(Coos Bay News.)

Superintendent Hennessy was in town yesterday from the Newport mine. He reports everything lively at the mine, with a large output of coal.

Andrew Jackson, who left the bay a few years ago for Chehalis county, Washington, is Democratic nominee for sheriff, at the election being held today.

The river steamer Wenona, which left here last week for Astoria in tow of the Alliance, arrived in safety, though we learn from the Portland papers that the tow line parted three times—twice at sea, and once while crossing the Columbia bar.

A communication from the Soldiers' Home in California, under date of Oct. 29, informs us of the death of C. F. Edmunds, who was a resident of Marshfield for many years. He was reported sick, a short time ago, but it was not thought that his illness would terminate fatally.

George Boone, while on the beach near the mouth of South slough, last week picked up an old cannon ball, weighing about 25 pounds. Old pistols and other arms of Spanish make have been found in this vicinity heretofore, and everything indicates that some Spanish war vessel entered Coos bay harbor long before its settlement by the whites.

Frank Smith, superintendent of the Coos river hatchery, was in town Thursday. Over 2,000,000 Chinook eggs had been taken up to that time, and he had no doubt but that he can easily get 6,000,000 eggs, which is the capacity of the hatchery. In fact he has made preparations to fertilize several million more eggs than the number stated above, and will take care of them outside of the hatchery. The Coos river hatchery has proved to be one of the most successful in the state, and its capacity should be considerably increased.

Spent the Evidence for Lunch.

In a trial in Judge Honore's courtroom recently Kickham Scanlan, attorney for the plaintiff, offered to show the jury two half-dollars which had been alleged to be counterfeit.

"Look at these, gentleman," he said to the jury.

Then the lawyer vainly searched in his pockets.

"I must have spent them for lunch," declared Scanlan, blushing.

The missing evidence was not found.

The case was that of Dr. Richard McClevey, 2169 Jackson boulevard who is suing the Union Traction Company for \$10,000 damages because a conductor refused his money and called a policeman to arrest him as a counterfeiter. The missing half-dollars were the coins rejected.

Miss Glason, Hilda Frederickson, Ruby Marx, R Cammell, for North Bend.

Salt Lake, Nov. 4.—Although the Uintah Indian Reservation in Northwestern Utah is not to be thrown open for settlement until next March, already prospective settlers are beginning to camp on the boundaries of the reservation, and trouble with "spooners" is anticipated before the date of opening. It is estimated that at Ashley and Vernal 600 men are waiting for the opening. The reservation includes some of the richest farming and grazing lands in the state and is rich in minerals.

Disastrous Wrecks

Carelessness is responsible for many a railway wreck and the same are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst case can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Crag of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by R. S. Knowlton, Druggist. Price 50c, and \$1.00 Trial bottle free.

WHAT THE COSMOPOLITAN MAGAZINE GIVES.

Single copies 10c. Annual subscription \$1.

The Cosmopolitan Magazine occupies a position distinctly its own. While giving great attention to fiction and entertainment—fifty short stories and one or more complete novels appear in its pages each year—it has a definite plan beyond. It may be likened to a great modern university, with a million and a half student-readers. A year's course embraces what is most important in the Scientific field, what is most interesting in Invention and Discovery, what is most entertaining in Travel and Adventure, what is most valuable in the World of Business. A portion of each number is edited with reference to the Woman of the World, another to the Woman of the Home, and another to Interest Youth, and still another for the Man of Affairs, covering equally the clerk just starting in life and the captain of industry.

What the Twentieth Century Home Offers

Single copies 10c. Annual subscription \$1.

A magazine for Women, printed on fine coated paper (toned), beautifully illustrated.

It will contain what is newest, if best, what is most useful, if new; what is most entertaining, if helpful, what is most instructive, if interesting.
