

# FALLS CITY NEWS

VOL. XIV

FALLS CITY, OREGON, SATURDAY, JULY, 6 1918

No. 45.

## SPAULDING'S CAMP

June 30, 1918

Ten Spot was out of commission a few days last week.

U. G. Holt was up to see us for a few days.

The new railroad bridge was completed and the first train run over it Sunday.

We now have two section crews working. One at the upper and one at the lower incline.

Mr. and Mrs. Beard of Falls City were camp visitors Sunday, and gave a little talk on W. S. S.

Mr. Balderree, who is working for the Spaulding Company camp, burned out last night.

Mr. Baldwin, our book-keeper, made a trip to Portland last week.

Bernice Freer adds the eleventh star to our Service Flag. On a forty foot post flies three flags. First Old Glory, next the Service Flag, and least of all the L.L.L.L.

Art Bartel went fishing Sunday over in the Siletz.

Most of the boys broke camp Saturday night until after the 4th.

Mrs. Day and Mariam Roberts passed through Falls City Sunday night, June 30, on their way to Newport to spend a few weeks at the Caroline Cottage. Mr. Day will follow Wednesday for a few days outing.

Ira Mehrling of Falls City was up two evenings last week working in the interest of the W. S. S. Most every one in camp bought a Stamp. Reigh Russell bought \$1,000 worth and Art Bartel \$100.

Ward Holford made a run to Dallas last Saturday.

The County road to Newport is said to be in very poor condition, almost impassible.

The telephone service is on the bum and has been for some time.

Should the Government continue to take over public utilities and manufacturing industries and demand free publicity, the newspapers will be taken over by the Sheriff.

## CONVERSION OF LIBERTY BONDS

Liberty bonds of the first and second issues and those obtained by converting bonds of the first issue into 4% bonds can be converted into 4 1/2% bonds during the six months' period beginning May 9, and ending November 9, 1918. The new bonds will be dated May 9, 1918.

Hoover, in his protest against prohibition, says that if barley is not used in making beer that it will probably not be used at all; that an immense surplus is being piled up at the elevators over the country and prices are much lower than at any time since Dec. 1, 1917. Probably this has something to do with the fancy prices he allows to be charged for barley flour.

The working women and girls at the saw mills is a short-sighted policy and will result disastrously to those who labor beyond their strength to endure. It is well to be patriotic, but is it necessary to

endanger the future health of these women, and the nation, we might add. There are many positions taken by able-bodied men, in view of the "work or fight" order, that women could hold without endangering their health. If our women must do man's work, let it be something she is reasonably able to perform. It will be in order for some patriotic man to "give up his seat and hold to the straps."

Last week several thousand lbs. of wheat flour was shipped away from Falls City, enroute to France. This week, retailers may resume the 50-50 basis. Verily, the Food Administrator "Works in a mysterious way his wonders to perform."

Johnnie Bull celebrating the 4th of July and trying to make himself believe he really enjoys it is to say the least remarkable.

## The Best Way To Economize

Is to buy your requirements before Prices are still further advanced.

## High Freight Rates High Cost of Material

Will make merchandise higher this fall. We are now reducing prices on short lines and broken sizes.

## SELIG'S, Cash Price Store, Meeting and Beating Competition

Where Prices are Always Bargain Prices

**J. C. Penney Co.**  
Incorporated  
197 BUSY STORES

Dallas, Oregon

Where You Can Always Buy for Less

The J. C. Penney Co. Stores are conducted scientifically, hence there is no chance of being overstocked in any line; nor are we forced to sell at so-called sacrifices, as we buy for cash only and sell for cash only. It is thus possible to make our prices always BARGAIN PRICES. You don't have to wait for special sales. That is a method of by-gone years, and has no place in modern merchandising. Come in and compare our prices before buying. Hooverize and help the country. Buying more than you need for the present, and hoarding stuff just because there is a sale on somewhere, is just as unpatriotic as profiteering on a large scale. We do not quote comparative prices, as they are misleading. Remember, you can always buy for less at the J. C. Penney Co. Store.

## Mint Your Own Money

George and Bill were in a distant city. "By hokie," says Bill, "I left all my money at home in my other clothes. Have you any?"

"No, I haven't," says George, "But I'll 'mint' some. I didn't leave my money at home in my pockets but I left it in the bank. Whereupon he walked into a nearby bank and "cashed" a check. This illustrates another convenience of a bank account. It is not necessary to carry a large amount of money--carry a check book and 'mint' it as you need it.
