## OREGON NEWS NOTES OF GENERAL INTEREST

### Events Occurring Throughout the State During the Past Week.

**Fine Dairy Herds to Stock State.**  
Pendleton.—Between 2000 and 3000 of the finest blood dairy cattle will be shipped into eastern Oregon each year if the plans unfolded here by W. S. Jensen, of the Jensen Creamery company, mature. He has organized the Pioneer Livestock company, with himself as president and W. W. Armstrong, president of the National Copper bank of Salt Lake, as secretary. The new company will be capitalized at \$100,000 and will send men into the dairy states of the east to gather the best cattle that can be brought to the intermountain country.

**Jar Discharges Shotgun in Buggy Hillsboro.**—Mrs. Peterson, a young woman living near Connell station, on the United Railway, was brought to the Delta drug store in Hillsboro with her right arm nearly torn from the body by a gunshot wound. With her husband she was driving near the city on her way home, with a loaded shotgun resting on the seat between them. As the buggy dropped into a deep rut the gun slipped from its place and when caught by Mrs. Peterson, was discharged, the load of heavy shot entering the forearm and tearing away the elbow.

### RULES TO BE CHANGED

**Veterans on Pension List May Leave Home.**  
Salem.—Replying to a letter directed to him by Congressman Hawley, in which he declares that an act passed by congress on May 11, 1912, providing for an increase of pension for veterans of the Mexican and Civil wars, may under the present rules of the soldiers' home compel many of them to leave the place, Governor West says that he will make favorable recommendation to the legislature for a change of the rules.

The rules of the soldiers' home are based on the act of 1907, which provides a maximum pension of \$20 a month for veterans of the Mexican and Civil wars, and whenever the pension exceeds that it is the rule that they cannot longer remain at the home. The act of May, 1912, fixes the maximum pension at \$30 a month, and most of the inmates of the home will be entitled to a pension in excess of \$20, and, therefore, not entitled to remain at the home. The legislature makes the rules for the home.

### Helvetia Cutoff Due in Six Months

Orengo.—In about six months the new branch line, connecting the Oregon Electric line through here with the United Railway company's line at Helvetia, will be completed. A force of about 100 men and 250 teams is at work on the right of way.

### BIG BOND ISSUES DEFEATED

**Electric Franchise is Victorious; both Charters are Defeated.**  
Portland.—An unexpectedly large vote cast Saturday at the special city election, resulted in the defeat of both forms of commission charter, all of the bond issues proposed, including the public markets measure; salary increases sought; left the police under civil service by a large majority and carried down with the general avalanche the proposition to create the office of city prosecutor.

The one outstanding favorable vote was that for the Northwestern Electric company, which was granted a franchise to sell heat, light and power in Portland by an overwhelming majority.

### Boy Drops Gun, is Killed

The Dalles.—Wilson Kinersly, aged 15, was instantly killed by the discharge of a shotgun. With two companions, Kinersly was returning from hunting, and about a mile from town stepped into a boat on the slough to row home. In entering the boat he dropped the gun, when both charges exploded and entered the boy's chest.

### Car Repair Shops to Rise in Eugene

Eugene.—The Oregon Electric Railway company has let the contract for erection of a building for car repair shops in this city. A large amount of machinery will be installed in the building as soon as completed and all car repair work on the line will be done here.

### Oregon Apples Sent to Germany

Glendale.—A. Hendricksen, of the Sunny Slope orchards, near this city, shipped a few days ago, two boxes each of Newtown Pippins, Red Cheek Pippins and Spitzenberg apples to Dresden, Germany, for exhibition there.

### HARVESTER PROFIT LARGE

**Witness Says McCormick Company Made \$25,000,000 in Five Years.**  
Chicago.—William N. Racy, controller of the International Harvester company, recalled to the stand in the government's dissolution suit against the alleged combination, to submit reports of the appraisals made of the property of the consolidated companies before the merger, stated the physical value of the plants as reported by the appraisers were as follows:  
McCormick Harvesting Machine company, \$39,668,157; Deering Harvester company, \$27,237,197; Warder Bushnell & Glessner, \$4,637,498; Planc company, \$3,468,667.

The figures showed that the profits of the McCormick Harvesting Machine company for the five years prior to the consolidation aggregated \$25,000,000, or 1000 per cent on a capitalization of \$2,500,000. The profits of the Deering Harvester company were shown to be nearly as large.

### Six Born in 13 Months

Franklin, Pa.—Six children in a little over 13 months is the remarkable birth record in the family of Stephen Nagotte, of Frenchtown. Mrs. Nagotte has borne 15 children in 12 years and 13 of them are living.

On September 10, 1911, she gave birth to triplets, two girls and a boy and this week three sturdy boys arrived, 13 months and three weeks after the other trio.

### CAR SHORTAGE IS MENACE TO NATION

Washington.—A serious car shortage threatens the country and so alarming is the outlook that the interstate commerce commission has thought it wise to serve notice upon both the railroads and the shippers that drastic measures will be adopted unless there is co-operation all along the line to render an available car supply effective in meeting the demands of trade. Coal famine is one of the menacing conditions.

The commission announces to those railroads which have fallen into the practice of "renting" cars to connecting lines, instead of maintaining an adequate supply of their own, that the daily rental price of cars will be materially advanced unless cars are promptly returned to the lines owning them.

## CONSTANTINOPLE IN STATE OF PANIC

### Crime Almost Unchecked; Outbreak by Moslem Fanatics is Feared.

Constantinople.—The porte has applied to the powers for mediation with a view to the cessation of hostilities, and for the negotiation of peace. Application has been made to the embassies here and by circular to the Ottoman representatives in the European capitals.  
Constantinople is in a fever of excitement over the alarming reports from the field of battle.  
Foreigners and natives are suffering from tension caused by the series of military disasters, and, although the city is in a state of siege, crime in some quarters is unchecked.  
Many families are leaving the city. The people fear first an outbreak of Moslem fanaticism by the turbulent elements of the lower classes, and secondly, a rising in hordes of maddened soldiers who are being driven by the Bulgarians to make their last stand a few miles outside of Constantinople and then perhaps to fall back on the capital.

London.—In the note to Turkish ambassadors abroad, the Turkish government maintains that although embarrassing, affairs are not desperate and when the allies had completed mobilization Turkey had barely begun hers.

Up to the present hour there is no sign that anything has come to the Porte's appeal to the powers.

No replies have been received at Constantinople and there is little doubt that when they are received they will embody a declaration to consider the idea of proposing an armistice.

A Constantinople dispatch to the Chronicle, which was received by a. indirect route, says that the situation in the Turkish capital is grave. The hostility to Europeans is increasing and displayed arrogantly.

Some of the workmen's guilds, the dispatch says, boast that they have taken a sacred vow to massacre every Christian should the Bulgarians enter the city. Fanatics have sworn a terrible vengeance on the infidels for Turkish defeat, while in obscure mosques theological students preach incitements to the mob.

### SCHOONER WRECKED; 5 LOST

**Aviator Tries to Rescue Members of Ill-Fated Crew.**  
Marshfield, Or.—Five lives were lost on the Coos Bay bar when the little gasoline schooner Osprey was wrecked and when her captain, refusing to be the only one of the crew saved, leaped to death on the jetty rocks.

Heroic attempts were made to save the men by the tug Roscoe, but without result. The lifesavers were out, but were unable to do anything, as the sea was rolling high, and an airship flight was made twice over the bar by Aviator Christofferson, of Portland, in the hope of locating some of the men, but they had met death so quickly and the waves of the bar had so rapidly accomplished their work of destruction that there was no chance to do anything when the news of the disaster reached this city.

The list of the dead follows: Captain Gus Johnson, of Wedderburn, master of the Osprey; Chester Johnson, of Coquille, engineer of the Osprey; Joe Peitach, of Aberdeen, seaman on the Osprey; Captain H. Jacobson, formerly master of the wrecked Berwick, passenger; Indian Ned Harvey, of Wedderburn, passenger.

### SHERMAN'S BODY IS LAID IN CRYPT

Utica, N. Y.—With simple but impressive ceremonies the body of Vice President Sherman was laid away Saturday afternoon in a crypt within a beautiful mausoleum in Forest Hill Cemetery.

Under a canvas covering that served as a shield against a chill November wind were gathered the Sherman family, President Taft, members of his cabinet, justices of the supreme court, senators and members of the house of representatives and a few intimate friends and business associates of the vice president.

President Taft listened with bowed head and tear-dimmed eyes as Dr. M. W. Stryker, president of Hamilton college, read the brief committal service and Rev. Louis H. Holden, pastor of Christ church, of which Mr. Sherman was a member, offered prayer.

A mixed chorus sang "Good Night" and when a selection by the male chorus had been finished the president gazed a moment at the flower-covered casket and slowly made his way to a waiting automobile, accompanied by ex-Vice President Fairbanks, Attorney General Wickersham and Major Rhoades, his military aide.

Vice President Sherman, who died at his home in Utica, N. Y., and was interred with simple ceremonies, attended by President Taft and many officials.

### RULES ARE CHANGED

**Certain Court Procedure Revised by Supreme Court.**  
Washington.—In promulgating the first revision of the equity rules of federal courts in the last 50 years the supreme court of the United States prohibited the granting of preliminary injunctions without notice and restricted the granting of temporary restraining orders.

The court embodied in the new rule many of the points of the Clayton anti-injunction bill, for which labor leaders have been fighting, which has passed the house and waits in the senate.

Instead of temporary restraining orders being issued without notice upon presentation to a federal judge of the allegations that immediate and irreparable damage is about to be inflicted, the new rule requires that it must be shown by specific facts set forth in affidavits or otherwise that such damage will result.

### Greed for Power Causes Man's Fall

San Francisco.—An ambition to become the moving-picture magnate of the Pacific coast led Wallace J. Pollard, until three weeks ago cashier of the San Francisco office of the International Harvester Company to embezzle \$84,000 of his employers' money, according to Judge Milton Greene, attorney for the harvester company. Pollard was arrested here on the specific charge of having embezzled \$1500 October 3. Judge Greene said Pollard had admitted this peculation and that admissions of other thefts brought the total up to \$84,000.

### Entire Tribe of Indians to Wed

Winnebago, Neb.—The entire tribe of Winnebago Indians has decided to get married. In formal tribal council last week, in which every male on the reservation participated, the Indians voted to forsake the ways of their fathers in the matter of matrimony and to marry in the white man's way. The action is to be retroactive.

Something like 1000 pairs of Indians will stand up and be married at the same time and by the same ceremony.

### 32 States Approve of Income Tax

Washington.—Notification of approval of the proposed income tax amendment to the federal constitution from 32 states are in the hands of Secretary of State Knox. Four states have announced their rejection of the amendment. To become effective it is necessary for 36 states to ratify the measure.

### DEPORT HOOKWORM VICTIMS

**Government Will Not Treat Oriental Immigrants Affected.**  
San Francisco.—Treatment of hookworm by government doctors at the immigration station at Angel Island will cease, and in the future all Orientals entering this port who are affected with the disease will be deported.

Commissioner of Immigration Backus was notified by the department of commerce and labor that the government would no longer treat cases of hookworm, because it has become too burdensome.

Since the immigration authorities at this port first came in contact with the peculiar and deadly disease two years ago, when every ship arriving from the far east was bringing from 20 to 100 Hindus here, more than 5000 cases have been successfully treated at Angel Island by the immigration doctors.

### Salem Elects Steeves for Mayor

Salem, Or.—Dr. B. L. Steeves was elected as next mayor of Salem by a heavy majority over Mayor Louis Lachmund, W. T. Rigdon and Councilman J. D. Waring at the non-partisan primaries here Monday. A majority of all of the votes cast at this primary for any office gives the one securing such majority the office without the necessity of going into the city election.
