

# MINOR MENTION

## Telling About People and Events in the City and County.

J. E. Norton went over to the Bay this morning on business.

L. A. Liljeqvist was over from Marshfield on legal business Saturday.

Frank Harlocker has been over from the Bay visiting home folks this week.

Stewart Norton came in last evening from O. A. C. for the summer's vacation.

Geo. W. Knight, the "Monopole" man from Portland, was here Sunday and Monday.

P. O. Lund, who manages the Loren's store at Powers, came down yesterday for a short visit.

Miss Mabel Bay left Monday morning for her home in Ft. Collins, Colo., for the summer vacation.

Mr. and Mrs. C. McC. Johnson and daughters went over to Marshfield yesterday to visit friends.

Miss Winifred Spencer left for her home in Ashland last Saturday morning to spend the summer vacation.

Mrs. E. F. Davenport left last Monday for Modesto, Calif., where she will visit a brother's family for some time.

Mrs. D. Brooks Hogan came in from Portland Wednesday evening for a visit with her parents, Mr. and Mrs. T. J. Thrift.

James Thrift is at home waiting a call to service after having enlisted in the navy at Portland and passed the examinations.

H. M. Shaw, M. D. Eye, Ear, Nose and Throat Specialist, will be at the Baxter Hotel, Coquille, on Monday, June 18th. Glasses fitted. 212

A. M. Woodruff, his daughter, Mrs. Jane Williams, and her little son, returned Sunday evening from a visit of several weeks in Medford.

Mrs. H. W. Young returned from Campbell, California, by Wednesday evening's train. She left her sister considerably improved in health.

Miss Emma Kennedy went up to Norway last Saturday afternoon where she will spend at least a part of the summer vacation with her parents.

Justice J. J. Stanley went over to the Bay Saturday to attend a meeting of the creditors of K. F. Clark, of the Blue Front grocery, before C. A. Sehlbrede.

Keith Leslie, who enlisted here last week for the U. S. hospital corps, was rejected on physical examination at Portland on account of a slight heart defect.

Ray Burns returned home from the University of Oregon Monday evening in time to register. He was just two or three days past 21 on War Census day.

Newman Moon came over from Marshfield Monday to move the Moon & Gidley paving outfit over there where they have a job to do on Central avenue.

Mr. and Mrs. C. A. Howard went out to Portland this morning where they will attend the grand lodge of the Eastern Star of which Mr. H. is Grand Patron.

John L. Gary went out to Salem last Saturday and will not return here next fall, he having accepted the position of principal of the Myrtle Point high school.

J. S. Lawrence received word from his son, Perry, Wednesday evening that the latter had enlisted in the army with a number of other U. of O. students at Eugene.

C. W. Pensinger, tester of the Coos Bay Association, came over from the Bay Wednesday for a conference with the county agent's office here. He returned this morning.

Mrs. S. J. Springer, who spent the winter months at the home of her son, Wort, in this city, left Saturday morning for Big Piney, Wyo., where she will visit with a daughter.

E. A. Wernich, of the Sitka Spruce Company, accompanied by Mrs. Wernich and daughter, came in from Portland Sunday. Mrs. Wernich will remain here through the summer.

Manager McKenna, of the local Oregon Power Co., is storing the equipment being received for the new high line line in Jack Lamb's barn, where the danger from fire will be slight.

M. O. Hawkins went down to Langlois last Saturday in connection with matters relating to the settlement of his father's estate. He returned Monday afternoon to cast a good roads vote.

Dr. V. L. Hamilton went down to Bandon Tuesday to make an X-ray of Jack Hultin's leg where he was shot. Mrs. Hamilton, W. E. Clark and family and W. J. Forbrache accompanied him.

Mrs. A. N. Ames, who left here last week to go to Dorris, California, to make her home, spent some days over at the Bay and left from there with her brother, Jack Ochiltree, on Monday morning.

Mrs. Fred Minard accompanied Mrs. Loren Wise on her return home to Portland Wednesday. The former will visit there for a time before joining Mr. Minard at his new location on North Lake in this county.

E. A. Beckett was released from jail here Sunday morning on the expiration of his sentence, and Otto Edlund, from the Bay, who had been there for about six months, regained his freedom this morning.

His family have just received word from Owen H. Knowlton, who went to Portland last Friday to enlist in the Medical Reserve corps that he had been rejected for defective eyesight on the physical examination.

P. M. Wilbur, of Marshfield, was looking over Coquille Wednesday in company with Wm. Candlin. He found much that was new to interest him although he is an old settler in Southwestern Oregon, having come to Port Orford in 1887.

Jesens Jensen Freese, a hotel-keeper at Powers, about 52 years of age, was brought down here last Saturday by Dr. Manser. He was pronounced insane and a keeper from the asylum at Salem went out with him Monday morning.

Up to last week the Macleay cannery at the mouth of the Rogue river had put up this season between 6,000 and 7,000 cases of salmon, according to the Gold Beach Reporter. So far the run of fish this year has been larger than last year.

From an invitation just received to attend the graduation exercises of the Pacific Chiropractic College at Portland last night, we note that Mrs. Maude Henninger Plyler, for so long a popular clerk in the postoffice here, is to be one of the graduates.

J. P. Beyers and children, and A. A. Selander and family, motored over to the Beyers home at Sumner last Saturday evening. Sunday and Monday the two men went up on the Middle creek and to Brewster where Jesse says that they caught a "slathering" of trout.

Rev. F. G. Jennings, who has been connected with the Episcopal church here most of the time during the past year and a half and recently in charge of the mission work in Coos county, will be ordained at Portland on June 24, and has accepted a call to Centralia, Wash.

Monte J. Wax, who managed some sales over here in 1915 and has been engaged in the Matson sale at Marshfield for the past two months, was over here Sunday. He now has charge of the bankrupt grocery stock of K. F. Clark, of the Blue Front grocery on Front street.

Misses Nettie and Lena Belloni left last Thursday for Grafton, California, where they will spend the summer vacation at the home of their parents, Mr. and Mrs. Geo. Belloni, formerly of Coquille. Both ladies have been employed as teachers at the Prosper school the past year.

Miss Mae Allen left for Sedgewick, Kansas, Wednesday morning where she will spend the summer vacation visiting her mother. She says that one of the recent Kansas cyclones struck one corner of Sedgewick. She is hoping the season will be passed by the time she arrives there.

W. H. Lyons, L. H. Hazard, C. McC. Johnson and Dr. C. W. Endicott took advantage of the holiday Tuesday—as none of them were within the conscription age limits—and got an early start for Brewster. They all made big catches, with Bill carrying off the prize. He secured the limit—50—with fish.

Fred Minard and Vern Garotte have opened a new logging camp over on North Lake which will employ about 15 men. The logs will be delivered to the Beuhner Lumber Co. at North Bend. Mr. Minard was back here last Saturday getting the cook house paraphernalia together for shipment to the new camp.

Ross Bailey, of Montague, California, was here from Coquille today to get his automobile, left here last week after travelling through the rough highway between Sumner and Marshfield. Mr. Bailey is going to Coquille in his car and takes the Seven Devils road to Bandon and will go up the Coquille from the seaport.—Record.

**The New Sunday Schedule.**

Several changes were made in the mail service to this and other valley towns on Sunday. Among them was the putting on of a regular mail clerk on the morning and evening through train. This will give all the postoffices on the line from Eugene to Powers a daily mail service, whereas, heretofore, but the principal towns have been getting a Sunday service. To counterbalance this benefit the local mail service has been taken off the morning train and there will be no way pouches for either this city or Myrtle Point.

The reason for the change may lie in the fact that there has been a continuous kick made by the towns north of Marshfield for a Sunday mail and it is thought the Sunday mail clerk is the result.

The next innovation expected by the wise ones will be a mail clerk on the Sunday boats leaving this city for Bandon. At the present time no way pouches are sent out on the Sunday boats and no town on the river except Bandon gets a Sunday service. Many kicks have already been registered because of this fact and now that the north of the bay towns have their Sunday service the others will no doubt get their wishes.

**Notes About the Sick.**

One day last week County Superintendent Baker in opening a can of oil, in some way cut his finger. He called Mrs. Richmond, who, with the able assistance of H. O. Anderson, sowed the member on again.

Last Sunday Dr. Richmond removed a large tumor from Mr. McGinn's back. He used local anaesthetics.

The small son of Mr. and Mrs. Rule is suffering from an attack of appendicitis. Dr. Richmond, who is treating him, said he was better today.

Mr. Frederick, of Bandon, who is at the Grayce Hospital taking treatment, is slowly improving.

Last week Dr. Richmond removed the tonsils and adenoids from Ross Fraedenburg.

Mr. and Mrs. Sturdevant from down the river have returned home after both had undergone operations at the Grayce Hospital of this city.

Mrs. E. S. Mason, wife of the M. E. pastor at North Bend, spent several days in our city, visiting her son, Clark, who works at the creamery, and incidentally taking electrical treatment of Dr. Richmond.

**Has Invented Unsinkable Boat.**

Among the men who have been sent out from this city to enlist in the regular army during the past month, J. D. Widgreen may prove to be the most valuable. Widgreen, who is of Swedish descent, applied to Postmaster Leneve for enlistment last week and received his transportation at the same time Keith Leslie got his ticket.

In making his application, Widgreen told Mr. Leneve that he had an unsinkable boat which he wished to give to the government along with his personal services.

He did not give any of the particulars of the craft but stated that he had been working on it ever since the Spanish-American war and had but recently completed his model to his satisfaction. He said the boat could be shot through and through a dozen times and still float with a fair cargo. Widgreen did not state whether or not the craft can be built of a cargo size but it is thought that it will, if used, be better adapted to the submarine warfare than that of a cargo boat.

**Those Liberty Loan Bonds.**

In issuing Liberty Loan Bonds in a denomination as small as \$50 the Secretary of the United States Treasury has put it in the reach of almost every United States citizen to do a real and actual service to his country.

Not all can fight, not all can render personal service in other ways, but those who are denied the privilege of serving their country in person have the privilege of serving her by lending their money to win her victories.

But it is not patriotism alone that urges the buying of Liberty Loan Bonds. Thrift and a wise economy in investing small savings commend these Liberty Loan Bonds to small investors. They are safe, and considering their tax-free quality—free from all Federal, state and local taxes (inheritance taxes excepted) and free from any war tax that may hereafter be levied, affording an absolutely net income of 3% per cent, they constitute an ideal investment for savings.

Nor is there any reason for waiting for a later bond issue in the expectation of a higher rate of interest being obtained, for the law provides that should such bonds be issued later, Liberty Loan Bonds may be exchanged for them at par.

**WANTED TO HIRE.**

Seven hard rock men. Inquire of Dean & Brown at North Bend. Wages \$3.25

Send the Sentinel to certain friends you buy a Liberty Bond.

**Coquille to Have New Hospital.**

A modern up-to-date hospital for Coquille was assured this week when Dr. V. L. Hamilton and Nele Oumundson bought the old New England House corner on First and Hall streets. The doctor had been figuring on various locations but this one was the most desirable and the attractive figure at which it was offered caused his selection.

Speaking of the contemplated project yesterday Dr. Hamilton said: "Before leaving Coquille I realized the great need of a strictly modern hospital in this city and it was with this in view that I returned here. Steps were immediately taken to that end upon my arrival but it was not until last week that we were able to get together with the owners of the property and complete the deal."

"Workmen will begin on alterations on the building probably tomorrow and it will be pushed ahead as rapidly as possible. As to the equipment of the establishment you may say that it will be strictly modern and up-to-date in every respect and that a competent corps of trained nurses will be always available."

"This fall I intend to have a brick holler house erected on the lot and the hospital plumbed with water pipes, using hot water for heat."

"The building will be repainted, either white or a gray coat with white trimmings and we will make the surroundings as homelike as possible by setting out roses and other flowers. A grass lawn will be another attractive feature."

The building will be completely overhauled and the entire interior remodeled to suit the needs of the hospital work. The establishment of the hospital here will mean that many hundreds of dollars will remain in this city that has formerly been sent to the bay cities. Dr. Hamilton stated yesterday that there would of course be no restrictions on the use of the hospital by other physicians of this city or of the county and that all who come will be served with the same regard for the profession.

Dr. and Mrs. Hamilton were moving their household goods into the building this morning.

**Changes at Garage.**

After two years of strenuous life running the Gardner & Larsen garage here in First street, Chas. Gardner has leased that establishment to Geo. S. Matthewson, of Dora, and will devote his time to running an auto stage line between Powers and Myrtle Point and between Coquille and Marshfield—if the road is in a passable condition.

Last week the firm of Gardner & Larsen was dissolved, Mr. Larson, who had been a silent partner except in the name, withdrawing from the business.

The Willard Storage Battery Service Station, which Mr. Gardner and Chas. Battey had just installed at the garage, has been taken over entirely by Mr. Battey, who will continue to operate it at the same stand.

Mr. Matthewson is well and favorably known to the people of this valley and section and we bespeak for him a liberal share of the public's patronage. He has a competent force to handle all kinds of work connected with the garage and machine shop.

**Getting Piling for New Building.**

Edwin Ellingsen returned from Bandon Sunday and went back again today to make further arrangements regarding the piling for the new Standard Oil building which will be erected just below the creamery. He states that the lumber will be on the ground for the new building this week, that the piling will also be up soon and that construction work will be begun in a week or two. In the meantime he will complete the repairs to his pile driver and do the driving for the new bridge on the Cunningham road at the Watson place. This work will occupy the crew the better part of next week and the machine will immediately be moved to the oil building site and the work of driving the piling there will be begun.

**Earl Howe Goes to Canada.**

Earl Howe came over from Marshfield Saturday and joined his family who have been visiting the past week at the home of his parents, Mr. and Mrs. A. E. Howe. Earl expects to return to Marshfield to vote and register and then, if permitted to do so, will leave with his family for Canada where he has a 160-acre farm which he will operate. Speaking of his departure, the Record has the following: Earl D. Howe, for four years past a Linotype operator on the Record composing room, leaves this afternoon for Coquille for a visit with relatives there and will then go to Portland where he will enjoy a short stay with Otto Rudloff, former pressman on the Record, but who is now employed on the Oregonian. Leaving Portland, Mr. Howe and his family will go to Canada where they have a fine 160-acre farm. Mr. Howe has been a

## BANKS WILL ASSIST

WHEREAS the Government is making a great effort to place the Liberty Bond issue in the hands of many small holders, and

WHEREAS it is our desire to co-operate in every way possible in this commendable effort, appreciating the desirability of having the issue thoroughly distributed and digested for financial as well as patriotic reasons,

THEREFORE BE IT RESOLVED, That the Coos County Bankers Association for and on behalf of all its member banks, render all assistance to the Government and make it possible for the small investors, wage earners, and others, to follow their patriotic impulses in assisting them to secure Liberty Bonds on the following plan of easy payment:

ANYONE, whether patron of the bank or not, who desires to purchase a bond of \$50.00 or \$100.00 denomination, may do so on a deferred payment basis as follows:

Twenty per cent to be paid in cash and balance in five equal monthly payments with interest at the rate of 3 1-2 per cent, the bond to be given as security.

BE IT FURTHER RESOLVED, That the widest publicity be given to this plan as it is the desire of the banks of Coos County to render all aid possible to the Government in its effort to quickly and satisfactorily finance itself.

FIRST NATIONAL BANK, COQUILLE, OREGON.  
FARMERS & MERCHANTS BANK, COQUILLE, OREGON.

faithful, competent member of the Record office force and everyone from the office devil down to the editor will regret exceedingly at his going and all hope he may prosper in his new life.

**Water With Meals.**

The person who wishes to increase his weight will find it helpful to drink water or liquids of some kind with his meals. There is no longer any quibble as to whether or not water drinking during meals disturbs digestion. It does not. But for some reason that is not easily explained it does stimulate the desire for more food—seems to "lubricate the appetite," as some one suggests. The person who takes liquids habitually with his meals invariably eats more than he would if all liquids were omitted.

## IMPORTANT NOTICE

All persons owing Money to K. F. Clark, Bankrupt, are hereby notified to make settlement on or before June 15th to the undersigned direct.
