Brief News of the Week

The school census of Chicago, just completed, shows the total number of minors in the city to be 82,516.

According to health officials of various eastern cities, infantile paralysis is being traced to common house cats.

Live beef was sold at the stock yards in Chicago last week at \$10.50 per hundredweight, the highest price on record.

Davenport, Iowa, claims the youngest mother in medical history. She is an 11-year-old girl, who gave birth to a healthy 8 1/2 pound child.

The free lunch has won its fight for an existence in Los Angeles saloons until after the next election, at least, and the ordinance abolishing it will not go into effect September 15.

Railroad men are predicting a shortage of cars for the removal of the enormous crop expected this fall. It is stated that the viable supply of cars is 60,000 short of the expected demand.

A secret vote taken by the Federation of Federations of the railway shop employes on the question of calling a strike in sympathy with the Hariman line employes resulted in the proposition being lost by 451 votes.

Panic reigns in Nicaragua. Managua, the capital, has been fired upon by the rebels and many women and children wounded. The government issued a proclamation warning the people to leave the city and many heeded the advice.

People in the News

Miss Jane Addams is being severely criticised by the sociologists and charity workers for her activity in the Roosevelt cause.

"Tama Jim" Wilson, secretary of agriculture and the oldest man in President Taft's cabinet, recently celebrated his 77th birthday.

The post of adviser to the new republic of China has been offered to William Rockhill, the American ambassador at Constantinople.

John Jacob Astor, the fifth Astor of that name, was born at New York to the widow of Colonel John Jacob Astor, who heroically lost his life on April 14 in the wreck of the Titanic.

William Burke, elected a city councillor in Philadelphia last fall on the reform ticket, has resigned his seat and told how, under the name of Benjamin H. Tripp, he had served a long term in the Massachusetts state prison.

Political News Bits

In a picturesque, spontaneous outburst in the senate on the president's wool tariff veto, Senator La Follette attacked the new progressive party, and swore new allegiance to progressive republicanism.

Chairman Hillis of the national republican committee, has announced the names of the advisory board of the committee. William Barnes, Jr., chairman of the republican state committee of New York, is chairman of the board.

At a mass meeting called to welcome to San Francisco Governor Johnson on the occasion of his return from the progressive party convention in Chicago, the California governor was hailed at the party's logical candidate for president four years hence.

In his testimony before the senate campaign fund investigating committee, ex-Governor Odell stated that E. H. Harriman raised \$240,000 for the campaign of 1904, at the request of Colonel Roosevelt, and turned it over to the republican national committee. Roosevelt denies the statement and intimates that Odell is "dishonest and untruthful."

MUCH LEGISLATION IS ACTED UPON

News From National Capitol Indicates That Both Houses of Congress Are Having Busy Time.

Washington.—Congress acted upon more important legislation the past week than during any one week of the present session. Most of the important work, however, was upset by President Taft, who freely used the veto power. He not only vetoed the wool and steel tariff bills, but returned with disapproval the appropriation bill because of its amendments to abolish the commerce court and limit the tenure of office of civil service employes to seven years.

While the wool and steel bills were overridden by the house, the president was sustained in his veto of the appropriation bill.

Senate Sustains Vetoes.

The senate voted to sustain vetoes of the president on the wool and steel tariff revision bills. On the steel bill, the motion to override the president did not even obtain a majority. On neither measure did the vote approach the necessary two-thirds. Senator Simmons called up the metal bill, which was first disposed of. Without debate a roll call vote was taken and 22 senators voted in favor of overriding the veto. Thirty-eight voted against passage. No republicans voted to pass the bill.

When the vote on the wool bill was taken, 39 senators voted in favor of passing the bill and 36 against it. The following republicans voted with the democrats to override the veto: Senators Bristow, Clapp, Crawford, La Follette, Polk, Dexter, and Works.

After a short debate, the house re-passed the vetoed appropriation bill still carrying the provision to abolish the commerce court, but lacking the provision to limit the tenure of office of civil service employes to seven years.

Canal Bill Passed.

The Panama canal bill, as agreed upon by conferees of the senate and house, was passed by the house again by a viva voce vote. The bill also passed the senate, and was sent to the president for his signature.

As sent to the president the bill contains all of the compromise provisions, giving free tolls to American coastwise shipping, barring the canal to trust owned or railroad owned vessels and fixing minimum tolls at \$1.25 per ton. It also places shipbuilding material on the free list.

President Taft sent a special message to congress suggesting the passage of legislation which would permit American ships to travel the canal toll free, and which would also allow foreign nations to test the legality of this provision by suits in the United States courts.

Settlers Given Better Terms.

President Taft has signed the act, approved by the secretary of the interior, which will enable settlers on reclamation projects to obtain patents and water right certificates upon the completion of three years' residence required under the homestead law.

Under this law settlers on irrigation projects will be able to acquire a marketable title within the prescribed period in advance of full payment of the building charge. Heretofore, patents for lands within government reclamation projects could not be issued until the building charges had been paid in full.

National Capital Brevities.

The bill creating a commission on industrial relations to investigate labor conditions and the relations of employers and employes, is now a law.

The house voted down, 130 to 79, a proposal by Representative Foss of Illinois, republican, for two battleships in the pending naval appropriation bill.

Because of the large sum of money used in his election, the house has seated Representative Catlin of Missouri and seated Patrick F. Gill, his democratic opponent.

Among the diplomatic nominations sent to the senate Friday by President Taft was that of Harry F. Nolan of Washington state, a rancher, to be secretary of the legation at Panama.

The senate has passed a bill placing at the disposal of Luther Burbank 12 sections of semi-arid land for the propagation of spineless cacti. If the land proves suitable it will be sold to him for \$1.50 an acre.

Finding no ground of compromise between the house and senate bill, conferees on the sugar tariff measure have reported a disagreement. This action is expected to mark the end of sugar tariff consideration at this session.

The senate has passed the house cotton bill by a vote of 36 to 19. A substitute measure by Senator La Follette was defeated, 46 to 14. As passed by the senate, an amendment was carried recalling all of the Canadian reciprocity act except the wool pulp and print paper provision.

CRISIS REACHED BY CHINESE REPUBLIC

Pekin Correspondent Says Brutal Execution Marks Turning Point in the Life of New Government of Orient.

London.—The execution of Chang Chen Wu by Chinese government officials is compared by the Peking correspondent of the Daily Telegraph to Napoleon's shooting of the Duc d'Enghien, at Vincennes, in 1804, and what followed. It is the turning point, the writer asserts, in the life of the Chinese republic. The correspondent continues:

"President Yuan Shi Kai, alarmed at the outcry, is publishing Vice-president Li Yuan Hung's telegrams in order to fasten the blame on that official and, fearing assassination, surrounds himself by troops. According to Chinese newspapers the execution was carried out in a fiendish manner."

Pekin.—The Chinese national assembly, after a stormy meeting, resolved by 59 votes against 11 to present a petition to President Yuan Shi Kai for a further explanation of the evidence on which General Chang Chen Wu and General Aeng Wei, who were members of Dr. Sun Yat Sen's party, were seized and summarily executed.

The petition sets forth five of the charges which the government had stated in a manifesto had been proved and then adds rebutting comment. It requests President Yuan to answer within three days and says if his reply is unsatisfactory the national assembly will summon him to explain in person. If his personal explanation should prove unsatisfactory, then the house will impeach President Yuan or the whole Chinese government.

REDMOND OFFICIALS RESIGN

Marshall and Mayor of Oregon Town Obey Governor.

Salem, Or.—Governor West has won in his fight at Redmond. The city council has accepted the resignation not only of Mayor H. F. Jones but of Marshall McClay.

This will mean that the Governor's prospective raid on Redmond with the militia will be unnecessary. He had planned to take a squad of the National guard personally into Redmond Wednesday if the resignation was not accepted by the council.

Mayor L. C. Edwards, of Sumpter, sent notification that the saloons of Sumpter were closed all day Sunday. Governor West forwarded a telegram to W. J. Woods, Justice of the Peace at Huntington, demanding his resignation immediately. Woods promptly resigned.

PROGRESSIVES COMPROMISE

Washington State Convention Given Power Regardless of Primary.

Seattle.—After three times reversing themselves, members of the Progressive party campaign committee compromised with the Spokane delegation, decided to make it optional with each county organization whether or not local tickets are to be named; granted authority to the state convention, which will be called to meet in Seattle September 10, to seat county delegations irrespective of whether or not preferential primaries are held, but still adhered to the requirement that a preferential primary vote should be binding upon the delegates from the voting unit.

There were ten counties represented in the meeting by committeemen and 16 others who were present by proxy.

WILL VOTE ON COMMISSION

Special Election Ordered to Decide on Charter Change.

Spokane, Wash.—The preemptory writ of mandate to compel the city commissioners of Spokane to call immediately a special election for submission to the voters of charter amendments abolishing the commission form of government was granted by Judge Webster, of the superior court. The writ was asked by T. C. Cooper and other signers of a petition for a charter election. Among other changes the charter amendments would provide a government by a mayor and ten councilmen.

The commissioners had refused to call a special election on the ground that it was contrary to the provisions of the state law and that the amendments only could be submitted at a regular city election.

Roosevelt's Western Itinerary Given.

New York.—Progressive headquarters have announced the itinerary of a trip to be made by Colonel Roosevelt to the Pacific coast, starting from New York September 2. He will speak at scores of cities along his route and will make the following stops: Spokane, September 8; Seattle and Tacoma, September 10 and 11; Portland, September 12.

CHAS. A. BECKER

Charles A. Becker, New York police official arrested for alleged complicity in the sensational Rosenthal murder.

FILM MONOPOLY ASSERTED

Government Declares Moving Picture Patent Company Controls Business.

Philadelphia.—Declaring that ten concerns control from 70 to 80 per cent of the moving picture business of the country, in which more than \$100,000,000 is invested, directly and indirectly, the United States government filed suit here to dissolve the Moving-Picture Patents company, on the ground that it is a monopoly in restraint of trade.

The suit has a novel feature, as it squarely asks for a judicial decision of the relation of that statute to the patent laws. The suit will test the right of corporations and individuals to join their respective patent monopolies into one big monopoly through combinations and agreements.

3000 Die in Quakes.

Constantinople.—An appalling story of suffering and damage caused by the recent earthquake in the region about the Sea of Marmora was told by the members of the expedition dispatched to the stricken district on board the United States gunboat Scorpion, guardship at Constantinople, which returned here. The number of killed in the various towns and villages is placed at 3000 and injured 6000.

Mothers' Pension Urged in Ohio.

Columbus, Ohio.—A special committee appointed by Governor Harmon to investigate and recommend revisions in the state laws affecting children, has reported, recommending the establishment of a pension system for widowed mothers, compulsory medical inspection of school children and change in the laws governing institutions for the care of children.

DARROW ACQUITTED OF JURY BRIBING

Los Angeles.—Clarence S. Darrow, the noted Chicago lawyer, was found not guilty of the charge of bribing a juror in the McNamara case. The jury was out just 34 minutes. Three ballots were taken by the jury.

The courtroom scene which followed the reading of the verdict, just 34 minutes after the jury had retired, was one that had no parallel in the court annals of this city. Jurors whose phlegmatic countenances had given no hint of their feelings throughout the three months and more which elapsed since the trial began, embraced the man they had tried and with tears running down their cheeks declared it was the happiest day of their lives.

Court officials, including Judge Hutton and the half dozen bailiffs, joined in the congratulations, and Mrs. Darrow, to whom the trial was a continuous nervous strain, stood speechlessly happy, with one hand in her husband's and with the other wringing those of the jurors.
