Appropriation Asked.

Delegations representing Marshfield, North Bend, Myrtle Point and Coquille waited upon the county court Wednesday in behalf of an appropriation by the county for a Lewis and Clark exposition fund. Since the state of Oregon has appropriated a half million of dollars to this fair, it is now up to each county to hustle up a good exhibit so as to reap the proper benefits of the money expended. However, money is not all that will be required. A certain amount of individual effort will be required to make the showing that must be made in this instance. This is an opportunity of a lifetime, and all possible should be made of it. The bay side was represented by E. L. C. Farrin, H. Sengstacken, I. S. Kaufman, J. R. Blake, Thos. Vigers, J. J. Burns, E. M. Rummell, L. J. Simpson and Chas. M. Sain; Myrtle Point by J. C. Roberts, W. E. Pike and S. D. Pulford; Coquille by J. J. Stanley, W. C. Chase and W. T. Kerr.

The amount asked was but \$3000, which is supposed to be only a starter, there being much more promised by individual contributions. It is a good move and should be followed up as closely as possible. There is no good reason why Coos should not loom up with an exhibit that would do credit to any county in the state.

The "Coos Bay Harbor."

The above caption is the title of the new paper which has been started at North Bend to fill the vacancy made by the suspension of the Evening Post of that place. The first issue has reached our desk and is what we pronounce as a very presentable sheet and reflects great credit upon its editor, Mr. Sain. It is a six-column quarto, well filled with spicy local and interesting write-ups of various objects of importance on the bay, as well as the full contents of a circular soon to be issued concerning North Bend, giving a short history of the town as well as a description of the numerous enterprises and industries.

He was Entitled to Vote.

Here is a question addressed to the Portland Oregonian by a voter of Riverton precinct and the answer received:

The Oregonian,
Portland, Oregon:

Was a voter who swore his vote in at the June election entitled to vote at the November election, there being no blanks at hand to swear him again.

As answered:

"He was entitled to vote. If the election officials had no blanks they should have sworn the elector without a blank according to law."

THE OREGONIAN.

Salem, Or., Jan. 10.—Three bills that bid fair to set the fire of discussion blazing were introduced in the House this forenoon, out of a total of 34. Prime among them is a flat-salary bill by Kay of Marion, in which the stipend of the Governor is fixed at \$5000 a year, the Secretary of State at \$4500, the State Treasurer the same, and the Attorney-General at \$3600. The bill provides that if any of these officers fail to turn over any of the fees collected by virtue of their offices they shall be guilty of embezzlement and punished accordingly.

A move is on foot to work up the road from this place to the Douglas county line in such a manner as to make it possible for our mail to reach us in a more reasonable length of time. In the first place, the mail lays at Roseburg eight hours before the stage starts with it, then when it reaches Myrtle Point it lays from 12 to 14 hours before starting for Coquille. Now if we could have some good and substantial work done on the road and a change of schedule so no time would be lost, we could get our mail in good time. The county court has been asked to bond the county for this purpose.

Sewing Machine Repairing.

David Fulton, of this city, is an expert cleaver and repairer, and anyone in need of his services will do well to call at his residence or drop him a card.

Kuykendall Wins Presidency.

Salem, Or., Jan. 11.—Senator Kuykendall, of Lane county, won out in the contest for the presidency of the Senate, being elected Tuesday afternoon, with the support of every Republican senator.

The Carter forces surrendered upon receiving promises of liberal treatment from the victors, and tonight all is harmony and good will, where last night all was discord and bitterness.

In the final ballot, Carter voted for Kuykendall and Kuykendall voted for Carter. Democratic Senator Smith offered a motion by which the election of Kuykendall was made unanimous. Both houses are now organized and ready for business.

The first order of business was the election of permanent officers, which resulted as follows: Chief Clerk, S. L. Moorhead, of Lane; Assistant, E. L. C. Farrin, of Coos; Calendar Clerk, F. A. Turner, of Marion; Reading Clerk, Frank Motter, of Multnomah; Sergeant-at-Arms, G. P. Terrell, of Clackamas; Mailing Clerk, J. E. Barnett, of Wasco. Frank Middleton was chosen to act as assistant Chief Clerk until the arrival of the handsome, talented and popular young Marshfield attorney, who is now en route here from Marshfield as fast as he can come.

The Governor's message will be read Thursday in joint convention at 11 a. m., according to a resolution introduced by Linthicum, of Multnomah.

Wireless Telegraphy.

Maj. W. C. Langfitt, of the corps of United States engineers, and Capt. L. C. Heilner, United States lighthouse inspector, yesterday considered the advisability of establishing wireless telegraphy stations at the lighthouses along the coast. The government purposes establishing five wireless stations in this lighthouse district, and the following locations have practically been decided upon: Admiralty Head and Point Wilson, on Puget Sound; Cape Flattery, Cape Disappointment and Cape Blanco.—Journal.

St. Petersburg, Jan. 9.—The conference which Emperor Nicholas has been holding with members of the Joint Court of the Empire, M. Witte and other members and advisers, on the internal and external situations, has been concluded, but nothing has occurred which would indicate that the government is prepared to depart from its present programme of continuing the war to the bitter end. Nevertheless talk of peace was heard Sunday in many quarters, the foundation for it being ascribed to Foreign Minister Lamsdorff's alleged position in favor of such a course on the ground that aside from the humiliation to military prestige involved it would only mean the relinquishment of Manchuria, to which Russia already is formally pledged.

There is no confirmation of this statement of Count Lamsdorff's position beyond the general knowledge that he always has belonged to the peace party. It is quite probable that the peace talk gossip has been produced by the arrival of foreign papers, as it receives no encouragement in responsible quarters here.

The belief, which existed in exceptionally well-informed diplomatic circles, that Japan would follow the fall of Port Arthur with moderate peace propositions has not been realized. Up to the present time nothing has reached the government, either through the United States or other channels. Diplomats here cannot figure out the general lines of a peace treaty at this juncture which both belligerents could accept, but realize that if Japan makes any sort of offer, unless it is rejected outright as not entertainable, negotiations would be opened, and negotiations at once entered upon in which friends of both parties could use their good offices and bring about good terms. This is the only hope for a termination of the war which diplomats can see.

Two new tracks are being laid in the depot yard.

Henry Laird, of Loon Lake, arrived in town last week for a few days' visit.

The average output of coal from Beaver Hill last week was four hundred tons per day.

John McIntosh, of Coos river, who has been in San Francisco for some time, returned home on the last Breakwater.

Dr. Taggart, late of Portland, is physician at Beaver Hill. Dr. Swenson, who lately held the position, is practicing in Marshfield.

R. E. Shine, of Empire, left for California yesterday, intending to be absent two weeks. Various rumors are afloat regarding the object of Mr. Shine's trip, but mum's the word.

Crab catchers from San Francisco have about fished out Humboldt bay, and they will do the same for Coos bay, unless action is taken by the citizens, and laws are passed regulating the catching and shipment of crabs.

Hermann in His Seat Again.

Washington, Jan. 9.—Representative Hermann appeared on the floor of the House late this afternoon and went to his desk. He took no especial part in the proceedings, but talked over his case with several members whom he met. Most of his time was spent in the Indian committee.

Roosevelt in Earnest.

Washington, Jan. 11.—Unless the present Congress enacts legislation looking to the regulation of freight rates, the President will call a special session.

This semi-official announcement was made today by the President, who continued in conference with the leaders in Congress regarding tariff revision and the question of increasing the powers of the Interstate Commerce Commission.

Dear Sir:—Seeing one of the notices offering a reward for the best reasons why Sperry's flour is liked by our folks I wish to be a contestant.

My reasons are: Sperry's flour is pure; it lasts longer than other flours; it makes whiter bread.

Respectfully,

A Grim Tragedy

is daily enacted, in thousands of homes as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntly, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by R. S. Knowlton, druggist. Trial bottle free.
