FOR THE PUBLIC

New Formula Cures Coughs, Colds, Bronchitis and Hoarseness in Five Hours.

Much is being done in these days to stop the ravages of consumption, but probably nothing has been so effective as teaching the public how to break up a cold and cure coughs, bronchitis, tonsillitis, etc., with simple, home-mixed medicine free from opiates, poisons, and a laxative cough syrup, free from whiskey and poisons, is the prime need. A cough indicates inflammation and congestion, and these in turn are due to an excess of waste and poisons in the system. A tonic laxative cough syrup rids the system of congestion while relieving the painful coughing. Get the following and mix at once: One-half ounce fluid wild cherry bark, one ounce compound essence cardui and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. Cut this out and save it for some friend.

King Edward, when Prince of Wales, never voted on any political question; but he always voted for the Deceased Wife's Sister Bill, which was a social, and not a political, matter.

Bad BLOOD

"Before I began using Cascarets I had a bad complexion, pimples on my face, and my food was not digested as it should have been. Now I am entirely well, and the pimples have all disappeared from my face. I can truthfully say that Cascarets are just as advertised; I have taken only two boxes of them."

What Ailed Dayse Mayme.
Dayse Mayme Appleton was reading a newspaper last night when suddenly she gave a scream and fell to the floor in a dead faint. Now, according to the looks and tradition Dayse Mayme fainted because she read the announcement of an old sweetheart's marriage or death (and it would turn out afterward, according to the books and tradition, that he was a cousin of her old sweetheart by the same name). But real life is so unlike the books and tradition. VOLIVA GOES TO JAIL RATHER THAN PAY BIG JUDGMENT.

WILBUR GLENN VOLIVA.

Wilbur Glenn Voliva, overseer of Zion City, Ill., who was taken to jail because of his refusal to allow payment of a judgment for \$10,000 obtained against him by an attorney of Zion City, because of articles written by Voliva two years ago, became connected with the work of the late John Alexander Dowle at the beginning of Dowle's work in Chicago. In 1906, a year before Dowle's death, he was named deputy general overseer of all the affairs of Zion throughout the world, and he succeeded to leadership in 1907. Mr. Voliva was born in 1877 near Newton, Ind. After graduation from Union Christian and Hiram colleges he entered the ministry in the Christian church and held pastorates in several States. He is a fluent speaker.

Abolition of Sweatshops.
The leading manufacturers of women's and children's clothing in Chicago have announced their plans for doing away with the existing sweatshop conditions of labor by erecting a group of eighty buildings in a central location with every modern convenience for cleanliness, light, air and other sanitary conditions, and in connection with which clubhouses, libraries, public baths, gymnasiums, etc., will be operated free. The manufacturers do not pretend to do this solely from humanitarian motives. They have come to the conclusion that it will be better for their business plans as well.

Paris-New York Wireless.
The wireless station on the Eiffel Tower in Paris has received several messages from the new station at New York, and it is announced that after the coming September a regular service between the two cities will be possible.

The buildings and valuable instruments of the Glace Bay Marconi wireless stations were destroyed by fire August 21.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."
Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."
Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."
Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."
Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."
Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."
Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."
Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

Habitual Constipation

May be permanently overcome by proper personal efforts with the assistance of the one truly beneficial laxative remedy, Syrup of Figs & Elix of Senna which enables one to form regular habits daily so that assistance to nature may be gradually dispensed with when no longer needed, as the best of remedies when required are to assist nature, and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally.
