

MINOR MENTION.

Telling About People and Events in the City and County.

Chas. F. Pape, of Bandon, was in town yesterday.

The salmon fishing season will open at 6 o'clock Sunday evening, July 15—very shortly now.

H. K. Fredenburg, of the Arago section, was in town yesterday and made the Sentinel a call.

Dr. Hamilton reports a boy born to Mr. and Mrs. Oscar M. Durrell at Brewster valley on the 10th.

Two brush fires on the Boutin tract near Beaver Hill last Saturday afternoon caused considerable alarm.

You will want to hear Gov. Carlson, of Colorado, at the Chautauqua at Myrtle Point next Monday evening.

Broccoli Plants for sale. They are getting large and should be planted soon. Phone 756. Geo. N. Battey.

Roadmaster Murdock was over at the Bay Tuesday, inspecting the road construction work in that part of the county.

Born—at the Richmond Hospital, to Mr. and Mrs. Amer Hufford, of Riverton, Thursday, July 5, 1917, a daughter.

Mrs. T. M. Dimmick expects to leave Sunday morning for Olympia, Wash., where she will visit her son, Gus, for a month or two.

R. O. Graves and family, of Marshfield, spent the week visiting Mr. and Mrs. L. E. Teters at the Dear Cross Triangle and Mr. and Mrs. Russell Sage, of Fairview.

Mrs. Mary C. Howard, of Wichita, Kansas, arrived here Saturday evening for an extended visit with her son, Charles A. Howard.

W. J. Longston started Sunday morning for Albany where he will be busy for the next three months managing a brick plant.

It's a very blunt question to ask but a great many parents ought to hear it ringing in their ears, "Where is your girl tonight?"

H. M. Shaw M. D., Eye, Ear, Nose and Throat Specialist, will be at the Baxter Hotel, Coquille, July 27th, Friday. Glasses fitted.

O. C. Sanford went out to Ashland, Sunday morning on a two weeks' vacation, which he will spend visiting his parents at that place.

The Sentinel would like to receive some suggestions from its housekeeper readers as to the best way to arrange menus for "wheatless" meals.

Mrs. S. S. Norton came in from Redding, California, last Saturday evening for a visit with her mother, Mrs. N. Lorenz, and other relatives.

Mrs. Hardy Mast and Mrs. Aletha Slagle will give a dance at Lee Saturday night, July 14, for the benefit of the Red Cross. Everyone is invited to be there.

Rev. F. S. Shiman arrived here Wednesday evening and has been getting his household goods ready for shipment to Milton, Ore., where he is going to locate.

M. J. Hartson and family and H. N. Lorenz and family left Tuesday for a short camping trip to Elk river in Curry county. They expect to return the latter part of the week.

Miss Mary Leyar is to be operated on today at Dr. Hamilton's hospital—the first case of the kind there. A gland in the throat which has been infected for several months is to be removed.

Capt. Edhofer and George Weldin, assistants to U. S. Inspectors of Steam Vessels Edwards and Wynn, have been on the Coquille river this week making the annual inspection of the river boats.

Mrs. Clifford Kern was back from Marshfield yesterday to attend to business. Mr. Kern has just undergone on operation over at the Bay and Mrs. K. goes back to remain with him until he recovers.

Tuesday W. S. Graham took the dredge, which has been operating on the upper river for the Port of Coquille River, down to Bandon, the work of dredging having been completed up there.

The list of the new red registration numbers of the war census published on the fifth page of this week's issue covers the entire south end of the county excepting Powers and the Bandon neighborhood.

Chas. Harlocker went up to Seaside Sunday morning to attend the meeting of the State Pharmaceutical Association, and also to Portland for a visit, and C. J. has been running the Pharmacy alone this week.

Mrs. Chas. Levine came down from Powers Saturday morning. That evening her seven-year old daughter while playing about the barn fell and broke her left arm, necessitating their remaining Coquille for a time.

Judge Watson is expected home from his camping vacation tomorrow. Probation Officer Hark Dunham says he has about half a dozen juvenile cases ready for him to try next Monday. They include delinquents of both sexes.

P. O. Lund, who had been over at Marshfield, stopped over here yesterday on his way back to Powers to see his mother and sister, who are up from California for a visit with Mrs. F. C. True and Mrs. O. H. Knowlton.

School Superintendent C. A. Howard left last Friday for Portland to attend the meeting of the National Educational Association. He expects to meet his mother there and bring her back to Coquille with him for an extended visit.

Our Port Commissioners Will Lyons and J. E. Norton must have a decided aversion to boat riding. They came home from the meeting at Bandon Wednesday by auto over the Seven Devil's road to Marshfield and thence by the Coos Bay Limited.

Word from Myrtle Point Monday was that the river boat Myrtle was resting quietly on the bottom of the river there. She sunk at 6 o'clock that morning, due it was thought to the syphon being left open. However, she was raised and on her run between here and Myrtle Point again Wednesday.

H. W. Dunham is boarding the 15-year old son of George Lammon, of Hauser, whom he arrested last week for running away from home and committing depredations here in Coquille. The boy seems to be of rather low mentality, but his father says he is absolutely unable to do anything with him.

With the whole Pacific coast to choose from and a private car at his service on the Southern Pacific, D. W. Campbell, assistant general manager of that railroad system, with his wife came up from Los Angeles and is this week enjoying the fishing and the scenery of the Oregon coast between Coos Bay and Florence.

That a school district quarrel over a school house location is a mighty mean one, the writer learned away back near the civil war days. The lesson is being impressed again in the two mile district below Bandon, where the new school house was burned last Monday. That isn't the way to settle a dispute either.

The Bandon World says that Rev. A. Haberly, who was formerly pastor of the Coquille Presbyterian church, left recently for Kansas where he has accepted the pastorate of a Presbyterian church. He has been pastor of the churches at Prosper and Langlois, and formerly had charge of the Bandon church also.

The June rainfall in Coos county was less than an inch. Capt. Wren at the Bandon lighthouse registered only 58 hundredths, while at Marshfield 88 hundredths were recorded. Last year the June rainfall was 2 1/2 inches. We're all hoping July will do better than last month, but it is hardly to be expected we shall get as much this month as last.

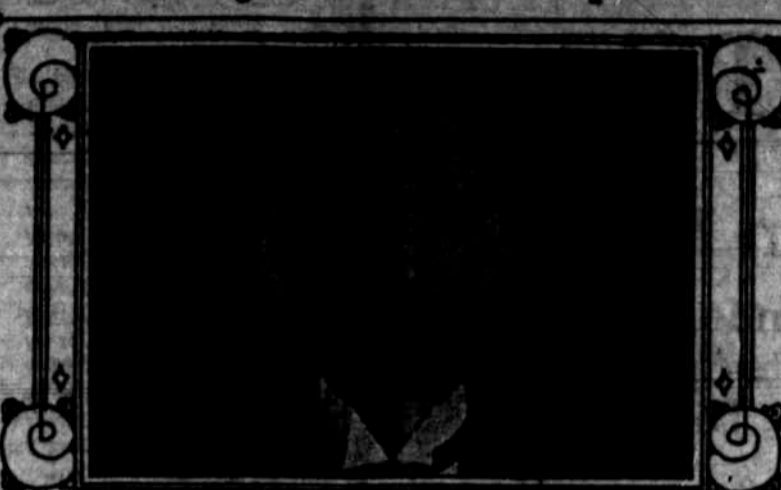

"Seven meatless meals, seven wheatless meals and seven meals with dishes made from leftovers each week," are the Hoover conservation requests for each family. The first and last are easily enough managed but we are wondering if we can ever remember eating a wheatless meal. However, we can square that by making all our meals meatless according to our doctor's orders.

The Myrtle Point Chautauqua delegation swooped down on us in full force about three o'clock yesterday afternoon, coming in 25 profusely bannered, decorated and bespangled autos, with the blast of trumpets and the shrill screech of whistles, and making an imposing parade on our business streets. The entire crowd was engaged in a ticket selling campaign for the six days of Chautauqua which begins up there next Sunday and which promises some splendid attractions as indicated by the program, printed elsewhere in this issue.

Carl Taylor, the new travelling passenger agent of the Southern Pacific, who succeeds W. H. Jenkins, was a pleasant caller at this office Wednesday afternoon. He thinks it will be another year before the soft spots in the Willamette Pacific tracks are sufficiently settled to attempt to shorten the schedule between here and Portland. But Coquille has nothing to kick about as it is now—except the force at the station, and the postoffice and the mail carrier.

Sewing machine needles. All makes and sizes—at V. E. Wilson. The Watchmaker.

Noted Explorer Tells Thrilling Story at Chautauqua

G WHITEFIELD RAY, F. R. G. S., the celebrated explorer who spent fourteen years in South America, is coming to Chautauqua. His lectures have enlisted the attention of the entire country. Dr. Ray is known to scientific men

as "The Livingstone of South America." He is undoubtedly one of the best posted men in America concerning general conditions in South America. For a number of years he was Official Explorer for the Bolivian Government. Dr. Ray will present at Chautauqua a strikingly interesting travel talk.

Program Myrtle Point Chautauqua July 15-20

FIRST DAY	
Afternoon	
Opening Exercises—Important Announcements.....	Superintendent
Concert.....	Lyric Glee Club
Impersonations.....	Francis Hendry
Admission 35 cents	
Evening	
Organizing Junior Chautauqua.....	"Making Americans"
Concert.....	Lyric Glee Club
Popular Lecture—"Eli and Dennis".....	Dr. Andrew Johnson, Humorist
Admission 50 cents	
SECOND DAY	
Morning	
Juniors—"Making Americans".....	Norse Stories
Afternoon	
Prelude.....	Fillion Concert Party
Popular Lecture—"The House of Man".....	Wm. A. Bane
Admission 35 cents	
Evening	
Concert.....	Fillion Concert Party

Admission 35 cents	
Evening	
Closing Entertainment—An Evening in the Alps—Quaint Switzerland in Song and Story—Alpine Echo Songs—Hunting Songs—Yodeling Gaus' Alpine Yodlers	
Admission 75 cents	

Pleased With Saskatchewan.

George Robinson, of Fishtrap, who spent six weeks up in British Columbia this spring, is quite enthusiastic about the Saskatchewan country, and says he will probably return there after the war. His brother James remained there and several others from this section of country have located there. Mr. R. says that wheat sowing there this spring was much later than usual, owing to the backward spring all over the North American continent. However, he saw wheat sowed May 8th that by June 8th, just 31 days later, was eight inches high and growing at a great rate. Indeed, they expect to harvest there in 90 days from planting.

Batteries overhauled and recharged at a reasonable price and all work guaranteed. Geo. Battey. 221

Not Logging Those Lands.

County Assessor Beyers recently showed us a list of lands comprising 13,776 acres on which the C. A. Smith company has some sort of claim but which it declares should be stricken from the tax rolls. These lands are said to be yet unappropriated and unpresented by the government and were formerly listed as Oregon and California railroad grant lands. Some kind of transfer was made by the railroad company to the C. A. Smith people, and a portion of the tract has since been transferred to John A. Lund, its attorney, of Minneapolis, Minnesota. This is without doubt land which the railroad company sold in tracts of more than 160 acres in violation of the granting act; and we are informed that the Smith company is not attempting to remove any timber from it.

OUTING DAYS ARE KODAK DAYS

Summer days and summer pleasures are here at last. Why not add to your pleasures a KODAK. Our stock is complete and we will be glad to show you how easy they are to use. A choice of prices from \$1 to \$55.

KNOWLTON'S DRUG STORE

Learning More Respect for Law.

In these war times the people of America are learning a new respect for law and authority. Even disregard of such things as the city regulations as to the time to use city water for irrigation are not passed unnoticed as they have been at times in the past. In two recent cases where the water has been left running as late as 11 and 12 o'clock at night the offending parties have been arrested and contributed \$5 each to the city treasury.

Still it is remarkable what a difference the new regulations have made in the amount of water consumed. When there was no limit a week ago it kept the pumps going eight and ten hours a day to keep the reservoirs filled. Since then it has been unnecessary to pump at all except after the water had been shut off for repairs at the reservoir. Indeed, the flow down the high line has been at times so abundant that the water ran over the spillway.

Held Without Charge.

Deputy Sheriff Clyde Gage yesterday apprehended J. Beckham, of Oakland, California, who has been for some time past engaged in mining down in Curry county. The arrest was made here at the request of the U. S. authorities and District Attorney Reames directs that he be still held. No charge has been made against him though the impression is that it is because of his carrying fire arms. Though not a citizen, he is a declarant and under ordinary circumstances his privileges in that line would not be restricted.

Testing a Thousand Cows.

Dr. C. M. Gardner, assistant state veterinarian, came in last Saturday and with County Agent Smith has been visiting a number of the dairy herds in Coos county. After coming he received word from the state veterinarian to test 1000 cows in the county for tuberculosis here and he has put in this week at it, testing from 300 to 400 cows in each of the Coquille, Bandon and Bay associations. He is using the eye test which is quicker and just as effective in determining whether an animal is affected with T. B.

Only Half of It Comes Back.

According to the report of State Insurance Commissioner Harvey Wells, the people of Oregon paid out last year in insurance premiums \$11,465,278 and got back in losses and claims paid only \$5,655,345, or less than half what they paid out. Insurance ought to be furnished at lower rates than a 50-50 proposition, or a dollar for expense of doing the business for every dollar of indemnity paid.

Prosper Shingle Mill Sold.

Last Saturday the Prosper Shingle Mill formerly run by C. McC. Johnson was sold by Sheriff Gage under judgments held by A. E. Seaman, of the Business Men's Association amounting to \$2400. The mill was bid in by Mr. Seaman for \$1800; and it is reported that it may be started

soon again under Mr. Johnson's management. The sale did not include any real estate.

NOTED SOPRANO WILL SING HERE

Mary Adel Hays of New York With Band.

The joint concert appearance of Mary Adel Hays, prima donna soprano of New York, with the Royal Venetian Band at Chautauqua, will be the greatest musical attraction featured at the Fillion-White Assemblies

MARY ADEL HAYS.

this season. Miss Hays possesses an unusual range of three octaves, and the astonishing ease with which she does the coloratura roles is equaled only by the warmth, smoothness and strength of her voice in sustained passages. She especially excels as a band soloist, the volume and power of her tones rising easily above the heavy brass accompaniment.

Artificial Flowers.

It was in Italy that a demand for artificial flowers first arose. This was due primarily to a caprice of fashion which demanded that during festivals blossoms in and out of their seasons should be worn and also to the fact that their color and freshness were stable. Later on, in the middle ages, the artificial so far superseded the natural that both men and women decked their heads with imitation flowers of cambric, paper, glass and metal.—London Standard.

Mrs. Hardy Mast and Mrs. Aletha Slagle will give a dance at Lee Saturday night, July 14, for the benefit of the Red Cross. Everyone is invited to be there.

Kryptok lenses are wonderful creations. A reading lens is hidden in the "distance" lens undiscernable. No "lines"; no cement.
