Prompted by the Hat.
Ethel—Why did you take off your hat to that girl? You don't know her, do you?
Frank—No—er—but my brother does, and this is his hat.—Puck.

Idle Speculation.
"You never offer any more opinions as to when the war will end."
"No," replied Senator Sorghum. "This is no time for little guessing games. What we want to do is to get in and end it."—Exchange.

A Good Test.
Jack—Now after I ask your father for your hand, the next question will be: How are we going to live?
Ethel—Don't worry, Jack. If you live through that interview you can live through anything.—Exchange.

Her Opinion.
"I told Mrs. Mixup that affairs were in a rotten condition."
"What did she say?"
"That such a statement put her in a state of putrefaction."—Exchange.

GETS BIG SHIP ORDER

Vessels Are for Private Parties and Will Cost \$20,000,000.

Washington, D. C. — The Shipping Board has granted permission to Harry E. Spear, president of the West Coast Shipbuilding company, of Everett, Wash., to enter upon the construction of approximately \$20,000,000 worth of concrete ships for private account, and guaranteed to insure delivery of all steel required for reinforcement.

Specifically, this company is authorized to build 10 cargo carriers of 7500 tons each; 20 barges of 200 tons each, and eight seagoing tugs each 200 feet long. In the building of these ships 15,000 tons of steel reinforcement will be required.

Mr. Spear left for New York to conclude arrangements with the parties for whom these concrete ships are to be built. He refused to make public the names of the purchasers.

Fancy Train Names Go.
Ottawa—After June 1 all names for passenger trains will be eliminated throughout the entire country and trains will be known only by number, according to information at Union Pacific headquarters. The orders emanate from Washington, as fancy names are said to be advertising.

Twentieth Century Limited, Broadway Limited, Pennsylvania Limited, Overland Limited, Rocky Mountain Limited, Dixie Flyer, Seminole Limited, Royal Palm, Shasta Limited, North Coast Limited, and similar glittering names will be abolished.

Tobacco Cards Approved.

Paris—The issuance of tobacco cards was approved in principle by the cabinet. The cards will not be of the same character throughout the country, like the bread and sugar cards, the municipalities being permitted to enforce the regulations according to local needs. The cards will be delivered to male consumers more than 16 years old. Each consumer must name the dealer whom he intends to patronize. The object of the card is to obtain fair distribution of the available tobacco supply.

Black Walnut in Demand.

New York—Scarcity of black walnut timber for the making of gun stocks and airplane propellers has resulted in President Wilson addressing an appeal to the 350,000 Boy Scouts of America asking them to communicate with the War department the location throughout the country of black walnut trees, their sizes, the names of the owners and the price at which the trees can be purchased. President Wilson's letter containing this call was made public by James E. West, chief scout executive of the Boy Scouts of America.

Fair Salmon Run Reported.

The Doty Fish company, of Kalama, reports a fair run of salmon since the opening of the season, though it is not up to last year's figures. Most of the salmon caught have been small fellows. Numbers of shad have been caught, but sturgeon are scarce.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.
Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.—Adv.

His Antagonistic Attitude.

"My terms to guests without baggage are cash in advance," said the landlord of the Petunia tavern.
"You're a stranger and?"
"But I—ha, ha!" began the would-be lodger.

"Yes, I'll bet you're an easy feller to get acquainted with, and all that, but I'm not making any new friends these days and am pretty darn shy of the old ones."—Brooklyn Citizen.

A Good Listener.

"Has 'Wombat an ear for music?"
"Something more. He has an ear trumpet."

Rising to the Occasion.

"How did you learn to skate?" a little boy asked.
"Oh," was the innocent but significant answer, "by getting up every time I fell down."—Christian Register.

Cuticura Kills Dandruff.

Anoint spots of dandruff with Cuticura Ointment. Follow at once by a hot shampoo with Cuticura Soap, if a man; next morning if a woman. For free samples address, "Cuticura, Dept. X, Boston." At druggists and by mail, Soap 25, Ointment 25 and 50.—Adv.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.

Wagons.
"Everybody is on the water wagon in Crimson Gulch, I suppose?"
"Not all," admitted Broncho Bob. "A few of the boys insist on getting on a gasoline wagon an' joyriding over to Coyoteville, where prohibition as yet hasn't landed."—Washington Star.

An Obstacle Removed.
"The adoption of simplified spelling by the Bolsheviks is going to have a great political effect."
"How so?"
"Because the correspondents won't be so shy of sending news from the various places there."

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.
