FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

RALPH E. WILLIAMS

REPUBLICAN

Candidate for National Committeeman

Present Republican National Committeeman, Seeking Re-election

Ralph E. Williams, of Portland, native son of Oregon and present Republican National Committeeman, is a candidate for re-nomination and election. All Oregon knows that Mr. Williams was the chief factor in bringing about the reunion of the Republican and Progressive parties in the state in 1916, resulting in Oregon being the only state in the West to cast its electoral vote for Hughes. That Mr. Williams' splendid work in harmonizing the various elements of the Republican and Progressive parties is also recognized nationally, is attested by strong letters of endorsement, written by William R. Wilcox, retiring chairman of the Republican National Committee,

George W. Perkins, chairman of the executive committee of the Progressive party, and Will H. Hays, recently elected chairman of the Republican National Committee. These letters refer not only to the state and national campaign of 1916, but also to the recent meeting of the Republican National Committee at St. Louis, where Mr. Williams' activities materially aided in establishing the spirit of co-operation and harmony which now prevails in the party throughout the United States.

A descendent of Oregon pioneer stock, his parents having crossed the plains to Oregon in 1845, Ralph Williams' Americanism has found abundant expression since the outbreak of the war by participation in all patriotic war activities.

As is generally known, seniority in service gives prestige and influence on the Republican National Committee in the same measure as on Congressional committees. At the present time he is ranked as to seniority on the National Committee by two members only. This puts Mr. Williams in a position of power and distinction such as no new member of the Committee could hope to attain.

His re-election will insure to the State of Oregon all the added benefits which will naturally accrue from his increased standing.

Why Is Oregon's Self Appointed Boss Afraid of Stanfield?

Believing that the Republican voters of the state of Oregon would not look with favor upon Oswald West naming the Senatorial candidate for the Republican party.

And in as much as I have received many thousands of letters and other assurances from the Republican voters assuring me of their support, I must respectfully decline the proposal of Mr. West that all other candidates withdraw and give a clear field to C. L. McNary.

I feel that I have the confidence of the Republican voters and the people of this great state and I will serve them honestly and efficiently as a Senator and at this critical time they are inclined to support a man from the business walks of life.

Oswald West has heretofore asserted that he only desired to be a candidate that he might oppose me if I should be successful in defeating McNary in the primaries.

His interference is intolerable to me, as I believe it is to the Republican voters of the state, and I will welcome the opportunity to oppose him in the general election if he should be successful in defeating his Democratic opponent, Mr. King.

R. N. STANDFIELD.

Mr. Standfield makes the above reply to the proposal of Oswald West that all candidates for senator withdraw in favor of Mr. West's candidate. The whole activity of the democratic machine in attempting to stem the tide of dissatisfaction against their candidate now in the senate is laid bare in this last supreme attempt of Mr. West to bolster up a forlorn hope.

The question is do the people and the Republicans want this sort of bossism in Oregon, or do they want 100% Americans and 100% republicans, such as Mr. Stanfield, a successful, energetic, patriotic self-made man whose every act has added to the progress and growth of Oregon, a man who gets results, accomplishes something, who has worked and knows how to work, and who will work.

Standfield is 100% American and 100% republican and he would support the President in winning this war.

Which do you want? A man who can stand on his own feet or one who cannot:
