Lots of Grangers in town Saturday. They are the people. They bring in lots of produce, well filled lunch baskets and all wear a cheerful smile that is right. Grangers, get together as often as you can. It is the best thing I know of for both young and old. It gives you all a chance to get acquainted and swap ideas. I could go on and name lots of ways you could be benefited by a organized body getting together and pulling together. When it comes to a showdown we all have to take our hats off to the farmer.

Don't make your road supervisor's life miserable by sitting down and yelling for road work, but get out and help him to put the roads in shape for the summer travel. Now is the time the rocks should be raked out. The biggest mud holes should be filled. Also there should be drains made to turn the water out of the road. It would not take long to do these things. Don't wait until crops are in and regular road working season begins. Now is the time a little work does lots of good.

"Jack the Grabber" Caught.  
A clan secretly known for some time past has been just as secretly camping upon the trail of one "Jack the Grabber." It is known as the "F. and B.," and although not of the "night rider" type, its work has been fruitful of results.  
On Tuesday night the vigilance of this secret patrol was rewarded and the culprit caught at his nefarious practice in the eastern part of the residence district. He was given such a warm reception at the hands of the patrol and members of the "clan" that he will carry the marks to his grave.  
The Register is enabled to state with authority that the episode actually occurred substantially as chronicled above.—Register.
