### SOCIETY

A marriage license has been issued to Adolph F. Reick and Miss Hulda Reimann, both of Lorane.

Charles Taylor and Miss Virginia Whitsett were quietly married Monday evening at the home of the couple already prepared for their occupancy. Rev. Sutcliffe officiated. Both are well known young people of the city.

The Ladies Missionary Society of the Christian Church met at the home of Mrs. A. W. Kime last Thursday afternoon. The subject was "Liberia, Africa," and proved unusually interesting. A program was rendered, the chief feature of which was the "Life and Work of Jacob Kenoly," told in a most pleasing manner by Mrs. D. T. Awbrey. A social hour followed, during which a delicious luncheon was served. Those present were the Mesdames W. A. Hemenway, Alf. Powell, Orville Spear, Lee Roy Woods, Young, Rice Hastings, Sarah Knox, Thompson, J. B. Gross, D. T. Awbrey, W. A. Elkins, Miss Bennett.

### Lorane.

Mr. and Mrs. Leslie Seward of Chicago, touring the coast states, are visiting at the Addison home.

The Misses Martha and Dorothy Andrews of Eugene are spending a few weeks with Misses Della and Laura Jackson.

Miss Jessie Addison has returned from a two weeks outing at Foley Springs.

Among those attending the circus at Cottage Grove Friday were Mrs. Morgan and son Earl, Ben and Gladys Stephenson.

A pleasant social hop was given in the Grange hall Saturday evening. There was a large crowd in attendance and excellent music furnished by the Lorane orchestra.

Mr. and Mrs. John Addison, who are entertaining a house party, gave a family reunion picnic in their spacious park on Sunday. There were thirty relatives present, beside a few intimate friends. Those present were Messrs. and Mesdames John Addison, E. S. Addison, A. H. Addison, George Schneider, Lorane; Mr. and Mrs. F. A. Tripp, Mrs. Fred Wentworth, Eugene; Blaine C. and Misses Jessie and Nettie Addison; Mr. and Mrs. Leslie Seward, Chicago; Misses Mabra and Mary Currins, Heppner, Oregon; Miss Mildred Pringle, Cottage Grove. The grand children were Thaone, Lucile, Hubert, Leland, Clifford and Wilma Addison; Audrey and Dean Wentworth; Pauline, Camille and Marjorie Schneider.

## GIRL IS WINNER IN TAX DEBATE

ELSIE TELFORD DOWNS U'REN ARGUMENTS AT OREGON CITY.

Single Tax to Lead to Anarchy Girl Tells Judges—Farmer Soon But a Tenant—All Agree.

In the very home town of W. B. U'Ren a 17-year-old Oregon City high school girl, debating against Single Tax, defeated absolutely the arguments in favor of the U'Ren scheme outlined by older schoolmates in a recent debate.

Miss Elsie Telford was the tenth grade girl who had charge of the debate against Single Tax and all who heard the argument agreed with the judges, that she won with flying colors, despite the fact that it was the first time that she had ever engaged in a debate.

### Right on Her Side.

Miss Telford declared after the encounter that she was sure of her fight because she had right on her side, while she was equally sure her friends had to debate a cause with which they had no conviction.

Some of Miss Telford's points were most trenchant. Here are some of them:

### Farmer Loses Land.

"In case weather conditions did not favor crops and the landowner was unable to meet his taxes, then either the Government would take the land in payment of the taxes or it would be sold to the highest bidder.

"This would lead to anarchy. "But more—the homeowner would defend his country and not so the tenant. "The hiring will run but

## LOCAL SHOOTERS ARE WINNING

Word was received this morning that the Cottage Grove riflemen have won all competitions at the Clackamas annual shoot, maintaining their previous reputation as champions of the state. They are expected home tomorrow.

the speed. To do away with hgrses and trucks in handling lumber, the company will install what is called the monorail system. It is as the name implies, a one rail system and operates on the same principle as a hay carrier. The carrier contains a small motor, a lifting crane and a cage for the operator and is capable of lifting and transporting a load of 3,000 feet of lumber. The system will touch all parts of the docks, drykilns, planers and flat cars, thus enabling one man to do the work of several with trucks.

When completed and in full operation, the company will employ about 300 men. In using but the one double cut saw, the daily capacity will average one hundred and fifty thousand feet, but it is so constructed that a double mill can be operated and, by working double shift, the capacity can be increased to four hundred thousand. While the most of the machinery in the main mill is installed, yet it will be perhaps the middle of September before it is in operation.

## Hop Pickers Wanted

We will begin picking Sept. first and need 50 more pickers. Those wishing to pick, write at once and we will quit hiring as soon as a sufficient number are registered to keep our kilns going. Crops are very heavy this season and we are going to pay 5% extra to those who stay and pick until the hops are all harvested.

the shepherd will fight. The man with a home will fight for it. The man whose home is owned by the Government, or another, will run."

### Single Tax Unjust Says Girl.

In her opening argument Elsie Telford said that Single Tax is unjust, because all wealth should bear a just and equal share of the expenses of the Government. If all business and the products of labor are exempt from taxation, which they will be under so-called Single Tax, taxes on land values, water powers, natural deposits, etc., will have to be raised accordingly to make up the deficit.

"For the same amount of money as before will be required to run the Government," added Miss Telford.

"The extra tax on water powers and natural deposits will not affect the common man, but the extra tax on land will work a hardship on him.

### Land Taxed, But Not Cash.

"For instance, if a man cuts some wood and raises some potatoes, sells them and takes the money derived therefrom to the bank, Single Tax says his money shall be exempt from taxation—it is the result of the man's labor. "But if he cuts some wood and raises some potatoes, sells them, and invests the money in a few lots for his home, Single Tax says these lots must be taxed. Does not this land still represent the result of this man's labor? His money in the bank is exempt from taxation and is drawing interest as well, but the same amount of labor invested in land is taxed.

### Small Home Owner Hit.

"It is the man with the small home that will not be able to pay the extra tax. The landlord always has a way of making others pay it. The man with a home must get it out of the land and if his crops fail, where is he?"

"Single Tax means the Government as owner of the land and the farmer as tenant. It can mean nothing else."

### EUGENE MAN NOT FOR SCHEME.

J. C. Ayers, of 419 Fourth street, Eugene, is but one of the thousands of people of Oregon who are far from being in sympathy with Single Tax. "We don't want Single Tax here," he says.
