THE VERY BEST TIME to take Doctor Pierce's Golden Medical Discovery is now, if you feel that your blood is out of order. Don't wait until you have to cure disease; it's easier and better to prevent it.
With the first blotches or eruption, or the dullness, weariness, and depression that are some of the symptoms, you need this medicine. It will rouse every organ into healthy action, thoroughly cleanse and repair your system, and build up needed flesh, health, and strength. It's the only reliable blood remedy. In the most stubborn Skin or Scap affections; in the worst forms of Scrofula; in every disease caused by a torpid liver or impure blood—it never fails to benefit or cure.
The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Most people neglect themselves. To clean the system take a pleasant laxative, such as Dr. Pierce's Pleasant Pellets. For sale by druggists—25 cents a vial.—Adv.

IF HAIR IS TURNING GRAY, USE SAGE TEA
Here's Grandmother's Recipe to Darken and Beautify Faded Hair.
That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.
Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.
Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

STATE NEWS IN BRIEF.

Soldiers working under the direction of the Warren Spruce company are busy slashing right-of-way between Yaquina and Alsea bays for the new railroad.

All Coos county municipalities are considering ordinances to do away with idleness, and if the move is found lawful there will be few men without "visible means of support" about this territory within the next few weeks.

Setting up of the radio station by the government naval observatory party in Baker to study the eclipse of the sun June 8 was completed Wednesday. The plant will be able to exchange signals with the government station at Arlington, Va.

A large cut has now been made near the Lost River bridge at Bonanza, where the pump for the irrigation of the 2500 unit below the town will be installed. Farmers in the Bonanza district are optimistic over their new prospects for irrigation.

A. W. Stone, head of the Hood River Apple Growers' association, will go to Portland soon for a conference with Federal employment bureau officials, who will furnish the strawberry growers of the valley with pickers for the approaching strawberry harvest.

The firm of Joplin & Giebisch, contractors, who built a portion of the north jetty at the Umpqua river, and, owing to high prices of labor, provisions and materials, failed and asked for relief from the contract, disclaim the current report that they are bankrupt.

The greatest improvement in the county roads, apparent for a number of years, has been wrought in different sections of the Klamath Falls district in the past few weeks. The highways are being repaired and new grades in a number of instances have been constructed.

Word has been received in Pendleton of the death on the battlefield in France of Hugh A. Taylor, of Weston, who went over with the Walla Walla artillery company, as did a number of other young men from the county. He was the son of Moses Taylor, wealthy retired farmer of Weston.

La Creoles Amy, a pure bred 8-year-old Jersey owned by J. J. Van Kleek & Son, of Beaverton, made the high record for the Washington County Cow Testing association for April, with a showing of 1335 pounds of milk and 74 pounds of butterfat, according to the report of C. H. Bryant, tester for the association.

The Coos Bay Caledonian club, without reference to any other efforts, has decided to celebrate the Fourth of July in a small way at Simpson Park, North Bend, and will have an entertainment of high grade. The Caledonian Club is an organization of several years' growth and is now one of the leading social bodies of the district.

Loss estimated at \$15,000 resulted when the Fisher steam laundry in Eugene burned Tuesday morning. The fire is believed to have resulted from defective wiring and occurred just after J. S. Grieve, an employe, turned on the light switch in the office while on his way to the boiler room. Grieve built a fire under a boiler and returning to the other part of the building found it in flames.

While stating that indications point to a farm help shortage of from 15 to 35 per cent, dependent considerably upon location and the isolation of farms where the greatest apparent shortage exists, nevertheless State Labor Commissioner Hoff, in a statement following an extensive survey, asserts that he is optimistic rather than pessimistic over the situation as a whole and believes that there will be sufficient labor on hand to take care of the situation.

Approximately 9000 square yards of paving will be put down in The Dalles this spring, work to commence as soon as possible.

N. Campbell, register of the Portland United States Land office, was in Toledo this week, as a witness in a land case. Mr. Campbell says there are 14,865 acres of land in this county a part of the old Oregon & California Railroad land grant. Agricultural land in this tract probably will be restored to entry within the next 60 days. This land is all contained in townships 12 and 13 and ranges 8 and 9 west of the Willamette meridian.

The C. A. Smith Lumber & Manufacturing company at Marshfield, has just finished the installation of a big power plant as a reserve unit of energy to utilize in case of accident to the main plant, which supplies electricity, first, for the Smith industries and electric cranes, and, secondly, to the Oregon Power company, which distributes for business houses and residences in Marshfield, North Bend, East Side and Englewood, and power for small manufacturing plants.

The same group of business men that advertised two citizens recently in the now famous "slacker ad" at La Grande, has adopted resolutions throwing the business support of La Grande behind the local authorities in stamping out I. W. W. agitators.

Official notice was issued Friday by Colonel Ellis, commanding the defenses at the mouth of the Columbia, that artillery target practice with the big guns will commence at the forts at 8:45 next Monday morning, and continue during the daylight hours until completed.

\$500,000 FOR CANAL

Senator Jones Wires Government Will Spend That Sum in Development Work on Wapato Project.

Yakima—The government will spend \$500,000 in developing canals on the Wapato project within the next year. A telegram from Senator Jones Friday said congress had made that sum available to be spent immediately.

F. A. Wiggins of Toppenish and others in touch with the situation say this will mean 20,000 more acres put in cultivation on the reservation for 1919.

Superintendent L. M. Holt, in charge of irrigation development, will proceed immediately to organize crews to speed up construction, and will put on at once three drag line excavators and order another. The main canal will be extended several miles and the main lateral of the new system constructed this summer, as work on these will not interfere with the present distributive system. One machine working on drainage continuing work last fall was discontinued recently because the appropriation was exhausted.

This decision of congress to expend this sum for immediate construction is due to the fact that more acreage can be developed for crop production on the Yakima reservation for the same money than for any other place in the United States. The plan was approved by Charles Hebbert, food administrator.

Call for Men is Urgent.

Olympia—Washington's state quota of the 50,000 men called under emergency orders from the entire nation is 250 men. They are to be selected from class 1 in proportion to the number of men held by local boards in that classification and are to begin entraining for Vancouver Barracks by May 20. Urgency of the call is emphasized by War department directions for local boards to observe the exemption of farm labor so far as possible, but to take such farmers as can best be spared if unable to fill their quotas otherwise.

Traffic Records Broken.

Vancouver, Wash.—Last Sunday was a record-breaker for inter-state bridge tolls. The receipts on the bridge, exclusive of streetcar revenue, which will run between \$500 and \$600, were \$931.10. Receipts one Sunday several weeks ago were \$930.30. Receipts from the streetcars will bring the total up to more than \$1500, it is thought. The fine weather was largely responsible for the unusually heavy traffic across the Columbia river.

Women Study Tractor Driving.

Yakima—Twenty-two women, ranging from high school girls to mothers of families, enrolled in Yakima's first class in truck and tractor driving, assembled at the at the Y. W. C. A. Thursday, donned overalls and proceeded with the first lesson. The class was organized by the Y. M. C. A. and Y. W. C. A. as a war emergency measure, and is part of the association's "win-the-war" campaign.

"O, I know what it is, daddy! You held it too close and I smell it—it's WRIGLEY'S!"
"Righto, sonny—give your appetite and digestion a treat, while you tickle your sweet tooth."

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You co'n-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callous stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.
A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried as it is inexpensive and is said not to irritate the surrounding skin.
If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT SULTZ, 603 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultz's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.
For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.
