Miss Mary J. Whitsett and Geo. E. Robinson of this city were quietly married at Eugene Wednesday of last week at the Central Presbyterian Church, Rev. William Parsons officiating.

Miss Alice O. Jones and Ralph Legat of this city were quietly married at the Christian parsonage at Eugene last Thursday, Rev. J. S. McCallum officiating. Mr. Legat is manager of Legat's Harness Shop and Miss Jones is a well known young lady.

Mrs. J. S. Medley entertained the Social Twelve Friday afternoon. The usual work was taken up, after which ice cream and cake were served. The following guests from outside the club were present: Mesdames Geo. Hawley, Harry Mercer, Jesse Darling, C. H. Burkholder, Geo. Kerr, Shea.

Mrs. Clyde Kinter entertained about 30 of her friends on her lawn Wednesday afternoon. Each guest was requested to tell a story, then a vote was

taken for the best one. Mrs. Verske pleated and didn't tell any, but won the prize after cutting with Mrs. Job and Miss Baker. The prize was a beautiful vase.

After a social hour Mrs. Kinter invited her guests into the house, where tables were daintily laid with goodies. Ice cream, cake, cookies and salted almonds were served. The day was Mrs. Kinter's birthday anniversary, but she kept it a secret until her guests were about ready to depart. She received several beautiful gifts. The guests were Mesdames Cruson, Veatch, Nelson, Price, Keeney, Foster, Venske, Adams, Job, Baker, Smith, Mackin, H. H. Veatch, Bolden, Robbins, Hill, Hall, Miller, A. King, Roy Smith, Brainard, Ingram, Paul Jones, Kem, Bede, and Miss Shepherd.

A surprise was sprung on Cottage Grove society this week in the marriage of Dave Hendricks and Mrs. S. M. Hunt. It is understood that the

affair took place Saturday or Sunday. The couple escaped their friends and are off to San Diego on a honeymoon trip. Both are well known residents of the city. Mrs. Hunt was proprietor of the Hat Shop. Her assistant milliner got married a short time ago and when the proprietor followed suit it was necessary to close out the business.

The Emanon Club will meet this afternoon with Mrs. G. M. Scott.

Phillips Place Sold.

The F. B. Phillips home on West Main Street was sold this week to John Bader, a recent arrival from Pittsburgh, Pa. The consideration was \$4,250. This is a choice piece of property with beautiful lawn, shrubbery, etc., and is considered a bargain at the price paid. Mr. Bader came here to look over the Lorane Valley, and has also purchased a tract there.

For the time being the Phillips family will move to some college city to give the children school advantages. Mr. Phillips says, however, that they will be back as soon as possible, as he knows of no better place in the world to live and would not leave Cottage Grove even temporarily if not compelled to do so.

He looked over the forage plants which had been left with Mr. Curran for experimental purposes and took samples away with him for use in his work. He also took a number of pictures of the growing crops to use in showing others how Mr. Curran does things in the famous, fertile, fruitful Willamette. Mr. McKee is on a trip throughout the coast states distributing seeds and gathering data for a report to the government.

White Slave Traffic Described.

The terrors of the white slave traffic, the awful sufferings of the girls who are inveigled into the service, and the almost unsurmountable difficulties to overcome in returning to an upright life, were depicted in a pathetic and human interest manner by Miss Leah Barrell in her lectures at the Christian Church Monday and Tuesday evenings. Miss Barrell speaks with force and uses convincing arguments derived from personal experience. She goes into all the awful details and gives the cold blooded facts straight from the shoulder. Her audiences were large and appreciative.

Electric at Eugene Sept. 1st.

"We will have our electric trains running into Eugene by September 1, easy," declared Carl Gray, Jr., of the Oregon Electric, who was in Eugene a few days ago to meet with the Council to settle the matter of excluding from the fire limits the ground where work has been commenced on the company's freight depot. Mr. Gray said that the work of laying rails on the Albany-Eugene extension will begin in a very few weeks, but that a crew to lay tracks inside the city limits will be at Eugene in a few days so that there may be no delay in the work of paving the streets over which the company's tracks are to extend.

DATE OF LOCAL FAIR APPROACHES

LESS THAN THREE WEEKS FOR PREPARATION OF EXHIBITS

by school children and many of Oregon's future citizens are planning to capture prizes. In fact, it was the industrial contest arranged for the school children that started the agitation for the fair. In addition to the local prizes, the best exhibits by school children will compete for awards at the Salem state fair, and it would not be surprising if some of them were captured by local boys and girls.

Every effort has been made to make the fair this year a humdinger in every respect. Something unusual is promised in the stock department and women's exhibit building. Fruits, grains and grasses are ripening rapidly and will, no doubt, be ready for the occasion.

Yoncalla.

A number of Yoncalla streets are being improved with crushed rock.

Miss Emma Applegate, who has been teaching school at The Dalles the past year, is home to spend the summer vacation with her mother, Mrs. Laura V. Applegate.

The three oldest residents of Douglas county attended the celebration in Yoncalla. They were Mrs. Simpson, aged 81 years, John Letsom, aged 84, and Mr. Kelly, past 80.

E. Helliwell is looking after business matters at different points in the Willamette valley this week.

Little Calvert Applegate was kicked in the face by a vicious horse last week, the calk of one shoe cutting his nose quite severely. Physicians were called at once and the wound dressed. The nasal bone was but slightly hurt and there will not be any serious disfigurement.

The S. P. is hauling and unloading a lot of fine granite along the Yoncalla section.

Canning Many Berries.

Manager J. O. Holt, of the Eugene Fruit Growers' Association, says the pack of all kinds of berries is three times as great as ever before, especially of loganberries. There is a great falling off this year on cherries, but the figures on berries beat all records.

Thermometer in the Air.

The thermometer has been acting a little light in the upper story the past week and has been considerably up in the air, hovering around the 90 mark for a couple of days. Considering the terrible heat conditions in the East, 90 seemed quite comfortable. The atmosphere has moderated considerably today.

For Exchange.

Hardware and furniture stock of about \$18,000 in the best fruit belt of Idaho, to trade for Lane county land. Address P. O. Box 323, Cottage Grove Ore.

Gooseberry Raising Is Profitable Industry.

L. D. Gibson, one of the well-known farmers of Polk county, living on the Oak Grove road, five miles west of Salem, has an acre and a half of gooseberries and has just received from the Salem cannery a check for \$617.00 for his crop, being two cents per pound for 30,855 pounds. Besides the gooseberries sold to the cannery the family and the pickers and others used at least 200 pounds.

Mr. Gibson thinks he netted about \$500 for his crop of an acre and a half of gooseberries. The "Oregon Champion" is the variety, and the bushes are six years old. The land where they are planted is red land; about the same as thousands of acres in Polk and Marion counties. Mr. Gibson plowed the land between the rows last fall. He ran the cultivator over the land three times this spring and the clod-masher once. That is the extent of the cultivation the past year. Mr. Gibson has put out two acres and a half more of gooseberries and has contracted the product to the cannery.

Big Harvest Festival for Creswell.

In connection with the industrial and agricultural contest and school fair to be held at Creswell this fall, there will be a harvest festival and picnic. They will take place about September 1, the date to be announced later. All people of Creswell and vicinity and surrounding towns are invited. This project will have the support of all business men of Creswell, as well as of the farmers of the surrounding country. In connection with the picnic dinner there will be addresses by prominent men of the state on subjects of value and interest. There will be speakers from the College of Agriculture, University of Oregon and the State Department of Public Instruction.

BINGHAM FIGURES IN OTHER SCRAPES

TAKES CHARGE OF BAKERY AND LEAVES NO DOUGH

Theft of Four-Horse Team Laid at His Door; But Story Is Later Found To Be Untrue.

(Continued from first page.)

needed—that the warrant for embezzlement was served on him. An account of his escape from the officer has already been published.

Just at this time the following item appeared in a Roseburg paper:

"Local officers are on the lookout for a four-horse team which started for this city from Lane county a few days ago and which is reported to include a stolen horse named 'Two Bits,' which once ran in races at the fair grounds east of Roseburg. W. C. Bingham, the driver of the outfit, was arrested at Drain two days ago after the theft, but gave his captor the ruse. He asked the officer for permission to go in to a hotel to get an overcoat. His request being granted he slipped out of a rear door of the hostelry unobserved, regained his team and drove away. The stolen horses belong to Edward Spaight, a former business man of Sutherlin, and figured in a replevin case in Justice Court several months ago."

It has since been learned that this team has been found and Bingham was not the driver.

Why Bingham was so slow to get out of the country after his different escapades is somewhat hard to understand, but he was an expert in impressing people with a sincere desire to make good for his pecculations and his seeming lack of desire to get out of the country allayed suspicion. It is also probable, in the light of following events, that he figured it pretty easy to get away from an officer after capture and there was no need of being in a hurry. In addition, he had a wife and two children with him, which made it inconvenient to leave suddenly. The family is now with Mrs. Bingham's parents near Woodburn.

Bingham is thoroughly familiar with every road in the state, which probably accounts for the fact that no trace has been gotten of him since he made his getaway and took to the hills and brush.

Arrested for Killing Venison.

On complaint of a party living in his neighborhood, Joseph Stevens of the Noti valley, was arrested by Deputy Sheriffs Tom Bailey and Bud Kompp this week and taken to Eugene on the charge of having a deer in his possession, in violation of the game law. Mr. Stevens appeared before Justice Bryson, where he pleaded not guilty. His trial was set for August 7, and he was allowed to go home on his own recognizance.

A GOOD PIANO
FOR \$150.00

Ten Dollars Down and Five Dollars a Month Gets It at

EILERS MUSIC HOUSE

This is Only One of the Many Bargains We Are Offering for the Next Week or Two. Better Get Busy or You Will Be too Late.

Selling pianos, lots of them at greatly reduced prices. Pianos of highest quality at prices that are not high, is the slogan of Eilers Music House.

Right now here in Cottage Grove you have a real demonstration of this low priced plan of selling. Some have already taken advantage and are securing instruments at a great saving in price. We have just an even dozen on hand at this writing which we intend to sell within the next two weeks, or by August 1st. In order to do this in the dull season we know that extraordinary inducements must be offered in the way of prices and terms. We buy thousands of pianos to supply our forty stores located in the western cities where we operate, hence we are able to sell dependable pianos ranging from \$150 up on easy payments.

Why not secure your piano now, for at least \$100 under the prices usually asked by small dealers and agents.

Investigate this home piano proposition. We will not be here long, for at the cut prices we are making, it would not pay to operate a store and plug along in the ordinary way and only sell an occasional instrument. We will keep the store open evenings if you can't come in during the day. Come after supper.
