There is a foul-mouthed, indecent element in the city of Portland nightly insulting the decent, law-abiding citizens and openly reviling the flag. They have sent representatives to surrounding towns and in the name of free speech denounce the efforts to remove them from the streets. In the name of our wives and children we ask your support and Vote for No. 370, Voters' Pamphlet.

### The Boycott and Picket

The employers of Oregon are not slave drivers, as is claimed by those who live by the sweat of their poor deluded victims. This fact is self-evident in any part of the state. The boycott and the picket are the representatives of a low order of intelligence, seeking by fear and the bludgeon to force a bad cause. Remove the system by a Vote for No. 368. See
