SOME SOCIALISTIC NOTES

Reported by Socialist Local.

The railroad combinations, the beef trust and no other trusts brook competition. Rockefeller as the head of the Standard Oil Trust resorted to various methods to kill competition. All other trusts have copied Standard Oil in business methods. Thus competition is the demon of big business. And, whatever it has been heretofore it is now the demon of both big and little business; it is the devil of all economic industrial society as it sets every man against his fellow man. Yet members of the old parties would have us believe that competition is the arch-angel of little business and the working man.

In the book of Revelations, twentieth chapter, verses one and two, the revelator says: "The Devil shall be chained and bound for a thousand years." And the socialists are fixin' to bind him; to cast him out of human society. Local Cottage Grove, socialist party meets every Saturday evening at the city hall. All are welcome to have a say in the fixin' and the bindin'.

The single tax question will be discussed at the next Saturday evening's meeting.

Why delay opening that account? It is as easy to do it now as it will be later on. Our steady growth in deposits and surplus shows conclusively that we enjoy the confidence and good will of the people of this city and vicinity.

Build Up Your Horse

as you would build up a house—by giving it a good foundation. And the foundation for strong and healthy horses—and other animals—is good feed, such as we constantly keep in stock for horse-owners, breeders, farmers, contractors, and others concerned in the raising and working of horses. This feed is first-class and warranted uniform in quality. And its cost is no higher than for poor kinds.
