WILLIAM SULZER

Congressman William Sulzer, who was elected Governor of New York by the Democrats.

Brief General News.

The annual convention of the American Federation of Labor was called to order in Rochester Monday by President Samuel Gompers. Advices from Washington show that to date the United States has spent the huge sum of \$290,429,339 on the purchasing and construction of the Panama canal. Washington officials have given notice that the time for opening the Roosevelt dam and Salt river irrigation project in Arizona, had been extended to December 1, 1913. Bradstreet's reports that there were more failures last month in the United States than occurred in any October since 1896, although the total liabilities were not so high as in some years.

A corn crop of 3,169,137,000 bushels, or 381,921,000 bushels more than the greatest crop of corn ever before known in any country, according to the November crop report of the federal department of agriculture, will be harvested this year. Delegates representing 70,000 southern women assembled in Washington the first of the week for the annual convention of the United Daughters of the Confederacy. A leading feature of the convention was the laying of the cornerstone for the confederate monument to be erected in the Arlington national cemetery.

Testimony brought out by the California state railroad commission in its investigation of express rates, showed that the Wells Fargo company, on an investment in that state of \$1,116,167, received in two average months a gross revenue of \$1,453,345, which would amount to \$7,720,000 for the 12 months, or a little less than 800 per cent on the capital outstanding. On June 30 last there were 8187 pensioners of Oregon on the federal pension roll, and the total amount paid them in pensions during the fiscal year which ended that date amounted to \$1,346,558. Washington had 10,752 pensioners, who drew \$1,817,748 last year, while the 2375 pensioners in Idaho drew pensions amounting to \$447,103. These facts are brought out in the annual report of the commissioner of pensions, made public.

People in the News

President Taft has issued a proclamation setting aside November 28 as Thanksgiving day. "Father" John Russell, founder of the prohibition party, is dead at his home in Detroit, Mich., aged 90 years. Samuel H. Cramp, head of the widely known shipbuilding firm of that name, is dead at his home in Philadelphia. Declaring that the value of his effects did not exceed \$3,500,000, while his debts aggregated \$8,400,000, Andrew Carnegie will pay no personal property tax to the city of New York this year. Daniel Keifer, treasurer of the Joseph Fels single tax fund, has been indicted by a federal grand jury at Cincinnati, charged with using a frank of Representative George in sending out mail. Commissioner Dennett of the general land office has ruled that the recent legislation reducing to three years the period of residence required on homesteads is operative in Alaska as well as in the United States proper. William Vincent Astor attained his majority Friday and on that day became absolute master of a fortune of about \$82,000,000, consisting of the bulk of the estate left by his father, the late John Jacob Astor, who was a victim of the Titanic disaster. Jack Johnson, the negro prizefighter, was arrested by federal officers in Chicago Thursday night charged with violation of the Mann white slavery act. Tears came to Johnson's eyes as the officers put handcuffs on his wrists. His bonds were fixed at \$30,000. Lucille Cameron, with whose abduction Johnson is charged, was held as a witness in \$15,000 bonds.

NEW YORK WOMEN JOYFUL

15,000 Parade, Cheering Success in Oregon And Other States
New York.—Fifteen thousand cheering and singing women and men celebrated with a brilliant parade in this city the recent addition of four stars to the woman suffrage flag. Through Fifth avenue a stream of flaring vermilion lights flowed for miles, its course guided by ardent "votes for women" enthusiasts from all sections of the country. Each of the ten "suffrage states" was represented by women leaders in the equal suffrage movement there. Four floats and a half dozen gilded chariots featured the parade. Each float and chariot represented one of the 10 suffrage state. Floats representing Kansas, Michigan, Oregon and Arizona, where the right to vote was given women at the recent election, were in front. "Kansas for Liberty" read a transparency, "Michigan for Co-operation," "Oregon for Freedom," and "Arizona for Justice," were other texts.

Michigan Convicts in Plot to Burn

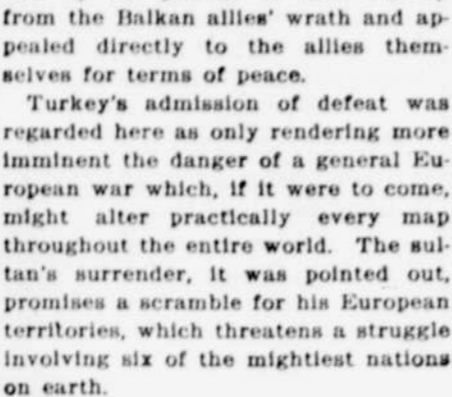

Detroit.—Detective William J. Burns stated that he had obtained eight separate confessions from as many Jackson prison convicts, now held in separate police stations here, that a plot existed among them to burn everything in the prison that could be burned. Big Steel Orders Unfilled
New York.—The unfilled tonnage of the United States Steel Corporation for the month ending October 31 was 7,594,381 tons. This breaks all monthly or quarterly records. The unfilled tonnage for the same month last year was 3,594,328 tons and for September of the present year it was 3,561,507 tons.

MOSLEM LEADER ADMITS DEFEAT

Powers Seek to Avoid Conflict and Work for Acceptable Terms of Settlement.

London.—His throne tottering, the sultan abandoned all hope of intervention by the powers to save Turkey from the Balkan allies' wrath and appealed directly to the allies themselves for terms of peace. Turkey's admission of defeat was regarded here as only rendering more imminent the danger of a general European war which, if it were to come, might alter practically every map throughout the entire world. The sultan's surrender, it was pointed out, promises a scramble for his European territories, which threatens a struggle involving six of the mightiest nations on earth. Title to the Adriatic sea front is the issue over which the great conflict is threatened. Serbia has wanted it for years, and in entering into the campaign against Turkey, risked its national existence to get it. Having won it, the Serbians have been warned that Austria wants the Adriatic opening for itself, and means to have it even if it must take it by force. News that the Ottoman ruler had sued for peace came from several independent sources, all reliable, and was accepted unquestionably here as absolutely authentic. A desperate battle had been in progress for many hours along the last line of Constantinople's defenses. It was persistently rumored that the Bulgarian attacking force was capturing fort after fort and these rumors seemed fully borne out by final announcement that the sultan had begged for terms. There are indications that Bulgaria may forego a triumphal entry into Constantinople. According to some reports Bulgaria will be content with finding suitable winter quarters for her army, while peace negotiations are going on. The question of mediation has made another step forward in the announcement from Paris that the Austrian government has agreed to join with the other powers in transmitting Turkey's request for mediation to the allies and in inquiring on what terms the allies are disposed to accept mediation. The revelation of the danger to European peace lying in the antagonistic interests of Austria and Serbia appears to have quickened the sense of the powers, and probably of the Balkan states also, to the imperative need of working in amicable co-operation to procure a settlement of the Balkan problems acceptable to all. Another factor making for the speedy cessation of the war is the approach of severe winter weather, which would give to the campaign an exceedingly arduous character. The danger of massacre and looting in Constantinople appears to have abated. None of the correspondents of London papers mention it. It is possible that the epidemic of cholera is now causing greater fears, although if the army is driven into the capital no one can foresee what the disorganized soldiers may attempt.

BIG EXHIBIT AT SPOKANE ON

Fifth Great Apple Show Opened Monday With 12 States Represented
Spokane.—The fifth annual apple show opened Monday morning. Nine hundred exhibitors had placed their fruits to the best advantage to catch a slice of the \$15,000 that is to be distributed in cash prizes, and three governors of as many states lent their physical and moral strength to a lusty welcome to Rex Apple V and his subjects. Aside from the tremendous value of the apple show to students of better fruit, there are numerous entertaining features to amuse the people in attendance. One of the novelties was the giant kettle to cook 500 bushels of apples at a time, and the equally astonishing oven, which will bake 2500 apple pies at one cooking. Cincinnati Secures Chance
Chicago.—Frank Chance, former manager of the Chicago Cubs, was released to the Cincinnati Reds, which team he will manage next season. President Murphy announced the price as \$1500, which is the waiver figure. He also said that Joe Tinker probably will remain with the Chicago Cubs.

REPUBLICAN LEADERS CONFERENCE

Des Moines, Iowa.—A movement for the general rehabilitation of the republican party, along progressive lines was launched at a quiet meeting here, attended by Governor Herbert S. Hadley, of Missouri, Senator Albert B. Cummins and W. S. Kenyon of Iowa and local republican leaders, including Charles S. Dawson of the Iowa republican state central committee. A general conference is to be held some time in the near future at a point yet to be selected.

M'MANIGAL NAMES UNION OFFICIALS

Indianapolis.—Graphic stories of how he caused explosions, how he carried dynamite in suitcases on passenger trains and checked the explosive at railway stations without thinking of danger to others; how he waited to place bombs so nightwatchmen would not see him, and how from every city where he blew up a "job" he sent a souvenir spoon home to his wife in Chicago, were related by Ortie E. McManigal on the witness stand in the trial of the 45 accused "dynamite plotters" on trial here. He named Frank C. Webb, New York; Michael J. Young, Boston; Richard P. Houlihan, Chicago; James Cooney, Chicago, and Frank M. Ryan, all officials of the International Association of Bridge and Structural Iron Workers, besides the McNamara brothers, as men who knew he was employed as a dynamiter. Young and Webb actually pointed out nonunion jobs for him to blow up, he said. Hockley, now secretary of the union, he described as the chief of the McNamara dynamiting crew, and said Ryan, president of the union, had spoken to him about an explosion.

DEMOCRATIC VOTE CAUSES CHANGES

Not Only Elect President, But Governors in Many North-ern States.

New York.—The victory of Wilson and Marshall not only gave the democrats the presidency, but resulted in the election of democratic governors in many states heretofore strongly republican. Democratic governors were elected in Illinois, Colorado, Connecticut, Delaware, Indiana, Iowa, Kansas, Massachusetts, Michigan, Missouri, Montana, Nebraska, New York, Ohio and Washington. Governor Hay, of Washington, was defeated for reelection by Ernest Lister, his democratic opponent, and Governor Hawley, of Idaho, also failed of reelection, the voters favoring John M. Haines, the republican candidate. The democrats have both houses of congress. Returns indicate a democratic majority in the lower house of 119 over all opposing strength, and a majority of at least four in the senate. In addition to electing successors to democratic senators now sitting, democrats will displace republicans from Oregon, New Jersey, Kansas, Colorado, Montana, Delaware and Nevada. Massachusetts' vote for Wilson was the first time the Bay state had ever favored other than a republican for president. The hardest hit in the whole election was the loss by President Taft of his own state of Ohio to Wilson by more than 100,000 plurality. The democratic presidential plurality in New York is the largest that state has ever given the party and it is the first time the voters outside of the metropolitan district have given a democratic presidential candidate a plurality. Representative Longworth, son-in-law of Colonel Roosevelt, was defeated for reelection from the First Ohio district by Stanley Bowdler, democrat, by 85 votes and ex-Speaker Joe Cannon was defeated by Frank T. O'Hair, his democratic opponent, receiving a plurality of about 1200. The election added Arizona, Kansas, Oregon and Michigan to the number of states allowing women the right of franchise.
