Considerable complaint is made in different parts of the county by persons who have shipped apples and other products to San Francisco commission merchants to the effect that they get no adequate returns for their goods, or that the checks they received are no good, the parties who issue them having no funds in the bank. It appears to us that this thing has gone on about long enough, and that a stop should be put to such proceeding. W. T. Kerr & Co., of this city, handled a large lot of apples this season, paying fair prices for the fruit and getting returns which gave them a margin of profit to themselves, but from what we can learn, there are few who were so "lucky," or had the proper business management behind the deal, if you please. What are you going to do about it? Pleasant and Most Effective. T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Bullard's Horhound's Syrup. I have used it my family and can cheerfully affirm it is the most effective and best remedy for coughs and colds I have ever used." Sold by R. S. Knowlton.

Cured His Mother of Rheumatism. "My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by R. S. Knowlton.

Rev. Carlisle P. B. Martia, L. L. D. Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horhound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." For sale by R. S. Knowlton. E. I. Braddock, president of the Coquille Coal & Lumber Company, arrived here Saturday from San Francisco. R. D. Jones, of the same company, arrived a day or so previously from Los Angeles, and it is hoped that the company may get matters in shape to extend the business of the institution and soon be a great factor in the development of our section. J. N. Jacobson, of the Kerrigan place, started for his old home at Ferndale, California, yesterday. He will only be gone a few days when he will return with the machinery necessary to make the required changes in the creamery connected with the place to meet the demands of the new firm whose management this institution comes under this season.
