### HAMMOND-STELZER

On Tuesday evening, April 16, in the presence of twenty of her music pupils, Miss Mary Hammond became the wife of William H. Stelzer, the Rev. Mulligan officiating. The solemn words of the ring ceremony, mingled with the strains of Lohengrin, sounded very impressive. Miss Mildred Thompson and Victor Droege, violinists, and Harold Wagner pianist were the musicians.

The bride was attired in a lovely gown of white taffeta, and carried a bouquet of white carnations. The groom wore the usual black.

After the ceremony ice cream and cake was served and greatly enjoyed by the small guests.

Mrs. Stelzer is a lady of rare ability, being most widely known as a teacher of music and physical culture; for her church work, and an impersonator of child life.

Mr. Stelzer is an employee of the Falls City Lumber & Logging Company.

Both bride and groom have a host of friends at Falls City and Powell's camp, and all join in wishing them a long and happy life together. They will be at home after April 22, at Mrs. Stelzer's studio at the foot bridge.

### Flag Colors.

The colors of the United States flag are the most common of all used by the nations of the world, and of the three red is the most often encountered. It is found in nineteen out of twenty-five national flags, and in practically all of the European flags. The color as interpreted by heraldry means "military fortitude," and the selection as a factor in the flags of Europe would seem well chosen. Nor is it out of place in our flag, the trait being scattered all through the country, though so charmingly mixed with white, which means "peace and sincerity," that the harmony of the colors of the flag has never been questioned. Blue stands for "loyalty and truth," completing leading traits of the character of the United States as a nation.—Boston Transcript.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood, and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

### GERMAN CORRUPTION

"It is beginning to look as if all classes of Germans are finally awakening to the fact that they are not supporting a holy war, but a piratical war, for imperial conquest and trade expansion. With this realization in mind they have decided to make for themselves all the profit possible.

The suburbs of Berlin are being raided by criminals. All over the country food and fuel cards are stolen. A wagon can not stand on the street unguarded. The officers who try to eliminate these terrible conditions are abused.

The German papers claim that all these crimes and disorders are due to the jailbirds and army deserters who take advantage of the fact that there are not able-bodied men left as watchmen. This may be true to a certain extent. But the extraordinary number of cases reported show that army deserters and criminal classes cannot be responsible for them all.

Instead of supporting their country the German people seem to be doing every thing possible to hinder it. The business men declare that a profit of 25% or even more is only customary in business. These profiteers are the most loyal in the war, so the Government does not dare to stop their theft.

All classes have become corrupted and the lower classes steal because it is the only way they can prey upon the country as the others are preying. The Church has not the least influence on the masses. These are the conditions they have reached with their "holy war" and "got mit uns."  
Margret Crocker.
