

HELP WIN THE WAR

Fight - Economize - Conserve - Produce

BUT FIRST OF ALL

BUY A LIBERTY LOAN BOND

Liberty Loan Bonds are the safest investment in the world today. They are issued by the United States Government and are a mortgage on the United States of America—our country—the richest country in the world. They are Uncle Sam's promise to pay, and he is worth \$225,000,000,000.

Liberty Loan Bonds pay 3½ per cent interest and they may be had in any of the following denominations: \$50, \$100, \$500, \$1000, \$5000, \$10,000, \$50,000 and \$100,000. You can make a first payment as low as one dollar and have until August 30 to pay the balance. Most big business houses will accept Liberty Loan Bonds same as cash in payment for merchandise.

A MESSAGE FROM SECRETARY W. G. M'ADOO:

"Wars cannot be conducted without money. It is the first thing to be provided. In this war it is the most immediate help—the most effective help that we can give. We must not be content with a subscription of two billion dollars—we must oversubscribe this loan as an indication that America is stirred to the depths and aroused to the summit of her greatness in the cause of freedom. Let us not endanger success by complacent optimism. Let us not satisfy ourselves with the reflection that some one else will subscribe the required amount. Let every man and woman in the land make it his or her business to subscribe to the Liberty Loan im-

mediately, and if they cannot subscribe themselves, let them induce somebody else to subscribe. Provide the Government with the funds indispensably needed for the conduct of the war and give notice to the enemies of the United States that we have billions to sacrifice in the cause of Liberty.

"Buy a Liberty Bond today; do not put it off until tomorrow. Every dollar provided quickly and expended wisely will shorten the war and save human life."

—W. G. M'ADOO, Secretary of the Treasury

The Smith-Powers Logging Co. has decided to be under the state compensation act. It will affect about 700 men employed at their camps, six of which are in the vicinity of Powers, and one camp at Sumner.

Liberty Loan Bonds.

What is the nature of a Liberty Loan Bond?

There are two kinds of Liberty Loan Bonds. Bearer Bonds are to be issued in denominations of \$50, \$500 and \$1,000. These Bearer Bonds, which are made payable to bearer, have interest coupons attached which are detached by the holder when the interest installments they represent are due, and can be cashed at any bank the same as a United States Treasury note.

Registered bonds are to be issued which are registered as to both principal and interest, in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000, and \$100,000; checks for the amount of interest due will be mailed out semiannually to the holders of these registered bonds.

Instructions for Police.

Mayor Johnson has received the following from Adjutant George A. White at Portland:

You are advised that paragraph 16 of the Registration Regulations prescribed by the President, reads as follows:

"Police officers of any grade or class, of town, township, county or state, and all officers or agents of the Federal Government are required to render every assistance in the execution of this law. It is especially made the duty of such police officers to see that all male persons within the designated ages have registered and to report those who have not registered to the proper registration board for such action as may be necessary. Police officers may require any person subject to registration to exhibit his registration certificate."

I am directed by Governor Withycombe to request that you notify all concerned of their duties therein. Particular attention is invited to the duty of police officers to see that all male persons within the designated ages have registered, and to report those who have not registered to the proper registration board for such action as may be necessary.

Inasmuch as the registration in the state does not occur until June 5, 1917, the active duties of all police of-

With so much more vacant land planted this year than ever before the next problem is the proper harvesting and caring for the crops that there may be no waste. Canning clubs, dryers for apples and other fruits and various other methods of preserving the crops to be raised were discussed by the committees which gathered in response to the Commercial Club invitation. From the J. G. W. club the committee consists of Mrs. J. S. Lawrence, Mrs. F. W. Jones and Mrs. M. O. Hawkins. From the Honor Guard there is Misses Inez Bunch and Katherine Mulvihill and Mrs. G. E. Low. The Boy Scouts had present Gordon Hanscom, Fred Harlocker and Welman Bell; while the Commercial Club committee consists of J. L. Smith, F. B. Phillips, W. H. Lyons, C. A. Howard, J. E. Norton and H. A. Young.
