EXPOSE IS PROMISED

United States' Course in Nicaragua Criticised by General.

New Orleans.—Sensational revelations touching the recent intervention of the United States in Nicaragua are promised by General Juan Leets, who arrived here from Salvador to appear before the senate committee, which will investigate revolutionary affairs in Nicaragua.

General Leets comes here prepared to submit to the senate committee official documents and private correspondence between United States and Nicaraguan officials.

General Leets said the attitude of the state department in the Nicaraguan embroglio and the use of American marines to suppress the revolt is resented in every Central American country. He said that unless the senate takes action to counteract the anti-American feeling, a propaganda favoring a boycott against all commodities from the United States will sweep every Latin American country.

Washington Shingle Mills Close.

Seattle.—Shingle manufacturers of western Washington played a trump card in the fight now on for control of the market, when they closed about 75 per cent of the mills for an indefinite period. The manufacturers want to demonstrate to the eastern trade that they have the situation well in hand, and that any attempts to break the price of shingles will be resisted.

LETTERS FROM T. R. TO HARRIMAN READ

Washington.—All the correspondence between Colonel Roosevelt and the late Edward H. Harriman covering the period from Mr. Roosevelt's succession to the office of president in 1901 until Mr. Harriman's difference with him in 1906, was placed in evidence before the senate committee investigating campaign expenditures.

C. C. Tegethoff, now agent for the Harriman estate and former private secretary to Mr. Harriman, and Chas. A. Peabody, president of the Mutual Life Insurance company and personal attorney for Mrs. Harriman in the administration of the estate, both testified that Mr. Harriman had told them the raising of the big campaign fund had been undertaken at Mr. Roosevelt's request, a statement which Mr. Harriman made before his death, but which was denied by Roosevelt.

Other than the file of letters, no documentary evidence was offered and out of the many letters, none was produced except that written by Mr. Harriman to Sidney Webster January 2, 1906, that in any way bore upon the charge that President Roosevelt had asked the railroad man to raise funds.

24-HOUR STRIKE IS MARKED BY RIOTS

Demonstration is Called Off, Pending Procedure of Labor Leaders' Trial.

Lawrence, Mass.—A demonstration strike against the imprisonment of labor leaders took place here Monday. After hand-to-hand clashes between rioters and police lasting all day, the demonstration was declared off by the Industrial Workers of the World.

The strike was called for 24 hours in protest against the imprisonment of Joseph J. Ettor, Arturo Giovannitti and Joseph Caruso, whose trial in connection with the death of Anna Lopizzo opened Monday in Salem. Seven thousand of the 25,000 operatives in the cotton and woolen mills here obeyed the call, forcing out 5000 others through the closing down of departments.

At a mass meeting late in the day the workers were told to go back to work, ready to come out again at the call of the Industrial Workers, if the leaders are not satisfied with the progress of the trial.

Lawrence, Mass.—Police and paraders fought with knives and clubs Sunday before a demonstration by members of the Industrial Workers of the World. Two officers were stabbed, several demonstrators were clubbed, and an Industrial Worker leader was captured after a hard fight and then freed. Two arrests were made.

Talesmen Excused in Murder Trials.

Salem, Mass.—Of one hundred and six talesmen who were examined by Judge Quinn in the superior court here for jury duty in the murder trial of Joseph J. Ettor, Arturo Giovannitti and Joseph Caruso, growing out of the Lawrence strike last winter, only two were accepted. The majority were excused when they told the court they had formed or expressed an opinion.

WAR PREPARATIONS RUSHED

Spark Only Needed to Set All of Southeastern Europe Aflame.

London.—The Balkan difficulties have developed with alarming rapidity to a point where only a spark is needed to set the whole of southeastern Europe aflame. Three of the Balkan states by common consent have ordered the simultaneous mobilization of their armies and are making every preparation for immediate hostilities.

Two possible explanations are offered, the first that a coalition of the Balkan states exists for the purpose of demanding from Turkey before she has time to conclude peace with Italy, the grant of complete autonomy to the Macedonia provinces; the second that, fearing Turkey will seek an issue from her difficulties at home and abroad, in war, they are preparing themselves for a possible attack.

Everything seems to depend on whether the great powers will be able to bring sufficient pressure to bear to prevent the outbreak of hostilities and preserve the status quo in the Balkans.

100,000 Score Home Rule.

Liverpool.—A great gathering in Shell Park took place Monday to protest against home rule. The assembly numbered not less than 100,000 who arrived in thre processions. Enthusiasm was unbounded.

400 to Testify in Dynamite Cases.

Indianapolis.—More than 400 witnesses have been subpenaed for the trial of the 51 labor leaders placed on trial in the federal court here Tuesday, charged with dynamiting and conspiring to transport dynamite across state lines.

TWO ARMY AVIATORS KILLED

Commissioned Officer Takes Enlisted Man as Passenger.

Washington.—Two more lives were sacrificed to aviation at the United States army aviation field, College Park, Md., near here, when an army aeroplane fell 35 feet to the ground, instantly killing Corporal Frank S. Scott and so seriously injuring Second Lieutenant Lewis C. Rockwell that he died later.

Hundreds of persons, including fellow army officers attached to the aviation school, witnessed the tragic accident. When they reached the scene Corporal Scott was found dead several feet from the wrecked machine, while Lieutenant Rockwell was near by, fatally injured.

Lieutenant Rockwell had started up with Corporal Scott as a passenger to make a test flight in his trial for a military aviator's license.

TAFT POLICY IS UNCHANGED

President Will Not be Influenced by Senate Committee Report.

Beverly, Mass.—The report of the senate committee which is investigating the Madero and Orozco rebellions will not influence President Taft in his policy towards that country. The published reports that have reached the president here that the committee would report in favor of intervention have been read with great care by the president, but will not change his attitude.

Mr. Taft is not prepared to call congress in extra session to pass upon the need for intervention, and he told his callers that he had no present intention of doing so. He made it clear to friends that intervention is just as far away today as it was then—it is not a probability, but not an impossibility.
