from the blood and pour it out upon the surface of the skin, where its evaporation keeps the temperature of the body down. That is why we make a person with a fever perspire profusely—it lowers the temperature. In drawing off the water the sweat glands draw off also many impurities from the blood, but their most important function is the regulation of the temperature of the blood.

Scientific investigation shows that for every square centimeter of the skin area on the fingers white Americans have 558 sweat glands, American negroes have 597, Filipinos 653, Moros 684, adult Negroes 709, Hindus 738 and Negro youths and children 950.

As all the sweat glands are fully formed at birth and their number remains the same throughout life, the greater number found among the Negro youths is no doubt due to a corresponding difference in size of individuals. As the body grows the skin area increases and the glands become more dispersed.

It is evident that 709 sweat glands will pour out nearly 27 per cent more perspiration than will 558. Therefore there will be 27 per cent more evaporation, and so the Negro is comparatively comfortable in a tropical heat that the white man finds almost unbearable.—New York World.

Dislocation of the Hip Joint.

In demonstrating his now famous method of replacing in its socket a hip that has been dislocated since birth Dr. John Riddon of the Presbyterian hospital, Chicago, said most of these cases were girls and in most of them it was the left hip. He could not offer any suggestion as to why this should be so.

Duets Popular.

Patience—What kind of singing do you prefer, solos or duets?
Patrice—Oh, duets, by all means.
"Well, come over to the house some time and I'll start the phonograph and the parrot going at the same time."—Yonkers Statesman.

Natural Tendency.

"Pop, do all trades have their own diseases?"
"So they say, son."
"Then is it only carpenters that have shingles?"—Baltimore American.

Gossip.

"Mrs. Gasley is a great gossip."
"Yes. She has a good sense of humor."—Puck.
