THINGS ARE GROWING PROFUSELY
 Wild Fruit Is Blossoming and Gardens Doing Nicely.
 Nature is putting on her spring garb. It is the same as the one she has put on every new spring for years untold, but it is none the less beautiful and no less attractive.
 The scent of precocious spring flowers catches in the nostrils of those who beat the paths in wooded dells or climb the mountain sides. The new green of the Oregon grape catches and pleases the eye of those of esthetic taste and withal a jaunt into the woods or a trip into the country puts new life into the jaded city dweller.
 The wild grape and wild currant are heavy with blossoms and the new leaves are beginning to appear on branches and limbs that have been bare for two or three months.
 The thrifty husbandman is getting the fever and following Nature's lead. Gardens are being planted, trees are being pruned, grass is being mowed and everyone is preparing to take advantage of what Nature so freely and cheaply offers in the famous, fertile, fruitful Willamette.

 When in need of a clean shave and hair cut, go to the South Side Shop, Hubbard & Spoelstra.
WERE HIGH CLASS AMUSEMENTS
 Milburne Kenworthy and Musical Irvings are Great.
 The bills at The Arcade during the past week drew more than the usual amount of favorable comment. Manager Hall and Mr. Beals have been highly complimented on the success they are having in securing the shows that the people want to see and hear.
 The Milburne Kenworthy Co. in the popular comedy-drama, "Betsey of Clover Farm," made the biggest hit they have yet made, and that is going some. The play, which is a live, wholesome and amusing one was put on in a more than pleasing manner.
 The Musical Irvings, in a three days' stand proved their popularity by the crowds they drew. They are artists in their lines from the word go, and some of their novelties were particularly clever.
 How long does it take you to read The Sentinel from front page to last page. Just time yourself some time and then try to think of any other country newspaper in a city the size of Cottage Grove that prints as much live news.

WILL BE A HUMMER
 MEN TO ENTERTAIN TOMORROW EVENING.
 Entertainment by Men of Methodist Church Promises To Be a Rare Treat.
 The unique and much-talked-of entertainment to be put on by the men of the Methodist church will occur tomorrow night at the Armory. Arrangements are all complete and the last rehearsal takes place tonight.
 All the parts, both male and female, are to be taken by men, which will make the affair a very novel one. There will be a mock trial, a musical sketch and a funny pantomime monologue. All are full of mirth-producing incidents.
 Those who are to take part have put in much time and effort to make the affair the best thing of its kind ever put on here, and it is expected that there will be a full house to see how well they have done.
DIG MANY FREAK POTATOS
 TUBERS OF EVERY CONCEIVABLE SHAPE AND FORM.
 Were Dug by Women of 81 and 56 Years and Weigh from 2½ to 6½ Pounds.
 The biggest bunch of freak potatoes ever seen in this section of the country, probably the greatest collection ever grown on one farm, is that grown last year on the A. H. Nowell ranch at London. There are some seventy-five potatoes in the lot and they are in almost every conceivable form and shape. Another peculiar thing about the potatoes is that they were dug by two women, one 81 and the other 56 years of age, neither of whom is ashamed to acknowledge it.
 The potatoes were planted the same as any potatoes, were hoed over once and cultivated twice. They were dug in October and turned out fine, the only peculiar thing about them being the number of monstrosities and their large size. They weigh from 2½ to 6½ pounds apiece.
 The tubers were planted by A. H. Nowell, but on account of sickness, which later resulted in his death, he was unable to dig them and the work was done by his mother and sister. The number of odd-shaped tubers immediately attracted their attention and they laid them aside and photographed them.

THE SEASON'S Correct Corsets

There is only one correct corset for this season. That is the corset which follows the lines of the natural figure. The hips and abdomen are straight and snug. Every correctly gowned woman must look supple, easy and generally graceful in her gown, not tightly corseted.

American Lady Corsets
 produce the modish effect to perfection. They excel in giving the much sought after lines.
